Re: Permits No. 36-7254 & 36-7301

Mr. William J. Slade
1700 Dora Avenue
Yuma, Arizona 85364

Dear Mr. Slade:

Upon receipt of your letter of December 5, 1973, we have again reviewed our files in connection with the above referenced permits.

As you may recall, the Department cannot issue a water license in excess of 1 inch per acre, or 0.02 cfs. Therefore, Permit 36-7301 was issued for only 1.12 cfs due to the existence of Permit 36-7254 pertaining to the irrigation of the same land. As originally allowed, Permit 36-7254 proposed to irrigate the 320 acres of land in the $W\frac{1}{2}$ of Sec. 36 from one well in the $SE\frac{1}{4}NW\frac{1}{4}$ of Sec. 36. The field examination revealed that only the $NW\frac{1}{4}$ of Sec. 36 was being irrigated from this well.

The solution to this problem is to amend your permit 36-7254 to include the well located in the $NW\frac{1}{4}SW\frac{1}{4}$ of Sec. 36 so that the irrigation of the $SW\frac{1}{4}$ of Sec. 36 can be included on that proposed license. The license could then be issued for 3.2 cfs of water. You then would have licenses for the diversion of 1 miners inch for each acre of land being irrigated in the $W\frac{1}{2}$ of Sec. 36, Twp. 8 S, Rge. 15 E, B. M.

We are enclosing a partially completed application for amendment for your consideration. Upon receipt of the signed amendment and a \$10.00 filing fee, licenses will be issued as follows:

Permit 36-7254

Quantity: 3.20 cfs

Priority: August 9, 1972

Point of diversion: $SE\frac{1}{4}NW\frac{1}{4}$ and $NW\frac{1}{4}SW\frac{1}{4}$, Sec. 36, Twp. 8 S, Rge. 15 E

Beneficial use: Irrigation of 285 acres within the $W\frac{1}{2}$ of Sec. 36, Twp. 8 S, Rge. 15 E

The maximum quantity diverted shall not exceed 1,140 acre feet per year when combined with License G-24652 (36-2241) and License 36-7301.

Dear Mr. Slade:

One of the conditions of approval of your water Permit No. 36-7254 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
