INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

	)	PROVISIONS, <i>NUNC PRO TUNC</i>

A *Partial Decree* was entered for the above-captioned irrigation water right on June 18, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, on June 24, 1999, IDWR filed a *Supplemental Director's Report, Reporting Area 3, IDWR Basin 36, Regarding Revision of Period of Use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this *Supplemental Director's Report*.

THEREFORE, IT IS ORDERED that the period of use element for the irrigation portion of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-15 to 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

Dear Mr. Neibaur:

Your letter requesting information concerning water rights for Section 22, T. 7 S., R. 23 E., S. M. has been received.

Water License No. G-22485 was issued to Warren I. Neibaur for 4.84 c.f.s., priority November 28, 1951, point of diversion SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 22, to irrigate the S $\frac{1}{2}$, Section 22.

Permit No. G-22484, Bruce A. Neibaur, proofs have been made and letter dated May 22, 1957, showed that the certificate of completion of works and water license would be issued upon payment of fees for 4.84 second feet from a well in SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 22, to irrigate N $\frac{1}{2}$, Sec. 22, provided the land list be amended. No further action is shown in our file. Enclosed is a form to amend the land list. Complete the amendment form and return with the total fee of \$22.00 and the certificates will be issued.

Permit No. 20434, issued to Intermountain Securities Corporation, a portion of which was assigned to Neibaur Brothers. Proof of completion of works was issued and legal notice of intention to make proof of beneficial use was published, however the depositions are not in the file. Your assigned portion covered the same wells as under the above rights. A license could not be issued under this permit for the same wells to irrigate the same land.

We hope this is the information you need.

Dear Miss Hollinger:

We have the Report made by our Field Engineer of Proof of Completion of Works and Beneficial Use on Permit No. G-22484. This permit is now entitled to a Certificate of Completion of Works and a License and Certificate of Water Right. However, for the permit and the report to correspond it is necessary that the land list as described on the permit be amended to read as follows: N $\frac{1}{2}$ of Section 22, Township 7 South, Range 23 East B.M. Enclosed is "Application for Amendment".

Upon receipt of the amendment and the statutory fee of \$21.00 we can issue for Mr. Bruce A. Dear Miss Hollinger:

We acknowledge receipt of the depositions of Mr. Neibaur, the holder of the Permit and two witnesses, also affidavit of publication in The Minidoka County News, all submitted in proof of completion of works and beneficial use on Permit No. G-22484.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Neibaur at the time he makes the examination so that arrangements may be made to show him over the grounds.

Sir:

Re: Permit No. G-22484
Bruce A. Neibaur

We have yours of the 8th inst. calling our attention to the error under question (6) of the proof, wherein the lands described to be irrigated is stipulated as the $S\frac{1}{2}$ of Section 22. This is an error on our part, as the lands irrigated from this well are the $N\frac{1}{2}$ of Section 22, T 7 S R 23 E B M

Will you, therefore, kindly correct the proofs to read the " $N\frac{1}{2}$ ", instead of the " $S\frac{1}{2}$ ".

ATTENTION: Eileen Hollinger

Dear Miss Hollinger:

We acknowledge your letter of March 5, 1957, in which was enclosed "Proof of Application of Water To Beneficial Use" made in connection with Permit No. G-22484, in the name of Bruce A. Neibaur.

All questions answered on the proof correspond with the terms of the permit except question (6) which, in answer, has described the lands to be irrigated as being located in the $S\frac{1}{2}$ of Section 22, Township 7 South, Range 23 East B.M. Permit No. G-22484 states that the land which is to be irrigated is in the $N\frac{1}{2}$ of Section 22, Township 7 South, Range 23 East B.M. Provided this well is used to irrigate the $S\frac{1}{2}$ of said section in place of the $N\frac{1}{2}$, it is necessary that the permit be amended to read: Place of use - $S\frac{1}{2}$ of Section 22, Township 7 South, Range 23 East B.M.

We enclose Form No. 12 (Application for Amendment) for the purpose of changing said land description if necessary, to be returned to this department, otherwise, please notify us that correction is needed on the proof to make read " $N\frac{1}{2}$ " instead of " $S\frac{1}{2}$ ".
