Subject: Ownership change for 65-21670

I had a call from a claimant today, asking about the above referenced number. It was an ownership change, going into the name of Christie Cunnington; however our database shows the name as Cunningham. They have recently divorced, and the husband is going to be submitting another ownership change. He just wanted to be sure our records were correct, so that there were not any questions when he submits his papers.

Can you please pull the file and fix her last name for him ? It would be greatly appreciated.

Thanks

Denise
