Jeff,

I didn't hear anything to the contrary from Don, but didn't want to assume that he passed the information on to you either, as I noticed that the shoulder remarks had not been added to the 10K series rights.

Don,

Here is one that split by ownership after the SRBA Supl Decree was issued on 11/27/2001. J. Peppersack split water right 36-86G into 36-15982 and 36-15983 on 12-24-2001, changing the status of 36-86G to Parent. There are no AJ database records for the child rights. The base water right 36-86G did not yet have the shoulder remarks which were included on AJ Rec V2, and thus the child rights also do not have them. AJ Rec V2 has an active status.

My proposal is to add the appropriate remarks and have Doug change the AJ Recommendation V2 for 36-86G to PARENT, and to not include this right on the list for moving to WR. Jeff Peppersack could then make the appropriate changes to the rights in the WR data base, including adding the decree date of 11/27/2001.

If you agree to this method, pls fwd on to Jeff. If you want me to do something different on this end, just let me know.

Vikie
