INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M., on the 2nd day of December, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Leonard H. Jacob, Notary Public, proof will be submitted of the completion of works for the diversion of 5.60 cubic feet per second of the waters of subterranean source and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21794 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Monogram Farms, Inc., Box 426, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 5.60 cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is 5.60 cubic feet per second.

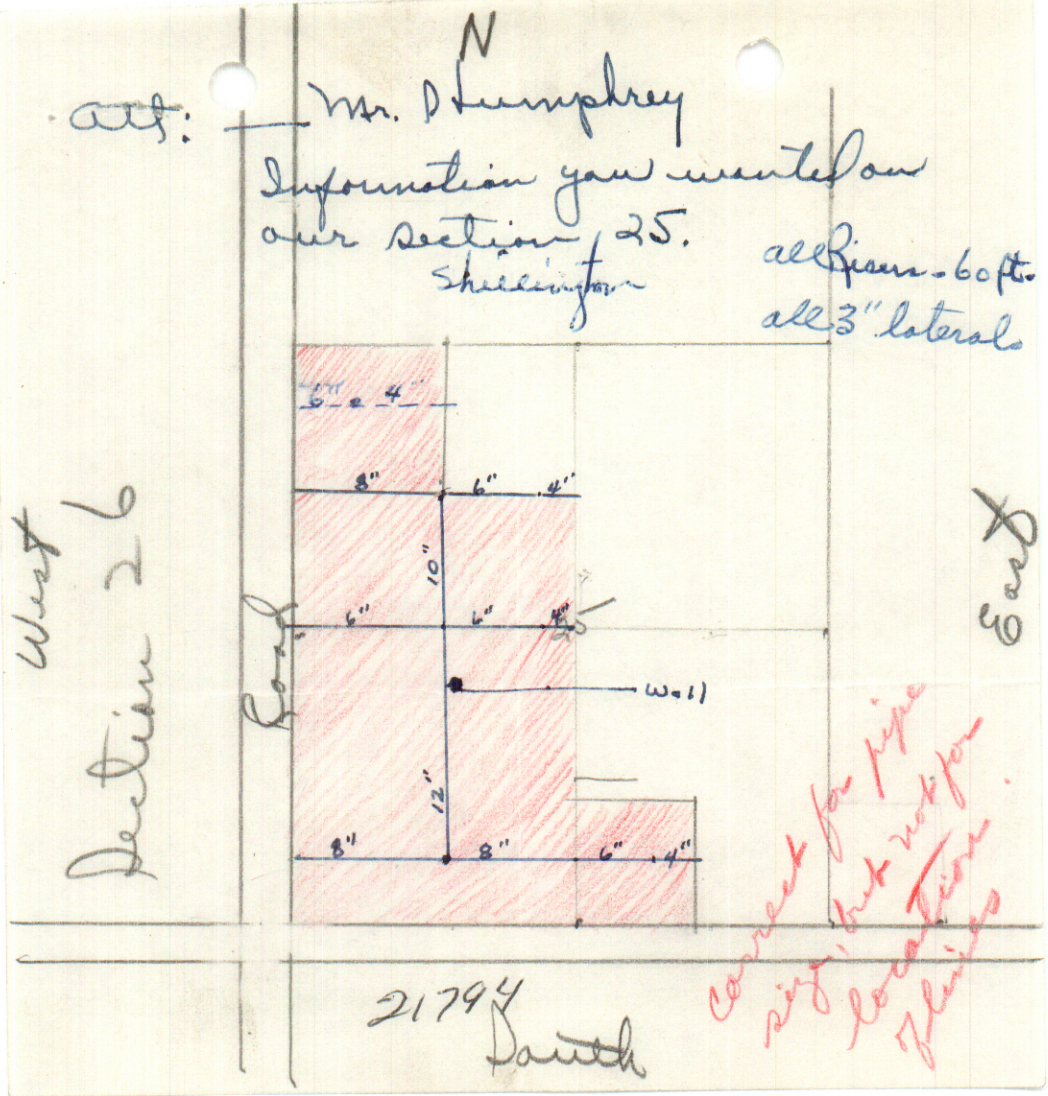

4. The place where said water is used is S½NW, SW¼ and SW¼SE¼ of Sec. 25, Twp. 7 S, R 25 E.B.M., Minidoka County, Idaho, and the well is located in the N½SW¼ of said Section.

5. The date of priority which said user is prepared to establish is November 24, 1950.

S T A T E OF I D A H O
DEPARTMENT OF RECLAMATION

CERTIFICATE OF TRANSFER NO. 1099

THIS IS TO CERTIFY, That W. H. Shillington, Partner, Morgan-Shillington Farms Company, is the owner of and using a certain water right as follows: 4.0 cubic feet per second of the waters of a subterranean source, said water being obtained by virtue of License No. 21794, issued by the State of Idaho, Department of Reclamation, dated December 2, 1955, bearing priority date of November 24, 1950; for the purpose of irrigating the following described lands situate, lying and being in the County of Minidoka, State of Idaho, to-wit:

S½NW¼, SW¼, SW¼SE¼, Sec. 25, T. 7 S, R. 25 E, B.M.;

That said license has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 10 of Licenses at Page 6002;

That said W. H. Shillington, Partner, Morgan-Shillington Farms Company has become the owner of said water right by purchase;

And that now upon the application of W. H. Shillington, Partner, Morgan-Shillington Farms Company, for the transfer of 0.5 cubic feet per second, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, the right to the use of 0.5 cubic feet per second of the waters of a subterranean source upon the above described lands is hereby abandoned and the lands hereafter to be irrigated under such right and to which the right shall become appurtenant by this Certificate are described as follows, to-wit:

NE¼NW¼, Sec. 25, T. 7 S, R. 25 E, B.M.

That said water is to be limited at any given time to an amount actually beneficially used for such purposes and shall not exceed the following amount, to-wit:

0.5 cubic feet per second of the waters of a subterranean source with priority of November 24, 1950;

And the water right hereby transferred has heretofore been conducted through a pipeline with point of diversion in NE¼SW¼, Sec. 25, T. 7 S, R. 25 E, B.M.;

That the water right hereby transferred will hereafter be conducted through a pipoline with point of diversion in NE¼SW¼, Sec. 25, T. 7 S, R. 25 E, B.M.;

That the right to the use of the water aforesaid, hereby described, is restricted to the lands or place of use last above described as provided by the laws of the State of Idaho;

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 10TH day of April, 1968.

Form 20

Application For Transfer of Water Right

RECEIVED
JUN 24 1968
Department of Reclamation

STATE OF IDAHO
County of Minidoka } ss.

W. H. Shillington, Partner, Morgan-Shillington Farms Co., being first duly sworn, deposes and says:

That his name is W. H. Shillington; that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is Box 201, Rupert, Idaho 83350

That he is the owner and using a certain water right, bearing date of priority of 11/24, 19 50, for 4 cubic feet per second of the waters of well County of Minidoka, State of Idaho, decreed to Monogram Farms, Inc. by decree of Judge ..... of the ..... Judicial District of the State of Idaho, in and for the county of ....., in the case of ..... vs. ....., said decree bearing date of ..... (or obtained by virtue of License No. 21794, issued by the State Department of Reclamation of the State of Idaho, dated December 2, 19 55, bearing date of November 24, 19 50) for the purpose of irrigating the following described lands situate, lying and being in Water District No. ..... in the County of Minidoka and State of Idaho, to-wit:

S½NW¼, SW¼, SW¼SE¼, Section 25, Township 7 South - Range 25 East, B.M.

and is the person (or representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i.e. by purchase of Monogram Farms, Inc. by Morgan-Shillington Farms Co. A Partnership as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said ~~stream~~ well in the NE¼SW¼ of Section 25, Township 7 South, Range 25 East, B. M., and conducted to the above described lands through a sprinkler system as per map herewith and of this affidavit made a part.

CHANGE IN PLACE OF USE

That affiant and petitioner desires to abandon the use of .5 cubic feet per second of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of Minidoka and State of Idaho, to-wit:

Township 7 South, Range 25 East, B.M., Section 25, NE¼NW¼

That reasons for desiring to make such transfer are as follows: I have sold this excess .5 cfs to Karin Shillington for use on NE¼NW¼ of Section 25, which is a part of her desert entry, therefore, this water will be used to reclaim desert land.

36 2098

That he intends to divert and convey said .5 second feet of water to the tract of land last above described in the following manner and as per map accompanying this application:

Right-of-way-Deed between Morgan-Shillington Farm Co. and Karin Shillington: A right-of-way from well #3 of the Grantors located in the Northeast Quarter of the Southwest Quarter of Section 25, Township 7 South, Range 25 E. B.M.; thence North across said NE¼SW¼ of said Section 25, Township 7 South, Range 25 E. B.M.; and continuing North across the Southeast Quarter of the Northwest Quarter of said Section, Township and Range approximately 2200 feet to premises of the Grantee described as the Northeast Quarter of the Northwest Quarter in said Section, Township and Range, Minidoka County, Idaho. (This is by pipeline)

Note—If this water right has heretofore been carried jointly in a ditch with other water, affiant should secure written consent of other owners or users to removal from its original carrier and file such consent with this affidavit.

CHANGE IN POINT OF DIVERSION

That affiant desires to change the point of diversion of said waters from the point above described to a point located in ..... ¼ of ..... ¼ of Section....., Township....., Range....., and thereafter conduct same to the above described land through the.....ditch, as per map appended.

That his reasons for desiring to make such change are as follows:.....

.....

.....

.....

.....

Petitioner asserts that no one will be injured by such transfer, or change in point of diversion, and that the change will be made at petitioner's own risk.

WHEREFORE, Affiant and Petitioner prays that the State Reclamation Engineer of the State of Idaho issue to him the proper certificate authorizing such change in point of diversion and/or place of use, in accordance with the provisions of Sections 42-108 and 42-222 of the Idaho Code.

x N. W. Shillington
Applicant.

Subscribed and sworn to before me this 19 day of January, 19 68.

Glen Allen
Notary Public.

APPLICANT WILL ANSWER THE FOLLOWING QUESTIONS:

From what stream is the water diverted? well

Where is the diversion point located? NE¼SW¼, Section 25, T7S-R25E.B.M.

Through what ditch is it now conducted? none

How much land is now irrigated by the water sought to be transferred? none - At 2/3 inch per acre which is the amount necessary with my sprinkler system, I have an excess of 25 inches.

Give the description.

36 2098

What is the total amount of water in inches, or second feet, dedicated to said land? 200 inches - am irrigating 255 acres at 2/3 inch per acre

What kind of crops are being raised? primarily grain, on a portion rotation of 1 year potatoes, 1 year beets, 2 years grain

How much water per acre is now required to irrigate said land? 2/3 inch per acre

What will be the effect on the land now irrigated, if the use of water on it is discontinued? none has to be discontinued, 25 inches in excess under our irrigation system.

Give location of new point of diversion, if change is to be made none

Through what ditch will it be conducted after transfer? none - pipeline

How much water will be required per acre to irrigate the land to which this water is transferred? 5/8 to 1 inch

Do you claim any other water right for the land from which you seek to abandon the use of this water?

If so, give amount, date and source none

Is there any other water right for the land to which you seek to make this transfer? If so, give amount, date and source none

Signed N. W. Shellington
Applicant.

January 8, 1968

Curtis R. Taylor
Assistant Manager - Lands
Bureau of Land Management
Room 334, Federal Building
550 W. Fort Street
Boise, Idaho 83702

Dear Mr. Taylor:

We are in receipt of your letter of January 2, 1968 concerning Desert Entry #014208, Water Permit No. G-29351 and Water License No. 21794.

Permit No. G-29351 has been licensed in two parts. Copies of the licenses are enclosed.

As to your questions concerning the "Water Deed" granted to Karin Lore Shillington, our research indicates that the well in question is covered by Water License No. 21794, licensed for 4.0 cubic feet per second feet per second to irrigate 280 acres of ground. Inasmuch as the NE¼NW¼, sec. 25, T. 7 S, R. 25 E, B.M. is not covered under Water License No. 21794, the only legal means to change the appurtenance of the well in question would be only by means of transfer of Water License No. 21794.

As of this date, we have not received an application for transfer for the well in question. The transfer would require the abandonment of a comperable amount of Water License No. 21794, in favor of the land in the NE¼NW¼, sec. 25. For your use in clarifying this matter, we are enclosing a copy of water license No. 21794.

Please contact us if we may be of further assistance.

Very truly yours,

Donald W. McEldowney
Water Rights Clerk

RE: Permit No. 21794

Mr. Leonard H. Jacob
111 2nd Street West
Twin Falls, Idaho

Dear Mr. Jacob:

We acknowledge receipt of your letter of December 28, 1955, enclosing depositions of G. T. Newcomb, President of the Monogram Farms, Inc., and two witnesses, also Affidavit of Publication in the Minidoka County News all in proof of Completion of Works and Beneficial Use on Permit No. 21794.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will try to contact Mr. Newcomb at the time he makes the examination in order that he may arrange to show him over the ground.

Very truly yours,

NOT OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M., on the 2nd day of December, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Leonard H. Jacob, Notary Public, proof will be submitted of the completion of works for the diversion of 5.60 cubic feet per second of the waters of subterranean source and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21794 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Monogram Farms, Inc., Box 426, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 5.60 cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is 5.60 cubic feet per second.

4. The place where said water is used is S½NW, SW¼ and SW¼SE¼ of Sec. 25, Twp. 7 S, R 25 E.B.M., Minidoka County, Idaho, and the well is located in the N½SW¼ of said Section.

5. The date of priority which said user is prepared to establish is November 24, 1950.

Form 16.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21794

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. G.T. Newcomb of Twin Falls, Idaho. President of Monogram Farms, Inc., a corporation, and owner of retail pump supply.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Monogram Farms, Inc, of Rupert, Idaho. An Idaho Corporation. President of corporation and as such am authorized to give this affidavit

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21794 with date and priority of November 28, 1950.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean source with well located on north-south center line of N½ SW¼ of Sec. 25, T 7S, R 25E.B.M. 1320' E and 1980' N from SW corner of said section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is surfaced by means of a pump driven by a 200 HP electric motor. Water is disbursed by means of a sprinkler system. The well is 300' deep with 203' to water. Hole is 18" and no casing is used. Pump will discharge maximum amount of water to-wit: 5/6 Cubic feet per second. However with use of sprinkler system this is cut down. There are 264 sprinkher heads size 11/64 x 3/32 with operating pressure of 55 lob per head. This will pump 2191.2 gal per minute. Amount determined by pressure and size of sprinkler heads, from chart.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes over the entire S½NW¼, SW¼ and SW¼SE¼ of said Section 25. Entire tract above has been under cultivation, and in 1955 potatoes were raised over the entire 280 acres. Tract had previously been dry farmed before placed under irrigation, and therefore had previously been cleared of sage brush and leveled. Pumping equipment and sprinkler system have been the only recent improvements.

21794

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. No other purpose.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 2191.2 gal per min. is minimum amount of water required.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been applied to the entire 280 acres by means of the sprinkler system, and for the crop seasons of 1953, 1954 and 1955. The present capacity of the system has been in operation for the past three years.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none.

(Sign) G. J. Rowland
President of and for Monogram Farms, Inc.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 2nd day of December, A. D. 19 55.

Leonard Jr.
Notary Public for Idaho
Residing at Twin Falls.

My commission expires May 15, 1956.

21794

Form 17-A

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21794.

Proof of Application of Water to Beneficial Use and Completion of Works

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Rex Greer, age 40, of 1923-11th Ave East, Twin Falls, Idaho. I am a pump and sprinkler system salesman.

Ques. 2. Are you acquainted with Monogram Farms, Inc., the holder of Permit No. 21794? How long have you known him and where does he reside?

Ans. I have been acquainted with Monogram Farms, Inc., for over four years. Its offices are at Rupert and Twin Falls, Idaho. The farm is in Minidoka County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21794, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am acquainted withs its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is procured from subterranean source by means of a pump which is located in the N½SW¼ of Sec. 25, Twp 7 S, R 25 E.B.M. The well is located on approximately on the center north-south line of said N½. Water is dispersed over the S½NW¼, SW¼ and SW¼ SE¼ of said Sec. 25 from said well by means of a sprinkler system.

@ ½ SW¼ of Sec 25.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. By means of the sprinkler system, water in the amount of approximately 4.9 cubic feet per second can safely be conducted. I have seen this much conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump through the sprinkler system pump 4.9 cubic feet per second or approximately 2191.2 gallons per minute. I sell pumping and sprinkler equipment and this amount was ascertained through accurate measurement. The pump pressure (water from pump) plus the number of sprinkler heads which are 11/64 x 3/32 in size will show an accurate amount of water spread by the system.

21794

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes over the entire S½NW¼, SW¼ and SW¼ SE¼ of said Sec. 25. The land has been under cultivation for the past three growing years. The well, pump and sprinkler system constitute the improvements.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is arrid, but conducive to cultivation with proper application of water. The amount now pumped and used over the area is the minimum amount needed.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since I travel the country in which the land involved is located, I have on many occasions during the past three years seen water applied to the land, as well as seen the crops cultivated and harvested. I have also been on the farm on various occasions during the past three years.

(Signed) Roy Greer

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 2nd day of December, A. D. 19 55.

Form 17-A

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21794.

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Kenneth W. Marshall, age 30, of 455 Sophomore Blvd., Twin Falls, Idaho. I am a farm appraiser for The Travelers Insurance Company, and also own and operate two pump irrigated farms in Idaho.

Ques. 2. Are you acquainted with G.T.Newcomb, Pres.ofMonogram Farms, Inc., the holder of Permit No. 21794.? How long have you known him and where does he reside?

Ans. I am and have known Mr. Newcomb for over 5 years, and have been acquained with Monogram Farms, Inc., operations for over 4 years. ~~xxxxxxxxxxxxxxxxxxxxx~~ Monogram farms has offices in Rupert & Twin Falls.

Ques. 3. Have you read or heard read said Permit No. 21794, and are you familiar with its provisions and conditions?

Ans. I have read the same, and am acquainted with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean source with place of diversion approximately on the middle north-south line of the N½ SW¼ of Section 25, Twp 7S, R 25 E.B.M. ~~An electric motor drives a pump for surfacing the water which in turn~~ is conveyed over the S½NW¼ and SW¼ and SW¼SE¼ of said Section 25, by a sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. This system will safely conduct 4.9 cubic feet per second of ~~water to place of use, and I have seen this much so conveyed.~~

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The Travelers made a loan to Monogram Farms, Inc., within the last two years, which loan covered the within described real property. At that time I carefully checked the system, found out the pressure and number of sprinkler heads, and from the chart ascertained that approximately 4.5 cubic feet per second of water was being pumped.

21794

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water was used for irrigation purposes covering rhe S½NW¼, SW¼ and SW¼ SE¼ of said Section 25. All the land has been under cultivation the past three years. As near as I know the digging of the well and installation of the pump and sprinkler system have been the only improvements made.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is arrid in character, but is a portneuf silt loan, very adaptable for the use to which it has been put and readily takes water by means of sprinkler irrigation. 4.9 cu.Ft. per second is minimum.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I travel this area in which the land is situated during all season of the year, and have for more than the past 5 years. I have been on the premises on various occasions during this time and have seen the system in use and crops growing and harvested several times this past three years.

(Signed) Kenneth W. Marshall

State of Idaho

DEPARTMENT OF RECLAMATION

BOISE

September 1, 1955

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Monogram Farms, Inc.
Rupert
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 21794 you are required to complete your diversion works on or before November 28, 1955. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
&
APPLICATION [illegible]
TO BENEFICIAL USE

Notice is hereby given that at 10 A.M., on the 2nd day of December, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Leonard H. Jacob, Notary Public, proof will be submitted of the completion of works for the diversion of 5.60 cubic feet per second of the waters of subterranean source and of the application of beneficial use of said water, in accordance with the terms and conditions of Permit No. 21794 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the claimant of aforesaid holding and permit are Kondgram Farms, Inc., Box 426, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 5.60 cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is 5.60 cubic feet per second.

4. The place where said water is used is S½NW, SW¼ and SW¼SE¼ of Sec. 25, Twp. 7 S, R 25 E.B.M., Minidoka County, Idaho, and the well is located in the N½SW¼ of said Section.

5. The date of priority which said user is prepared to establish is November 24, 1950.

MARK R. KULP
State Reclamation Engineer

No. 588 Nov. 10 - Dec. 1
