APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE
STATE OF IDAHO, No. 16719.

Comes now W. B. Sheldon, and represents to the Commissioner of Reclamation of the State of Idaho:

That he is the owner and holder of Permit to appropriate the public waters of the State of Idaho, No. 16719, and requests that the list of lands to be irrigated as described in said permit be changed to read as follows:

Lots 11 and 12 in Sec. 4-9S-R14 E.B.M.; also, parts of Lots 2 and 5 of Sec. 4 in Township 9 S. of Range 14 E.B.M., described as follows, to-wit: Beginning at a point in the North boundary line of said Section, which said point is 660 feet West from the northeast corner of said Lot 2; thence South on a line parallel with the East boundary of said Lots 2 and 5 to where said line intersects the East boundary line of Lot 12 of said section; thence north-westerly along the West boundary of said Lots 2 and 5 to the northwest corner of said Lot 2; thence East along the North boundary of said Lot 2, to the place of beginning, making a total of 30 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Buhl, this 18th day of May, 1931.

W. B. Sheldon

Date of receipt at office of Department of Reclamation MAY 19, 1931.

APPROVAL OF COMMISSIONER OF RECLAMATION.

I. R. W. Faris, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the public waters of the State of Idaho, No. 16719, This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Gentlemen:

In Section 3, Twp. 9, S. R. 14 E. B. M., Gooding County, Idaho there is a spring known as Brigg's Spring. There may be a small group of springs. The water from these springs flows directly to Snake River.

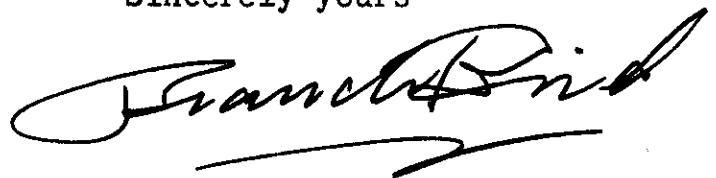

Some nearby land owners think they have some water rights in these springs. The name is Sheldon.

We will appreciate if if you will refer to your records and let us know what they show as to the rights in these waters. We understand the Idaho Power Company has substantial rights.

Thanking you, we are

Sincerely yours

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

July 10, 1931

Dr. W. B. Sheldon

Buhl, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 16719

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 30, 1931, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Buhl before George Layne, notary public.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Re: Permits Nos. 16719-16720

Dr. W. B. Sheldon
Buhl, Idaho

Dear Sir:-

Referring to your letter of the 17th inst. would say th t Form 6 should be used for proof of compl tion of works under Permit No. 16719, inasmuch as the amount of water claimed does not exceed 6.4 second feet. The notices for publication should be used for Permit No. 16720, inasmuch as the amount of water claimed exceeds 6.4 second feet.

Under the provisions of the statutes, where the amount of water claimed does not exceed 6.4 second feet, all that is required for proof of completion of works is the affidavit of holder and fee of \$5.00. Where more than 6.4 second feet is claimed, notice of proof of completion of works is required to be published once a week for four weeks.

Boise, Idaho,
April, 12, 1930.

Dear Sir:—

Under the terms of your permit No. 16719 you are required to complete your diversion works on or before July 20, 1930. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Dear Sir:

Reference is made to your inquiry of August 1 regarding Permits 16718 and 16732.

I do not believe it is essential for the wife to join with the husband in signing an affidavit of permission to file on springs.

Regarding the form of signature which Frank E. Southwick has used in two instances: That is more a legal problem than an engineering question and I suggest that you consult some attorney as to the legality of the two signatures in question.

You should keep the permits, provided they have been signed, approved and recorded in this office, all of which is indicated on the permits.

Dear Sir:- I wish to ask you in regards to permit no/16720 and no. 16719 is it necessary for the wife of the husband to sign the affidavit of permission to file on the springs. Or in other words is it necessary for the wife of Frank E. Southwick to sign her name also. He being the only party who signed these papers. Also when he signed this paper he used his full first name and when he gave me the deed to the land he only signed his first initial. Should he have signed this permission to file the same as the deed to the land that the water will be used on?
