Gentlemen:

One of the conditions of approval of your water Permit No. 36-7250 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Ms. Sonnichsen:

In reply to the protest that you filed in regard to Application No. 36-7250 of the Reliance Credit Corporation, we must reject the protest filed by you.

In approving or denying an application for permit, Section 42-203, Idaho Code, there are four principle questions that can be considered. They are:

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

The reasons for your protest do not appear to fall within perimeter of these questions. We are not in a power to recognize local zoning ordinances in issuance of permits. If the proposed use is in violation of the local zoning regulations, I would suggest that you take it up with local authorities in Jerome County.

If we can be of further assistance to you, please feel free to call us.

Gentlemen:

Enclosed for your information are copies of three (3) protests which the Department of Water Administration has received in connection with the issuance of a permit for the uses proposed in your application. The department cannot accept any of the protests because the reasons stated in the protest are not valid under the section of the Idaho code pertaining to protests of issuance of permit (Section 420203, Idaho Code).

For your information the following are the principle items that can be considered at a conference and/or hearing in either approving or denying an Application for Permit.

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

Inspite of the fact that the protests are not valid, I thought your organization would be interested in the reaction that we have had to the Applications for Permit.

I WISH TO PROTEST THE GRANTING OF A PERMIT
TO APPROPRIATE WATER FOR COMMERCIAL PURPOSES, TO
THE RELIANCE CREDIT CORPORATION, BOX 108, TWIN FALLS.
(APPLICATION NO. 36-7250 - SW $\frac{1}{4}$ SW $\frac{1}{4}$ SEC 2 T 9S, R 16E, B 14)

I OBJECT ONLY TO THE COMMERCIAL PORTION OF
THIS APPLICATION. MY OBJECTION IS BASED ON THE
FOLLOWING:

- ① I AM A PROPERTY OWNER IN A SUBDIVISION ACROSS
THE STREET FROM THE WELL AS IT IS PRESENTLY
POSITIONED. I OBJECT IN GENERAL TO A COMMERCIAL
ATMOSPHERE BEING INTRODUCED SO CLOSELY WITHIN OUR
RESIDENTIAL SUBDIVISION.
- ② IN TALKING TO THOSE PEOPLE DRILLING THE WELL
I AM TOLD THAT IT IS FOR A DAIRY BARN. BEING
IN A GENERALLY ~~WESTERLY~~ ^{EASTERLY} DIRECTION WE WILL
BE DOWN-WIND FROM HEAVILY CONCENTRATED SHELL
OR SILAGE AND SUCH. THIS AGAIN IS A COMMON
PROBLEM OF COMMERCIAL OPERATIONS IN RESIDENTIAL
AREAS.
- ③ THE AREA IN QUESTION IS JUST ~~DOWN~~ ^{UP} WIND FROM
SOME OF THE BEST VIEW GROUND IN THE ENTIRE
OPEN VALLEY. THIS COMMERCIAL OPERATION, WHICH COULD
EASILY BE LOCATED IN A LESS PRIME RESIDENTIAL

AREA, COULD DESTROY THE POTENTIAL OF THIS DRY KNOLL.
OVER 51 ACRES OF SUBDIVISION NOW EXISTS ON THE KNOLL,
WITH MORE IN THE PLANNING STAGE.

④ I WOULD WANT TO BE VERY SURE THAT MUCH COMMERCIAL
WATER USAGE WOULD NOT EFFECT THE WELLS OF A
RELATIVELY HIGH KNOLL AND A HIGHLY RESIDENTIAL AREA.
THE SUBDIVISION AREA EXISTING AND PLANNED MAY
INVOLVE A SUBSTANTIAL WELL "FIELD" ON AN INDIVIDUAL
RESIDENCE BASIS WHO KNOWS WHAT OPEN COMMERCIAL
WATER USAGE WILL DO TO THE WATER TABLE
IN THIS RESIDENTIAL WELL "FIELD."

RE: Groundwater Application
#36-7250

Dear Sir:

This letter is written as a protest to certain portions of the application for groundwater appropriation as filed by the Reliance Credit Corporation, Twin Falls, Idaho for an area in Section 2 Township 9 Range 16E, Boise Meridian, Jerome County, Idaho.

The application reads that the groundwater appropriation will be used for "commercial, stock water and domestic" use.

This protest is against the word "commercial" in the application and in as much as the property is not now zoned for commercial use, I wish to ask that the application be amended to delete the word "commercial" from the description of the use of the water.

It is my feeling that this application for water should reflect and be consistent with the zoning that is appropriate to the land.

My interest in this stems from my ownership of 160 acres due east of the property for which this application is requested. The legal description of my property is as follows:

E 1/2 SW 1/4 & W 1/2 SW 1/4 section 2 Township 9 Range 16E, Boise Meridian.

This land is a dry land butte above gravity flow and unsuitable for agricultural use. The property due south has been zoned for residential use and this usage is also desirable for my property.

An indiscriminate use of the Reliance Credit Corporation property in the commercial field (i.e. feed yard, stock pens, rendering plant, etc.) would be seriously detrimental to me financially in

7/5/72

the development of my property. While I am not suggesting that at this time adverse developments to their property from my standpoint will be undertaken, I feel the proper procedure is to have the application reflect the way in which it may be used so it is consistent with the zoning of the property.

I most certainly appreciate your consideration of suggested modification to the application in question.

Sincerely yours,

Dr. H. William Hurlebaus
Dean of Institutional Services

Dear Mr. Haynes:

This is to thank you and acknowledge receipt of your letter of July 21st regarding the protests filed with your office in connection with our permit.

While I regret the fact that these people felt strongly enough to file these protests, the substantial investment we have projected and the plans and design which are now in the completion stage should make this a "Show Place". Every effort is being made with this thought in mind so I am somewhat hopeful that when this project is completed, they may feel a little more kindly toward us.

Thank you again for your letter.
