BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO

IN THE MATTER OF TRANSFER NO.)	
66087 IN THE NAME OF YOUNG &)	PRELIMINARY ORDER CORRECTING
YOUNG PARTNERSHIP)	TRANSFER APPROVAL
_____)	

This matter having come before the Department of Water Resources (Department) as a result of an application for transfer of water rights, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On May 14, 2002, the Department approved Application for Transfer No. 66087 (transfer) changing the place of use under Water Right No. 36-2058B and 59 other water rights diverted from the same points of diversion and used for irrigation of the same lands.
2. Water Right No. 36-2058B as described on pages 8, 9 and 10 of the transfer approval listed 40 points of diversion authorized under the water right. Department review revealed that the transfer approval erroneously listed several points of diversion due to a clerical error. The transfer approval referenced the same list of authorized points of diversion described under Water Right No. 36-2058B for all other rights involved in the transfer.

CONCLUSIONS OF LAW

1. The transfer approval should accurately describe each established water right as changed by the transfer pursuant to Section 42-222, *Idaho Code*.
2. The Department should correct the transfer approval to show the correct points of diversion authorized under Water Right No. 36-2058B and, by reference, all the other water rights involved in the transfer.

ORDER

IT IS HEREBY ORDERED that the authorized points of diversion listed on pages 8 and 9 of the transfer approval for Water Right No. 36-2058B are **CORRECTED** as shown on the amended pages 8 and 9 attached to this order. The correction to Water Right No.

36-2058B will effectively correct the authorized points of diversion for all other rights involved in the transfer.

Dated this 9th day of May, 2003.

BEFORE THE STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF APPLICATION)	
FOR TRANSFER NO. 66087 IN THE)	
NAME OF YOUNG & YOUNG)	PRELIMINARY ORDER
_____)	AMENDING TRANSFER APPROVAL

This matter having come before the Department of Water Resources (Department) as a result of an application for transfer of water rights, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On May 14, 2002, the Department approved Application for Transfer No. 66087 (transfer) changing the place of use under Rights 36-4006, 36-11340 and 58 other water rights diverted from the same point of diversion and used for irrigation of the same lands.
2. Right 36-4006 as described on pages 77 and 78 of the transfer approval document contained the following condition (listed as condition No. 9):

This right is limited to the irrigation of 1,240 acres within the place of use described above in a single irrigation season.

3. Right 36-4006 is an enlargement of Rights 36-2619 and 36-2620 pursuant to Section 42-1426, Idaho Code. This right, when originally filed as a statutory claim, listed irrigation of a total of 640 acres. As an enlargement right, it is limited to the irrigation of 1,240 acres only in combination with Rights 36-2619 and 36-2620. This limitation was correctly stated in condition No. 10.
4. Right 36-11340 is an enlargement of Right 36-7041 pursuant to Section 42-1426, Idaho Code and is described as such on pages 119 and 120 of the transfer approval document.
5. Enlargement rights filed in the Snake River Basin Adjudication typically contain a condition subordinating them to all water rights with a priority date earlier than April 12, 1994 that are not decreed as enlargements.

MICROFILMED
JUN 24 2002

CONCLUSIONS OF LAW

1. Rule 730.02.c of the Idaho Department of Water Resources' Rules of Procedure (IDAPA 37.01.01), authorizes IDWR to review a preliminary order on its own motion.
2. The transfer approval should have contained a subordination condition on both enlargement rights as outlined in Finding of Fact No. 5 above.
3. The transfer approval of Right 36-4006 did not require the condition stated in Finding of Fact No. 2, but rather was correctly described in transfer approval condition No. 10.
4. The Department should amend the transfer approval to remove condition number 9 from the transfer approval describing Right 36-4006.
5. The Department should amend the transfer approval to add a condition subordinating Rights 36-4006 and 36-1130 to all other water rights with a priority date earlier than April 12, 1994 that are not decreed as enlargement rights.

ORDER

IT IS HEREBY ORDERED that the following condition is **ADDED** to the transfer approval of Right 36-11340 and that the language contained in Approval Condition No. 9 for Right 36-4006 on the transfer approval document is hereby **RESCINDED** and is **REPLACED** by the following condition:

This water right is subordinate to all water rights with a priority date earlier than April 12, 1994, that are not decreed as enlargements pursuant to Section 42-1426, Idaho Code. As between water rights decreed as enlargements pursuant to Section 42-1426, Idaho Code, the earlier priority right is the superior right.

See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.
