WATER RIGHT LICENSE

License of Water Right No. 36-7104 Priority Dec. 10, 1969 Amount 0.30 cfs

THIS IS TO CERTIFY, that Snake River Area Council, Inc.
of Twin Falls, Idaho, has complied with the terms and conditions of Permit
No. 36-7104 issued pursuant to Application for Permit dated October 27, 1969,
and has submitted proof to the Department of Water Administration on September 14, 1973,
(late proof)
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.30 cfs of water from unnamed springs,
tributary to the Snake River, and that the permit holder has applied to a beneficial use &
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Domestic	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.04</u> cfs and	<u>1.2 acre feet</u>
Irrigation	from <u>Feb. 1</u> to <u>Oct. 31</u>	at <u>0.30</u> cfs and	<u>80 acre feet or</u>
	from _____ to _____	at _____ cfs and	<u>4.0 af per acre</u>

(both dates inclusive)

Subject, however, to the condition that no more than 0.30 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
81.2 acre feet per year, said waters to be diverted within Lot # 1 of Sec. 33,
Twp. 8 S, Rge. 14 E, B.M. in the County of Gooding

Description and location of place of use:

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals

Domestic Use:																			
8 S	14 E	33	Lots 1 & 4																
Irrigation Use:																			
8 S	14 E	33	Lot 1																20

Total number of acres irrigated 20

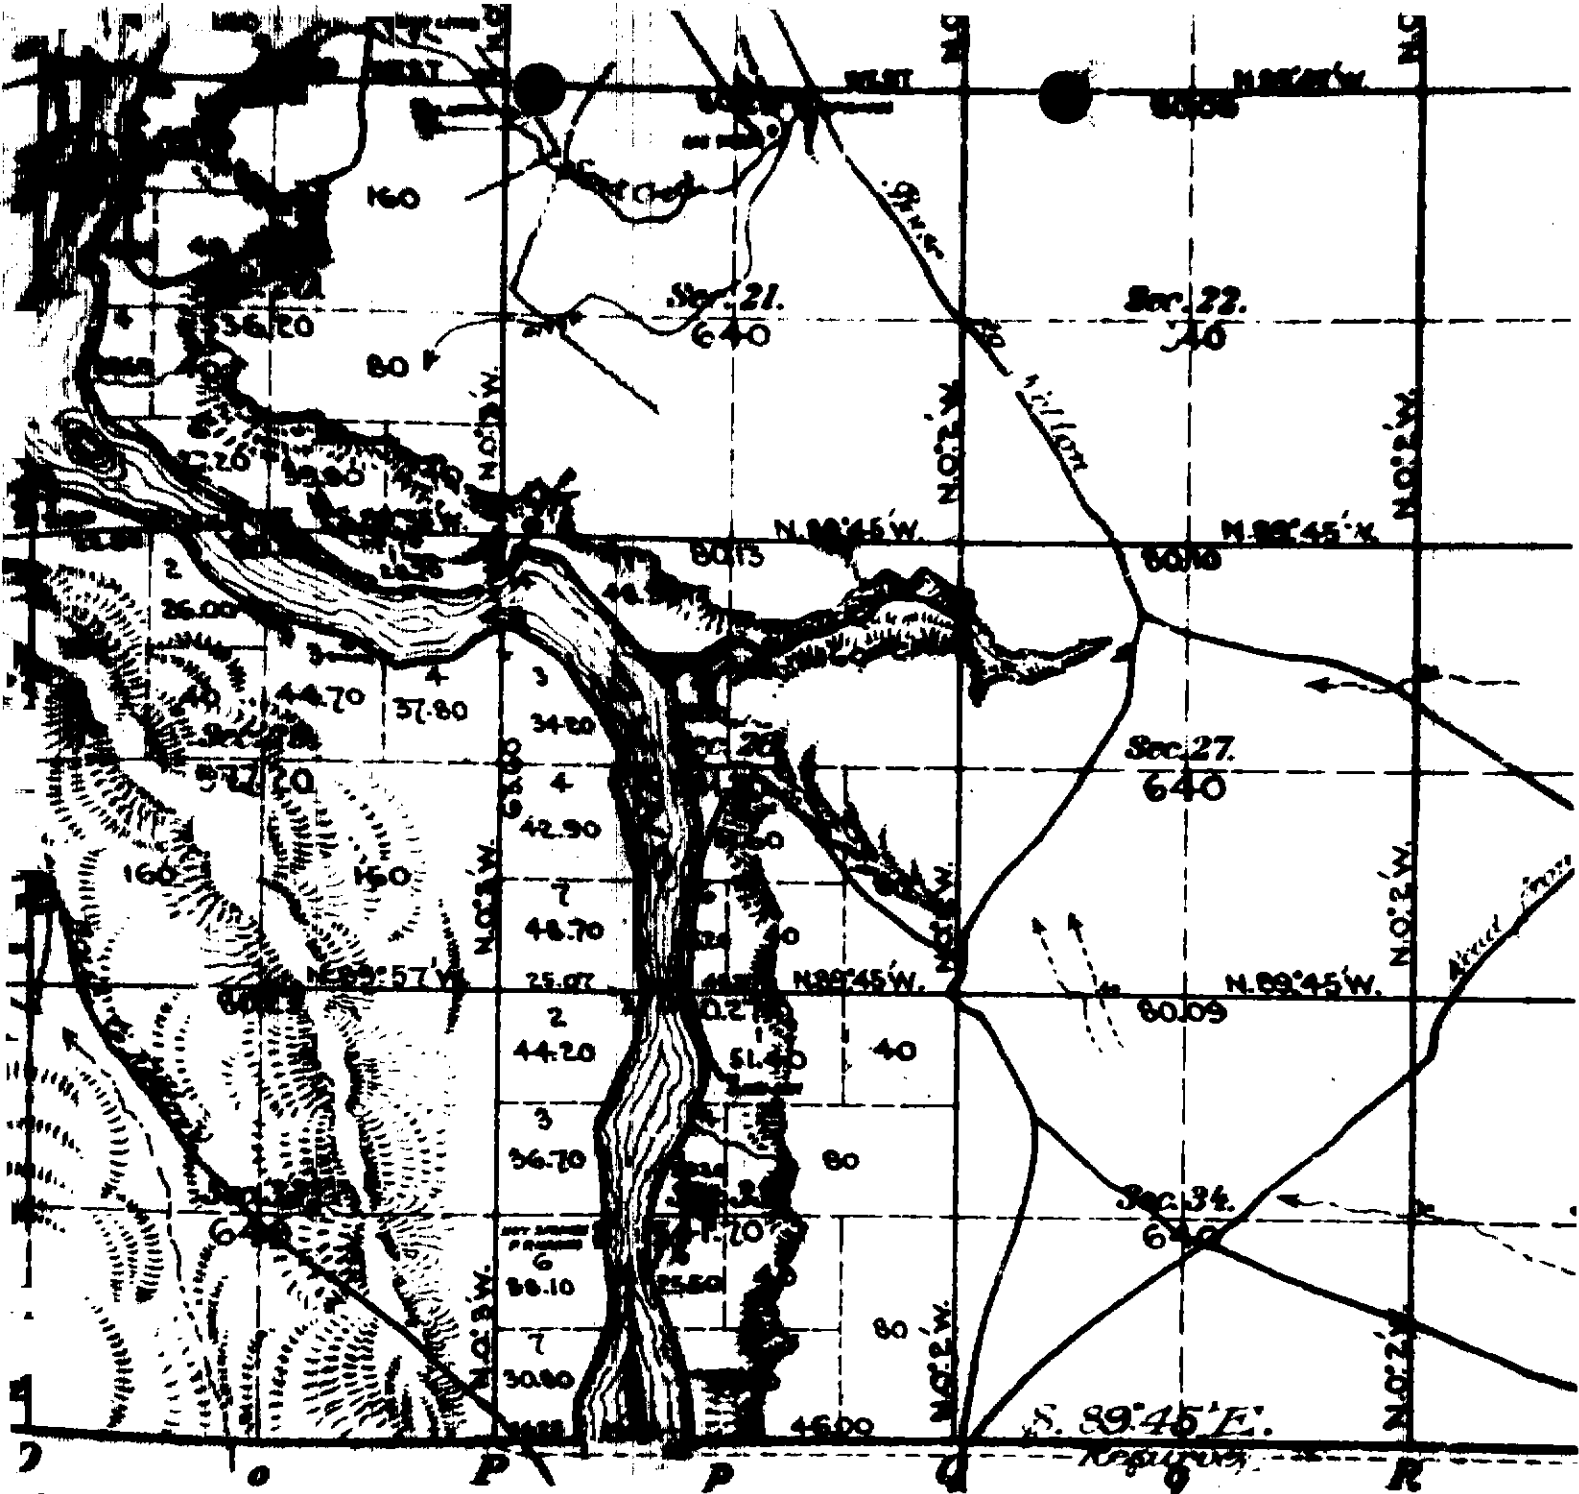

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 17th day of
December, 19 73.

Re: Permit No. 36-7104

Snake River Area Council, Inc.
164 Main Avenue North
Twin Falls, ID 83301

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 36-7104 and has found the following:

Quantity of water diverted: 0.30 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.30 cfs

The maximum quantity diverted shall not exceed 81.2 acre feet per year.

Beneficial use: for irrigation of 20 acres within Lot 1, Sec. 33, Twp. 8 S Rge. 14 E. For domestic purposes within Lots 1 & 4, Sec. 33, Twp. 8 S, Rge. 14 E.

Point of diversion: Lot 1, Sec. 33, Twp. 8 S, Rge. 14 E, B.M.

Priority date established: December 10, 1969

If you do not concur with these findings, please advise us within 10 days; otherwise, license will be issued as set forth in this letter.

We are also enclosing an order for the removal of the measuring device requirement on Permit No. 36-7104.

Sincerely,

BOBBY D. FLEENOR

Council No. 111

November 30, 1973

MR. R. KEITH HIGGINSON
Idaho State Department of Water Administration
Statehouse - Annex 2
Boise, Idaho 83707

DEAR MR. HIGGINSON:

In reference to your normal requirement for a measuring device on utilized spring water.

We request that this requirement be waived at the T. E. Roach Scout camp at Banbury Springs, on the grounds that not enough water flows through the 6-inch supply pipe to warrant the expense of a measuring device.

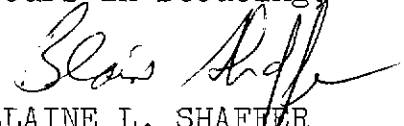

I accompanied the field technician, Gary Funderberg, when he measured pressure and rate of flow. He measured .26 cfs for irrigation and .04 cfs for domestic. This is far less than I believe you meter for.

When means can be found, we expect to extend irrigation to another portion of the camp property. Because of location, a new water source point will probably be required.

I understand that, at that point, a new, separate permit must be filed. No construction or development will be attempted without DWA approval.

Thank you for your consideration of this matter.

Yours in Scouting,

BLAINE L. SHAFER
Council Program Director

Re: Permit No. 36-7104

Snake River Area Council Incorporated
164 Main Avenue North
Twin Falls, Idaho 83301

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order of Reinstatement; please note that the priority has been advanced to December 10, 1969.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

In reference to Permit No. 36-7106, the Department cannot approve an application for extension as it must be submitted on or before the date that proof of beneficial use is due, Section 42-218, Idaho Code. The proof due date on this permit was August 1, 1973. Therefore, we are enclosing an Application for Permit form, for your consideration.

If you have any questions regarding this matter, please contact us.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Re: Permit No. 36-7104

Dear Keith:

Pursuant to our recent telephone conversation concerning the above permit, enclosed is proof of beneficial use signed by Mr. Darl Gleed, the council executive for the Snake River Area Council of the Boy Scouts of America.

With regard to permit number 36-7106 which required proof of application of water to beneficial use on August 1, 1973, I discussed this matter with Mr. Gleed this morning and learned that the dam which was constructed on the council property to make the lake for fishing and boating purposes as anticipated in the permit was washed out by the high-waters in the river in 1971 and since such time the dam has not been rebuilt nor has there been any water retained in the lake other than what has naturally been there in the past.

The lake was filled on the completion of the dam and spillway and created a lake of about five acres. This continued until the high-water washed out the dam in the spring of 1971.

The plans of the council at this time are to work through the army engineers and specifically with the local reserve group of army engineers and rebuild the dam. The water which will be impounded will not be stored in any fashion. The dam will merely raise the level of the lake and the plans call for tubes to be installed in the dam which will allow the water to flow through. The design has been made by the Soil

Mr. R. Keith Higginson

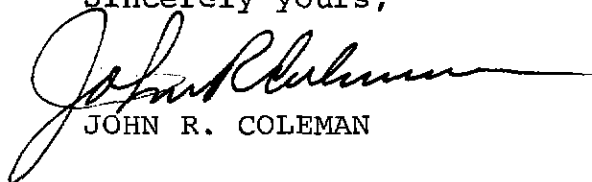

-2-

September 13, 1973

Conservation Service and approval is being obtained from the Department of Fish and Game. If the use anticipated will require approval of your department, the council would like to either extend the time for completion under permit number 36-7106 or apply for a new permit, whichever you deem to be best under the circumstances.

If you desire to discuss this matter with me, please feel free to call me at your earliest convenience.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "John R. Coleman", with a long, sweeping horizontal line extending to the right.

Re: Permit No. 36-7104

Snake River Area Council, Incorporated
164 Main Avenue North
Twin Falls, Idaho 83301

Gentlemen:

One of the conditions of approval of your water Permit No. 36-7104 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gooding, Idaho 83330

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid.

(Signature of the claimant)

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Re: Snake River Area Council

Dear Keith:

With regard to the two filings for water rights for Camp T. E. Roach which I left with you on Friday of last week, I am enclosing the following documents:

- (1) Map marked "A" to be attached to the application for the permit to cover the pond which will be created. Map marked "B" to be attached to the permit for the domestic water system.

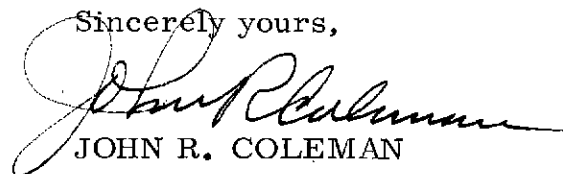

Also enclosed are the following documents:

- (1) Check issued by the council payable to your order in the amount of \$170 to cover the filing fee on the above mentioned applications and to cover the filing fee on the enclosed application which is for the future development of water on the remaining portion of the camp property.

If you have any questions concerning this matter, please feel free to contact me at your convenience.

With best regards.

Sincerely yours,

JOHN R. COLEMAN
