RE: Change of Ownership for Water Rights 36-7364B (split into 36-16186 and 36-16187) and 36-7759 (split into 36-16188 and 36-16189)

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Since the ownership documentation you provided indicated a one-half interest in each of the water rights, the water rights were split accordingly. However, since one-half of the acreage described under the original water rights exceeds the authorized place of use under your ownership, the acreage was limited under your portion of the water rights to 150 acres when combined. The balance of 2 acres would require a transfer application to change the place of use to land under your ownership.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jeff Peppersack, Manager
