Tract No. 1

Your well is included in this permit and use is for West one half of Section 20.

License cannot be issued on this portion of permit G - 24323 because a license has already been issued under permit No. G - 23478 for 200 inches from your well and was made appurtenant to the SE $\frac{1}{4}$ and S $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 20. There is no additional water being pumped from this well. If you desire to have water made appurtenant to the West half of Section 20 from this well it can be done by making a legal transfer of same. See Idaho Code 42-108 and 42-222.
