WATER RIGHT NO. 36-16008
As Modified by Transfer No. 69822

CONDITIONS OF APPROVAL

3. Rights 36-16008 and 36-8736 when combined shall not exceed a total diversion rate of 0.52 cfs and a total annual maximum diversion volume of 376 af.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
5. Prior to the diversion and use of water under Transfer approval 69306, the right holder shall install and maintain acceptable measuring devices(s), including data logger(s), at the authorized point(s) of diversion, in accordance with Department specifications.
6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
7. The dairy operation authorized under this approval shall comply with applicable county zoning and use ordinances.
8. Use of water under this approval shall comply with applicable water quality standards of the Department of Environmental Quality.
9. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
10. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
11. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
