BILL TO

NOTICE OF APPLICATION FOR WATER PERMIT

The following application has been filed to appropriate the public waters of the State of Idaho:

HUGO GOEDHART &/OR
MARY GOEDHART
610 N 200 E

JEROME ID 83338

Application for Permit No. 36-08774

Source: groundwater (existing development)

Diversion Pt(s): Two points within SW1/4SW1/4, S16, T07S, R17E; Jerome County.

Use: 1/1-12/31

Stockwater (0.20 cfs)

Commercial (0.20 cfs)

Domestic-two homes (0.06 cfs)

Total Diversion: 0.20 cfs

In: SW1/4SW1/4, S16, T07S, R17E; Jerome County.

Date Filed: 03/10/98

The application proposes to divert groundwater from the "Eastern Snake Plain Aquifer" presently under a moratorium order dated April 30th, 1993. The order allows the Director to consider on a case-by-case basis applications; if it can be show the development will have no effect on prior surface and groundwater rights because of its location, insignificant consumption, or mitigation by the applicant to offset injury to other rights. The applicant has submitted material as evidence of pre-1987 development as part of the application. Any protest against the proposed application must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 together with a protest fee of \$25.00 on or before June 8, 1998 to be considered by the Department in its decision to grant or deny any part of the proposed application. The protestant must also send a copy of the protest to the applicant.

RE: WATER RIGHT NO. 36-08774

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED

SEP 22 1999

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

SEP 22 1999

E. NARRATIVE/REMARKS/COMMENTS

Domestic well serves the main home & a nearby mobile home. A separate well serves the dairy barn & corrals. Hoses can be run from the domestic well for stockwater if needed. Lawn irrigation does not exceed 1/2 acre. (both dwellings have lawns).

Dairy has rainbird sprinklers in wash pen - are used only 3 months a year according to Mrs. Goedhart. Dairy program shows total commercial use for permitted animals = 7.3 AFA. License 36-07276 already allows 8.0 AFA for commercial use, so no additional commercial use was developed.

Permit was approved as an existing development for 475 dairy cows & 185 dry stock. Since owner previously submitted data to support these numbers, I did not contact other agencies to verify this. However, the herd ratio has changed to have more dairy cattle & fewer dry stock. A transfer has been filed to cover the additional water needs of this dairy.

Have conditions of permit approval been met? ☒ yes ☐ no

Mr. and Mrs. Hugo Goedhart
610 N. 200 E.
Jerome, Idaho 83338

SUBJECT: Cattle population on your dairy in 1986.

Dear Mr. and Mrs. Goedhart;

As you are aware I became the acting field veterinarian in charge of your herd in 1987 when I moved to Idaho. Since your herd was under quarantine at the time for brucellosis I had numerous occasion to visit your premises. Your question in regard to the numbers present during 1986 therefore required me to try and check records maintained at the Idaho Department of Agriculture. The fact that this was over ten years ago made this search somewhat difficult. The files that could be located indicate that herd tests conducted on July 14, 1986 and again on June, 17, 1986 of your lactating cattle tested in order as presented above, 294 and 335 head. The testing of your close up cattle in July shows an addition 46 head in that stage. No records could be found that show exactly how many animals were also present that fall into the area of a.) dry but not close-ups, b.) Baby calves, either bulls or heifers, c.) Yearling replacement heifers, or d.) Breed test ineligible heifers.

A consultation with Mr. Marvin Patton of the Bureau of Dairying to try and obtain a best estimate of total head that would have been on your premises at that time must take into consideration several factors that at this date are hard to make. Assuming that you were raising your own replacement animals as you were, and assuming that your cull rate was below normal since your major culling was for brucellosis rather than mastitis and other normal reasons, and assuming that your normal calf death rate was about 10 % it becomes quite possible to state that maintaining around 330 head milking mandates having a minimum of 660 head.

Because you were under quarantine at the time I am certain that all animals you had were on this located premises during this time period.

Unfortunately I am not able by directly finding numbers in the records to say you had for certain a specific number of animals on a given day in 1986. I might suggest that two possible sources might give this data to you. One might be bank records of their field man counting head or a report from the creamery field man. Since Pet has gone out of business I am not sure how to get this information if it exists. Also because of the difficulties you experienced with your bank and seeing how poorly they counted animals when I was working there, the counts they have may not be accurate either.

I regret that I can not be more accurate. I can add that based on the management techniques I was familiar with on your farm it is my opinion that you had to have at least 630 head on the farm in order to operate as you were doing.

Sincerely,

Lyn Langford D.V.M.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 36-08774

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's SOUTHERN Regional Office in Twin Falls at (208)736-3033.

Sincerely,

JULIE L. YARBROUGH

Senior Secretary, Water Allocation Bureau

PROOF DUE NOTICE

RE: PERMIT NO. 36-08774

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before October 1, 1998.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 36-08774

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a preliminary order issued by IDWR pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by IDWR unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this right were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Groundwater Protection Section located here at this office or our regional office nearest you.

MICROFILMED

SEP 21 1998

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Sincerely,

for Shelley W. Keen

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED

SEP 21 1998

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

ADDITIONAL INFORMATION:

FROM: Allen Merritt

DATE: July 1, 1998

TO: Application No. 36-08774
In the Name of: Goedhart

SUBJECT: Review and Recommendation

This application is for a pre-1987 dairy development. Included in the file are documents evidencing the dairy being in existence in 1986.

I recommend that the application be approved for a total of 660 (475 milking and 185 dry) dairy cattle with associated dairy barn use; also, 2 domestic homes.

Conditions of approval:

- Limit this permit when combined with 36-07276 to the numbers described above.
- Subject to measuring and reporting of use if requested by the department. (Note that rate less than 0.24 cfs but if combined with 36-07276 total would be 0.24 cfs)
- No new wells authorized or expansion of use beyond pre-1987 development.

BILL TO

NOTICE OF APPLICATION FOR WATER PERMIT

The following application has been filed to appropriate the public waters of the State of Idaho:

HUGO GOEDHART &/OR

MARY GOEDHART

610 N 200 E

JEROME ID 83338

Application for Permit No. 36-08774

Source: groundwater (existing development)

Diversion P1(s): Two points within SW1/4SW1/4, S16, T07S, R17E; Jerome County.

Use: 1/1-12/31

Stockwater (0.20 cfs)

Commercial (0.20 cfs)

Domestic-two homes (0.06 cfs)

Total Diversion: 0.20 cfs

In: SW1/4SW1/4, S16, T07S, R17E; Jerome County.

Date Filed: 03/10/98

The application proposes to divert groundwater from the "Eastern Snake Plain Aquifer" presently under a moratorium order dated April 30th, 1993. The order allows the Director to consider on a case-by-case basis applications; if it can be shown the development will have no effect on prior surface and groundwater rights because of its location, insignificant consumption, or mitigation by the applicant to offset injury to other rights. The applicant has submitted material as evidence of pre-1987 development as part of the application. Any protest against the proposed application must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 together with a protest fee of \$25.00 on or before June 8, 1998 to be considered by the Department in its decision to grant or deny any part of the proposed application. The protestant must also send a copy of the protest to the applicant.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published in your newspaper. We have inserted the required publication dates.

We have attempted to submit this legal as camera ready. Please call me at your earliest convenience and prior to your staff re-typing the legal if it does not meet your specifications so I can possibly make adjustments.

If you cannot publish the notice on the proposed dates, please contact us immediately.

In order to receive payment, an affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

Mary Baldwin
Sr. Secretary

May 8, 1998

Mr. and Mrs. Hugo Goedhart
610 N. 200 E.
Jerome, Idaho 83338

SUBJECT: Cattle population on your dairy in 1986.

Dear Mr. and Mrs. Goedhart;

As you are aware I became the acting field veterinarian in charge of your herd in 1987 when I moved to Idaho. Since your herd was under quarantine at the time for brucellosis I had numerous occasion to visit your premises. Your question in regard to the numbers present during 1986 therefore required me to try and check records maintained at the Idaho Department of Agriculture. The fact that this was over ten years ago made this search somewhat difficult. The files that could be located indicate that herd tests conducted on July 14, 1986 and again on June, 17, 1986 of your lactating cattle tested in order as presented above, 294 and 335 head. The testing of your close up cattle in July shows an addition 46 head in that stage. No records could be found that show exactly how many animals were also present that fall into the area of a.) dry but not close-ups, b.) Baby calves, either bulls or heifers, c.) Yearling replacement heifers, or d.) Breed test ineligible heifers.

A consultation with Mr. Marvin Patton of the Bureau of Dairying to try and obtain a best estimate of total head that would have been on your premises at that time must take into consideration several factors that at this date are hard to make. Assuming that you were raising your own replacement animals as you were, and assuming that your cull rate was below normal since your major culling was for brucellosis rather than mastitis and other normal reasons, and assuming that your normal calf death rate was about 10 % it becomes quite possible to state that maintaining around 330 head milking mandates having a minimum of 660 head.

Because you were under quarantine at the time I am certain that all animals you had were on this located premises during this time period.

Unfortunately I am not able by directly finding numbers in the records to say you had for certain a specific number of animals on a given day in 1986. I might suggest that two possible sources might give this data to you. One might be bank records of their field man counting head or a report from the creamery field man. Since Pet has gone out of business I am not sure how to get this information if it exists. Also because of the difficulties you experienced with your bank and seeing how poorly they counted animals when I was working there, the counts they have may not be accurate either.

I regret that I can not be more accurate. I can add that based on the management techniques I was familiar with on your farm it is my opinion that you had to have at least 630 head on the farm in order to operate as you were doing.

Sincerely,

Lyn Langford D.V.M.

Re: Application for Permit No. 36-08774

Dear Applicants:

Preliminary review of your application indicates that it may qualify for an exception from the Snake River Basin Moratorium on approval of new consumptive-use permits if the **development of your dairy was completed by November 19, 1987**

This office acknowledges that you have submitted documents supporting evidence of the prior development. Note that the application can only be approved for the herd size and/or water usage that existed in 1987; any increases since then would not be exempt from the Moratorium.

Legal advertising of the application has been scheduled to appear in the North Side News for 5/20 & 5/27/98. A period of ten days following the second publication will be allowed for the submittal of protests.

If you have any questions regarding this procedure, please feel free to contact us.

Very truly yours,

RE: App. for Permit Filed 3-10-1998

Dear Mrs. Goedhart;

Based on the evidence of prior development that you submitted last week, we will process the above-referenced application. However, we need additional evidence to support your claim to operating a 600-cow dairy in 1983. Although the data you submitted shows that you were in business before 1985, it does not contain information on actual cow numbers. You may wish to contact the county planning and zoning office, the local brand inspector, or other entities to see if they can provide the requested data.

Regards,

James E. Stanton

or as described on exhibits attached hereto.

C. All goods similar to those described above, which at any time may hereafter be planted or grown on the lands described above, or acquired by the Debtor, including but not limited to, additions and replacements and progeny of livestock, animals and poultry, all products of such property, and replacement equipment and supplies, accessories, parts, additions and accessions now or hereafter affixed or used in connection therewith.

D. The security interest shall also extend to all forest permits and grazing rights granted to Debtor by any governmental agency or other party, and shall include all incentive payments and agricultural subsidies or allowances granted by any governmental agency or other party, whether for the purpose of stimulating Debtor's production of livestock and crops or granted in lieu of raising livestock or planting crops.

E. All proceeds of the sale or other disposition of any of the goods described or referred to above.

2. The security interest granted hereby is to secure payment and performance of the liabilities and obligations of Debtor to Secured Party of every kind and description, direct or indirect, absolute or contingent, due or to become due, now existing or hereafter arising (all hereinafter called "obligations").

3. DEBTOR HEREBY WARRANTS AND COVENANTS:

3. 01 TITLE. Debtor is competent to enter into the security agreement and is now or, by using the proceeds of loans by the Secured Party, will become the owner of the Collateral free from any adverse lien, security interest or encumbrance.

3. 02 USE. The Debtor is engaged in raising, fattening, grazing or other farming operations. If checked here ☐, the Collateral is being acquired with the proceeds of loans by Secured Party to Debtor.

3. 03 LOCATION OF COLLATERAL. The Collateral will be located in Jerome County, Idaho. Debtor will not remove the Collateral from said state without the written consent of Secured Party.

3. 04 RESIDENCY. Debtor resides or maintains his chief place of business if not an individual in the county set forth above, unless some other county is indicated here:

Jerome County, Idaho

3. 05 PERFECTION OF SECURITY INTEREST. The Debtor agrees to execute and file financing statements and do whatever may be necessary under applicable law to perfect and continue the Secured Party's interest in the Collateral, all at Debtor's expense.

THE TERMS AND CONDITIONS APPEARING ON THE BACK HEREOF ARE PART OF THIS SECURITY AGREEMENT

Signed and delivered to Secured Party on the day and year first above written.

Re: Application for Permit No. 36-08774

Dear Applicants:

Preliminary review of your application indicates that it may qualify for an exception from the Snake River Basin Moratorium on approval of new consumptive-use permits.

If the development of your dairy was completed by November 19, 1987 we can process your application at this time instead of waiting for the Moratorium to be lifted in the future.

In order for processing to proceed, we need additional documents to support your claim of prior development; production records, power records, statements from knowledgeable individuals, etc. may be sufficient.

Note that the application can only be approved for the herd size and/or water usage that existed in 1987; any increases since then would not be exempt from the Moratorium.

We will hold your application pending receipt of the requested documents. If you have any questions, feel free to contact this office.

If you have any questions regarding this procedure, please feel free to contact us.

Very truly yours,

James E. Stanton
Sr. Water Resource Agent

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For ~~Domestic~~ Commercial purposes from Jan 1 to Dec 31 amount 0.04 or 8.0 af.

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 0.04 (cfs) and/or (b) 8.0 (acre feet)

8. Total consumptive use claimed is N/A acre feet per annum.

9. Non-irrigation uses; describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) Stock water & dairy Commercial use. 760 lb Holstein

10. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

11. In which county (ies) are lands listed above as place of use located? Jefferson

12. Do you own the property listed above as place of use? Yes X No _____
If your answer is No, describe in Remarks below the authority you have to claim this water right.

13. Describe any other water rights used at the same place and for the same purposes as described above. _____ or None (X)

14. Remarks:

MICROFILMED

SEP 21 1998

Last Name _____ Ident No. _____

Copies: White -State, Yellow-Claimant

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

WATER RIGHT LICENSE

License of Water Right No. 36-7276 Priority Dec. 5, 1972

Department of Water Resources
Amount = 0.04 cfs

THIS IS TO CERTIFY that

HUGO C. GOEDHART

of Jerome, Idaho

has complied with the terms and conditions of Permit

No. 36-7276

issued pursuant to Application for Permit dated

December 5, 1972

and has submitted proof to the Department of Water Resources on

December 9, 1974

that he has applied water to a beneficial use, an examination by the Department indicates that the works have a capacity for the diversion of 0.04 cfs of water from a ground water source

tributary to _____ and that the permit holder has applied to a beneficial use and established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Commercial (Dairy)	from Jan. 1 to Dec. 31	at 0.04 cfs and	8.0 acre feet
	from _____ to _____	at _____ cfs and	
	from _____ to _____	at _____ cfs and	
(both dates inclusive)			

Subject, however, to the condition that no more than 0.04 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 8.0 acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 16,

Twp. 7 S, Rge. 17 E, B. M.

in the County of Jerome

Description and location of place of use:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
78	17 E	16										X							

Total number of acres irrigated _____

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 5 day of February 19 75.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the court which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from the court (form enclosed); a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part I of the report will contain the director's recommendations as to each water right claimed under state law. Part II of the report will list each federal reserved water right claimed. A number of reports will be prepared; one for each sub-basin or groups of sub-basins in a reporting area in the Snake River Basin. When the report for your reporting area is filed with the court, you will be mailed a notice informing you that the report for your reporting area has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have

claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimants' water rights are described. The notice will tell you where a copy of the full report is available for inspection. The notice will also tell you when and where to file your objection. The notice of filing for each reporting area will be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address to make sure that you receive the notices affecting your water rights that will be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin Water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim, unless the water right meets the criteria for deferral, or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that will be mailed by the department.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
