NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M., on the 28th day of May, 1956, at Rupert, County of Minidoka, State of Idaho, before Floyd Fruit, Notary Public proof will be submitted of the completion of works for the diversion of 4.8 cubic feet per second of the waters of a well located in the center of the SE $\frac{1}{4}$ and the S $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Section 3, Twp 7 South, Range 24 EBM beginning at the W $\frac{1}{4}$ corner, thence East 1320 feet, thence South 660 feet, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22160 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are CAPITAL COMPANY, Box 242, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.8 cubic feet per second.

3 The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.8 cubic feet per second.

4. The place where said water is used is SW $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 3, Township 7 South, Range 24 EBM.

5. The date of priority which said user is prepared to establish is June 7, 1951.

Water Right 36-02128

Case No. 39576)

ORDER AMENDING IRRIGATION PERIOD OF USE ELEMENT
IN PARTIAL DECREE AND INCORPORATING INTO PARTIAL
DECREE AN EXPRESS STATEMENT REGARDING GENERAL
PROVISIONS, *NUNC PRO TUNC*

A *Partial Decree* was entered for the above-captioned irrigation water right on July 15, 1997. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, IDWR filed a *Supplemental Director's Report, Reporting Area 3, IDWR Basin 36, Regarding Revision of Period of use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this recommendation and the time period for filing objections has now expired.

THEREFORE, IT IS ORDERED that the period of use for the irrigation element of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 03-15 11-15

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court at a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify any subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

Important Information About Your Water Right

August 27, 2001

ACEQUIA INC
PO BOX 226
SUN VALLEY, ID 83353

Dear Water Right Claimant(s):

The reverse side of this letter contains a copy of an *Order Amending Irrigation Period of Use Element in Partial Decree and Incorporating into Partial Decree An Express Statment Regarding General Provisions, Nunc Pro Tunc* (hereinafter "*Order*") for water right number 36-02128. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The Purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This *Order* in combination with the *Partial Decree* that was issued for this water right on July 15, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of the water right. The original of this *Order* and the original of the *Partial Decree* for this water right are on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney
Case Administrator

Mr. Everett Warner, District Manager
Capital Company
901 11th Street
Rupert, Idaho

Dear Mr. Warner:

We have the Reports made by our Field Engineer in your files now in connection with the Permits captioned above. You are entitled to a "Certificate of Completion of Works" and a "License and Certificate of Water Right" for each Permit upon receipt of the statutory fees, (based upon \$5.00 for completion of works and \$2.00 for each 40-acre subdivision for License) itemized and enclosed with this letter.

Before Certificate of Completion of Works and a License can be issued on Permit Nos: G-22164, G-22165, G-22169, G-23807, G-23809, G-23815 and G-23816, it is necessary that you sign and return to this department the amendments to the land list (amendments are attached to corresponding itemized sheet and enclosed with this letter) together with the statutory fees in connection with these seven permits.

If you wish to obtain a Certificate of Completion of Works and a License for all the Permits at this time; the fees amount to \$175.00 for Completion of Works and \$691.00 for License, making a total of \$866.00.

Very truly yours,

MARK R. KARP
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Permit No. G-22160

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Everett Warner, 901 - 11th St., Rupert, Idaho. District Manager
for Capital Company. Postoffice address is Box 619, Rupert, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Capital Company, 1 Powell St., San Francisco, California. I am the
local representative and have authority to appear for Capital Company

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The Permit Number is G-22160 dated June 9, 1951 and date of priority
we propose to establish is June 7, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. A well located in center of the SE $\frac{1}{4}$ and the S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 3, Twp
7 South, Range 24 EBM, beginning at the W $\frac{1}{4}$ corner, thence East 1320 feet;
thence South 660 feet.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is from a well which is 437' deep, cased 7' with 16" casing,
and the water stands at 249 feet. Water is delivered to the land by 160
sprinklers with one opening of 11/64". The water is pumped with a turbine
pump which, according to the curve, delivers 1250 GPM. The operating
pressure is 60#.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate annual crops and alfalfa. The water is
used on the S $\frac{1}{2}$ NW $\frac{1}{4}$ and on the SW $\frac{1}{4}$ of Section 3, Twp 7 South, Range 24 EBM,
a total of 240 acres.

G-22160

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. As stated in answer to question 5.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By assignment

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water from this well has been used, through sprinklers, since 1952, to irrigate annual crops and alfalfa. The full capacity of the pump has been used since 1952.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

Permit No. G-22160

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. MELVIN PARR, Age 35, address, 824 G St., Rupert, Idaho
Farm Manager.

Ques. 2. Are you acquainted with Capital Company, the holder of Permit No. G-22160? How long have you known him and where does he reside?

Ans. Capital Company is a California corporation, licensed to do business in the State of Idaho, with its principal place of business in San Francisco, California

Ques. 3. Have you read or heard read said Permit No. G-22160, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is from a well which is 437' deep, cased 7' with 16" casing, and the water stands at 249 feet. Water is delivered to the land by 160 sprinklers with one opening of 11/64". The water is pumped with a turbine pump which, according to the curve, delivers 1250 GPM. The operating pressure is 60#.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. See answer to question 4.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. See answer to question 4.

G-22160

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate annual crops and alfalfa. The water is used on the S $\frac{1}{2}$ NW $\frac{1}{4}$ and on the SW $\frac{1}{4}$ of Section 3, Twp 7 South, Range 24 EBM - a total of 240 Acres.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is porous, silt loam, rolling in character, and requires full capacity of the pump as stated in answer to question 4.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have personally observed the beneficial use of the water diverted under said Permit since the drilling of the well located on this land.

(Signed)

Malvin Bar

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Payette, County of Blaine, State of Idaho, on this 28 day of May, A. NOTICE OF PUBLICATION
OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 28th day of May,
1956, at Rupert, County of Mini-
doka, State of Idaho, before
Floyd Fruit, Notary Public proof
will be submitted of the comple-
tion of works for the diversion of
4.8 cubic feet per second of the
waters of a well located in the
center of the SE $\frac{1}{4}$ and the S $\frac{1}{2}$ of
the NW $\frac{1}{4}$ of Section 3, Twp 7
South, Range 24 EBM begin-
ning at the W $\frac{1}{4}$ corner, thence
East 1320 feet, thence South 660
feet, and of the application to
beneficial use of said water, in
accordance with the terms and
conditions of Permit No. G-22160
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice ad-
dress of the person or corpora-
tion holding said permit are
CAPITAL COMPANY, Box 242,
Rupert, Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use, in accordance
with the plans accompanying the
application for such permit, is
4.8 cubic feet per second.

3 The use to which said water
has been applied is irrigation
purposes, and the amount appli-
ed to beneficial use is 4.8 cubic
feet per second.

4. The place where said water
is used is SW $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$ of
Section 3, Township 7 South,
Range 24 EBM.

5. The date of priority which
said user is prepared to estab-
lish is June 7, 1951.

BENEFICIAL USE**

Notice is hereby given that at 10 A. M., on the 28th day of May, 1956, at Rupert, County of Minidoka, State of Idaho, before Floyd Fruit, Notary Public proof will be submitted of the completion of works for the diversion of 4.8 cubic feet per second of the waters of a well located in the center of the SE $\frac{1}{4}$ and the S $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Section 3, Twp 7 South, Range 24 EBM beginning at the W $\frac{1}{4}$ corner, thence East 1320 feet, thence South 660 feet, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22160 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are CAPITAL COMPANY, Box 242, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4.8 cubic feet per second.

3 The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.8 cubic feet per second.

4. The place where said water is used is SW $\frac{1}{4}$ and S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 3, Township 7 South, Range 24 EBM.

5. The date of priority which said user is prepared to establish is June 7, 1951.

MARK R. KULP,
State Reclamation Engineer
No. 707 A-1
