NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that
Vernon B. Clinton, Box 58, Ru-
pert, Idaho, has on June 29,
1971, submitted Application No.
36-7188 for a permit to appro-
priate 0.86 cubic feet per second
of water from a ground water
source by means of well within
the center of the NW1/4, Sec.
8, T. 7S, R. 25E, B.M., Mini-
doka County, to be used from
March 1 to Dec. 1 for irriga-
tion purposes within the NW-
1/4, Sec. 8, T. 7S, R. 25E,
B.M.

If issued, this permit will be
subject to all prior water rights.
Protests against the granting of
the permit must be filed with the
Idaho Department of Water Ad-
ministration, Statehouse,
Boise, Idaho, 83707, on or be-
fore August 6, 1971.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, R. Keith Higginson, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 36-07188 with the following;

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.0 afa per acre for the lands above.

Witness my hand this 22nd day of JANUARY, 1992.

Acting for

R. Keith Higginson
R. Keith Higginson, Director

RECEIVED
JAN 27 1992

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT	)	
	)	
NO. 36-7188 IN THE NAME OF	)	ORDER OF REINSTATEMENT
	)	
HARMAN LAND RANCH	)	

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 36-7188 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 36-7188 to appropriate the public waters of the State of Idaho with a proposed priority of JUNE 29, 1971.
2. On APRIL 17, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on JUNE 16, 1986.
3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

RECORDED
FEB 07 1992

4. The license examination fee was received on
MAY 06, 1987, 324 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 36-7188 should be advanced 324 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 36-7188 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 36-7188 is advanced to MAY 19, 1972.

Dated this 2nd day of July, 1991.

RE: LICENSING OF THIS RIGHT

DATE: January 20, 1992

=====

A review of the recommendations made by the adjudication staff for this right show differences of information from the field examination contained in this file in the areas of; rate of flow, acres irrigated and condition language.

It is assumed that the recommendations made by the adjudication staff will be made to the court and will be eventually be decreed. The license issued at this time is supported by the examination contained in the file. The differences reflected in the adjudication recommendations will be supported by data collected under their investigations.

RE: WATER RIGHT NO. 36-07188

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the actual use of water found by a representative of our department at the time of the field examination. The enclosed application for amendment contains this information. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 15 days.

The claim you filed on this right under the ongoing Snake River Basin Adjudication contains the same information that you listed on the original permit. Therefore, you should also amend your claim to match the information on the proposed license. Enclosed for your signature is the Amended Claim form with the license information already listed.

Once I receive the signed amended claim along with the application for amendment of the permit and its fee, the water right license will be issued and your claim to this right will be included in the Director's Report summarizing the water uses in the Snake River Basin. (See the attached table for a summary of the water appropriation process.)

Sincerely,

SHARLA CURTIS

Re: Proof of Application of Water to Beneficial Use for Permits 36-7186,
36-7187, 36-7188, 36-7190 and 36-7191.

Dear Sir;

I have been retained by Mr. R. Harman to check the pumping capacities for wells on the above noted permits. The Aurora Pump Company in Kimberly, Idaho installed the pumps and motors on the wells covered by permits 36-7186 in the Northeast quarter of Section 7, Township 7 South, Range 25 East Boise Meridian, 36-7188 in the Northwest quarter of Section 8, Township 7 South, Range 25 East Boise Meridian and 36-7190 in the Southeast quarter of Section 8, Township 7 South, Range 25 East Boise Meridian.

I have checked the calculations used by Aurora to arrive at the given well capacities. They have used standard engineering procedures and these wells should be producing water at the capacities as indicated on the application for permit forms.

Aurora had not worked on the three remaining wells and it has not been possible to locate the contractor that had installed the pumps on these wells. I have taken flow measurements on the following two wells; 36-7186 in the Northwest quarter of Section 7, Township 7 South, Range 25 East Boise Meridian and 36-7191 in the Southwest quarter of Section 8, Township 7 South, Range 25 East Boise Meridian.

The flow was measured by using the drop in the water stream over a given horizontal distance. These flow capacities were as follows:
36-7186 = 2.55 ft³/sec and 36-7191 = 2.28 ft³/sec.

This method of flow calculations is poor at the best but it does indicate that the well at 36-7186 is producing the amount of water filed on. The pump and motor at 36-7187 was inoperable but was due for servicing by Aurora in the near future.

I hope this information will help in your decision on the Proof of Applications of Water to Beneficial Use.

Very Truly,

E.D. Moon

Department of Water Resources
Southern District Office

Mr. E. D. Moon
708 G. Street
Rupert, Idaho 83350

Dear Mr. Moon:

Your letter of last August indicated that you have been retained by Mr. Harman to check the pumping capacities of the wells listed on the above permits and you indicate this has been done.

However, in order for a water right license to be issued that confirms that a specific quantity of water has been pumped, each of the wells must be measured by a reasonably accurate ($\pm 5\%$) method. The California Pipe Method which you used on the two wells you measured is not considered to be within that degree of accuracy.

We would suggest that perhaps a Cox or Collins flow meter could be temporarily installed and rotated among the wells or perhaps an orifice plate could be installed. There are also commercial type meters such as Annubar that can be moved to the different wells to determine the actual rate of diversion.

We have accepted the proof of beneficial use affidavits for the wells but will delay our field examinations of the projects until we receive your report on the actual pumping rate of each well along with a description of the system as it is being operated.

If you have any questions regarding this matter, please let us know.

Sincerely,

Bobby D. Fleenor

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be on no further force nor effect on June 17, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 17, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 17, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

If you have questions, please contact any office of the Department.

Sincerely,

L. Glen Saxton

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

MAILED

FEB 07 1986

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Gentlemen:

We acknowledge receipt of the affidavits submitted as proof of beneficial use on the above referenced permits.

Before a license can be issued, a field examination must be made by a representative of this Department. However, we will not make the field examinations until we receive more accurate pumping rates of the wells from Mr. E. D. Moon, the professional engineer who measured the wells. At the time we receive those rates, our field examiner will be notified and he will contact you to make the field exam.

If you have any questions regarding the field exam, please contact our Regional Office in Twin Falls.

Sincerely,

A handwritten signature in cursive script, reading "Bobby D. Fleenor", is written over the typed name.

Dear Sir;

I have been retained by Mr. R. Harman to check the pumping capacities for wells on the above noted permits. The Aurora Pump Company in Kimberly, Idaho installed the pumps and motors on the wells covered by permits 36-7186 in the Northeast quarter of Section 7, Township 7 South, Range 25 East Boise Meridian, 36-7188 in the Northwest quarter of Section 8, Township 7 South, Range 25 East Boise Meridian and 36-7190 in the Southeast quarter of Section 8, Township 7 South, Range 25 East Boise Meridian.

I have checked the calculations used by Aurora to arrive at the given well capacities. They have used standard engineering procedures and these wells should be producing water at the capacities as indicated on the application for permit forms.

Aurora had not worked on the three remaining wells and it has not been possible to locate the contractor that had installed the pumps on these wells. I have taken flow measurements on the following two wells; 36-7186 in the Northwest quarter of Section 7, Township 7 South, Range 25 East Boise Meridian and 36-7191 in the Southwest quarter of Section 8, Township 7 South, Range 25 East Boise Meridian.

The flow was measured by using the drop in the water stream over a given horizontal distance. These flow capacities were as follows:
36-7186 = 2.55 ft³/sec and 36-7191 = 2.28 ft³/sec.

This method of flow calculations is poor at the best but it does indicate that the well at 36-7186 is producing the amount of water filed on. The pump and motor at 36-7187 was inoperable but was due for servicing by Aurora in the near future.

I hope this information will help in your decision on the Proof of Applications of Water to Beneficial Use.

Very Truly,

E.D. Moon

Rupert, Id 83350

Dear Mr. Moon:

This will confirm our conversation of 8-18-77.

We have performed work on irrigation pumps owned by Harman Land Ranch, and have personally verified the pumping capacity for wells per Permit #7186-B, 7188, and 7190.

I have also met with you on August 19, and reviewed all of the information on these wells in detail.

If you have any questions, please don't hesitate to contact us.

Sincerely yours

Aurora Pumps

Identification No. _____

Permit No. 36-7188

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

AUG 31 1977

Department of Water Resources

1. a) Name of Permit Holder Harman Land Ranch
b) Post Office Address Route 3 Rupert, Idaho 83350
2. Permit Number 36-7188
3. Date of Priority that you are prepared to establish September 1, 1977 6/29/1971
4. a) Source from which water was appropriated ground water
b) Location of the point of diversion: center of NW 1/4 1/4, Section 8
Township 7 South, Range 25 East Boise Meridian, Other points of diversion: none
5. a) The amount of water and use to which the water has been applied:
Amount 0.86 c.f.s. for irrigation purposes from March 1 to Dec. 1 incl.
(cfs and/or acre-feet per annum) (Month-Day) (Month-Day)
Amount _____ for _____ purposes from _____ to _____ incl.
(cfs and/or acre-feet per annum) (Month-Day) (Month-Day)
Amount _____ for _____ purposes from _____ to _____ incl.
(cfs and/or acre-feet per annum) (Month-Day) (Month-Day)
b) Total amount appropriated 0.86 c.f.s. cfs and/or acre-feet per annum
c) Describe how and by whom measurement of rate of flow or amount of storage was made and the qualifications of the person making the measurement: Aurora Pump Company personnel calculated pumping capacity by standard procedures; their calculations were checked and reviewed by E.D. Moon
6. If the means of diversion and conveyance are owned by someone other than the Permit Holder: Licensed P.E. 2255
Rupert, Idaho
a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use:
N. A.
b) Describe the agreement or understanding by which you take water from the works:
N. A.
7. a) Briefly describe the works for diverting and conveying the water to the place of use, (if from a subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch) Motor size 150 hp, well depth 407'
b) Describe the type and size of measuring device which you have installed at your point of diversion:
none
c) Give well driller's name and address and the date the well was completed:
Completion date 1951
8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use:
N. A.

Exam typed

5/16/78 by [signature]

9. Irrigation uses: describe the lands irrigated by giving the acreages irrigated within each 40 acre subdivision: _____

T	R	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
7S	25E	8					40	40	40	40									160

Total number of acres irrigated 160

10. Remarks: Harman Land Ranch presently holds permit number G-22170 for 2.14 cfs
to irrigate the land described above

The above information is a true statement of the extent to which the above numbered permit has been developed.

Re: Permit No. 36-7186

Harmon Land Ranch
ATTN: Bob Harmon
Route #3
Rupert, ID 83350

Dear Mr. Harmon:

This in reference to our phone conversation concerning Permit No. 36-7186.

In checking this permit we find that you have several others also. Below is a brief status of each:

36-7186	Proof due September 1, 1977
36-7187	Proof due September 1, 1977
36-7188	Proof due September 1, 1977
36-7189	Proof submitted May 18, 1976 Field exam made May 3, 1976 and license is pending
36-7190	Proof due September 1, 1977
36-7191	Proof due September 1, 1977
36-7531	Proof submitted May 18, 1976 Field exam made August 3, 1976 and license is pending

We are enclosing five proof affidavits for your use on Permit Nos. 36-7186, 36-7187, 36-7188, 36-7190, and 36-7191. Please submit the completed proof affidavits on or before September 1, 1977, so these permits may remain in good standing. Also enclosed are copies of these permits for your records.

If you have any wuestions, please contact us.

Sincerely,

JAN GROVER
Water Rights Supervisor

36-7190, 36-7191

Harman Land Ranch
Route 2
Burley, Idaho 83316

Gentlemen:

One of the conditions of approval of your water Permit No. ^{36-7186,}
^{36-7187, 36-7188} 36-7190, 36-7191 (see last
page of your approved permit) was that evidence of the extent of development be sub-
mitted as proof of application of water to beneficial use to this office on or before
September 1, 1977. Enclosed is an affidavit form which must be used to sub-
mit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an
extension of time, you may request an extension of time provided the delay is for rea-
sonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been
prevented from proceeding by a governmental agency or by litigation, more than one
extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be re-
ceived by this Department on or before the above mentioned date, otherwise the permit
will lapse and be of no further force or effect.

Re: Permit No's. 36-7186 thru 36-7191 and 36-7531

Harman Land Ranch
Route 2
Burley, Idaho 83316

Gentlemen:

We acknowledge receipt of the assignment conveying the above referenced permits to you. The assignment has been recorded and the Department's records have been changed.

We also acknowledge receipt of the affidavit submitted as proof of beneficial use for Permit No's. 36-7531 and 36-7189.

Before a license can be issued for these permits, field examinations must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field exam, please contact our Regional Office in Twin Falls, Idaho.

Sincerely,

D. DARLENE REICH

Dear Mr. Clinton:

One of the conditions of approval of the above referenced water permits (see last page of your approved permits) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1972. Enclosed are affidavit forms which must be used to submit the required proof of beneficial use.

If you have not fully completed your projects, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or litigation, more than one extension of time can be granted.

Either the beneficial use affidavits or requests for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Vernon B. Clinton, Box 58, Rupert, Idaho,

has on June 29, 1971, submitted Application No. 36-7188
for a permit to appropriate 0.86 cubic feet per second ~~acre feet per annum~~
of water from a ground water source
by means of well
within the center of the NW¹, Sec. 8, T. 7S, R. 25E, B.M., Minidoka County,

to be used from March 1 to Dec. 1
for irrigation purposes

within the NW¹, Sec. 8, T. 7S, R. 25E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Administration, Statehouse, Boise, Idaho, 83707, on or before August 6, 1971,

R. KEITH HIGGINSON

Director
