FINDINGS OF FACT

- MICROFILMED

OCT 22 1937

5. On September 23, 1997, the permit holder submitted a proof of beneficial use statement along with a license examination fee of \$100.00. Additionally, the permit holder submitted power records from September of 1992, which show that the right was in use prior to the permit lapsing. The permit holder further explained that he never was informed that proof was due, probably due to the fact that he moved and did not receive the paperwork.

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used within the authorized development period.

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

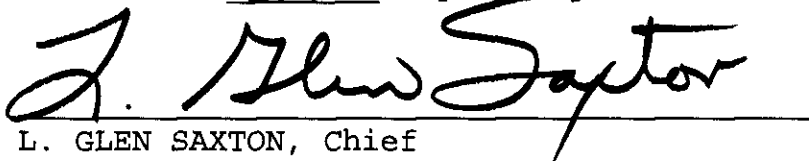

3. The department should reinstate the permit with the date of priority advanced to the date proof of beneficial use and supporting information was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 36-08636 is **REINSTATED**.

IT IS FURTHER ORDERED that the priority date is advanced to September 23, 1997.

Dated this 21st day of September, 1997.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 36-08636

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The department has issued the enclosed order reinstating the permit and advancing the priority date to September 23, 1997, since proof was received after the proof due date of May 2, 1994.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, please contact the **SOUTHERN** Regional Office of the department in Twin Falls at (208) 736-3033.

MEMORANDUM

TO: Jim Johnson
FROM: Dan Nelson and Allen Merritt
DATE: 9-22-97

SUBJECT: late proof of beneficial use for lapsed permit.

Allen asked me to send you all of this information regarding the Vanderham Dairy (Hilltop Dairy). Tim Luke asked me to investigate this dairy since the submitted a reporting form for groundwater measurement for a permit that was lapsed. I went out and spoke with the owner Danny C. Vanderham and he was under the impression that this had been taken care of. I informed him it had not been done and showed him using his records why. He then filled out a proof of beneficial use form and gave me the enclosed documents. Allen told me to send all of this paper work to you. Enclosed is the following documents:

- Receipt for \$ 100.00 proof of beneficial use fee
- Proof of beneficial use form
- Letter explaining why proof was not filed
- Power bill showing barn was in use prior to proof due date
- Change of address form

If you have any questions please contact me at the Southern Office.

Tim,

I went out to Danny Vanderham's dairy today (9-22-97). After explaining the situation to him, Mr. Vanderham gave me all of the paperwork to reinstate his permit (36-08636). I have sent all of this information to Jim Johnson and hopefully it will all be straightened out soon. I told Mr. Vanderham that he would be required to install a measuring device and pay the assessment for the WMD if his license was reinstated. He said that he would not have any problem with that. You might want to talk with Jim Johnson and explain the situation to him. I am available for questions if you can catch me.

I am going to start work on Basin 37 in the next week or so. I have a few wells that I have not seen in Basin 45, But I may just go do them and talk to the owners at a later date.

To whom it may concern -

Enclosed you will find our proof of beneficial use for Hilltop Dairy. Also enclosed is an Idaho Power bill dating back to Sept. 1992 which shows proof of our operation before May 2, 1994.

Our failure to submit proof prior to now is because we were never informed there was a problem. We're not sure who was or is at fault. The only thing we're ~~not~~ sure of is that the address shown on your papers is our previous California address and perhaps we just never received the paper work.

We're trusting now that things will be cleared up and everything is "a-go!"

NOTICE OF PENDING CEASE & DESIST ORDER

Dear Mr. Vanderham,

The records of the Department of Water Resources (Department) show that you are using a well for which the Permit (36-08636) has lapsed. You are in violation by diverting water for dairy use without having a permit. You need to call me about remedying this situation.

Your 1996 annual report for water right 36-02502 was filed in a timely manner, however, the \$25.00 per diversion reporting fee was not enclosed and is delinquent.

If you fail to contact me and/or do not submit to the department at the above address the reporting fee of \$25.00 by July 3, 1997, A NOTICE OF VIOLATION AND CEASE AND DESIST ORDER WILL BE ISSUED. The order will impose an initial monetary penalty of \$500.00 and will require you to cease diverting water until you have complied with the law. Other monetary penalties will be imposed if you divert water after being ordered to cease diverting.

You may contact me by telephone at (208) 327-7864. Your prompt attention to this matter would be appreciated.

Sincerely, .

Tim Luke

LAPSE NOTICE

RE: PERMIT NO. 36-08636

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated February 28, 1994. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

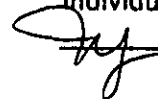

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

L. GLEN SAXTON
Chief, Water Allocation Bureau

PROOF DUE NOTICE

RE: PERMIT NO. 36-08636

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

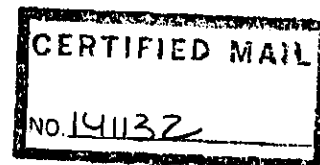

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 36-08636

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under Condition No. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Be sure to note the special condition requiring you to install a measuring device. Enclosed, for your reference, is a list of measuring device options.

Also enclosed is a copy of the approved drilling permit submitted in connection with this water right. There is also an additional \$165.00 due on Drilling Permit No. 36-91-S-178 since its use will now be commercial rather than domestic. Please forward the fee to the attention of Linda Tracy, Resource Protection Section.

Sincerely,

BRENDA MILLER

This Permit is Approved

Date 4-27-92

If approved, this permit authorizes the construction or modification of a well subject to the following conditions. **READ CAREFULLY!**

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

Re: Application for Permit No. 36-08636

Dear Mr. Vanderham:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned the above referenced identification number. Please refer to this number in all further correspondence.

This office will be advertising the application in the Gooding County Leader on 2/5 & 2/12/92. A period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Gary Funderburg
Sr. Water Resource Agent

SUBJECT Drilling Permit 36-91-S-178

This drilling permit was approved for domestic use at the \$35. fee. The well is needed to supply water for dairy construction (under 13,000 gpd) before it is tied into the dairy. The permit needs to be upgraded when the water permit for Danny C. Vanderham is approved. An additional \$165. will be due on ~~this~~ this drilling permit, as the well be one of two wells supplying the large dairy that Mr. Vanderham is building. The drilling application for the second well is part of the water application.

REQUEST FOR EXPEDITED ISSUANCE OF A DRILLING PERMIT

Danny Vanderham, Applicant, requests issuance of a drilling permit prior to approval of a water right to withdraw water from the well.

The request is made for the following reason(s):

Well needs to be drilled before construction of the dairy can be completed.
Construction must be completed by March 1, 1992.

Applicant understands that the drilling permit does not constitute a water right and does not authorize diversion or use of water from the well.

Applicant acknowledges that by accepting a drilling permit and commencing construction he accepts all risk that the well may not ultimately be approved for use.
