License of Water Right No. 36-7067 Priority July 12, 1969 Amount 1.0 cfs

THIS IS TO CERTIFY, that HAROLD L. HOLTON
of Rupert, Idaho, has complied with the terms and conditions of Permit
No. 36-7067 issued pursuant to Application for Permit dated June 23, 1969,
and has submitted proof to the Department of Water Resources on September 20, 1974 (late proof),
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.11 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Stockwater</u>	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.01</u> cfs and	<u>0.2 acre feet</u>

	from _____ to _____	at _____ cfs and	<u>4.0 af per acre</u>

(both dates inclusive)

Subject, however, to the condition that no more than 1.0 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
390.2 acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 5,

Dear Mr. Holton:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed is an Order of Reinstatement; please note that the priority date has been advanced to July 12, 1969.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions concerning the field exam, please contact our Southern District Office in Twin Falls.

Sincerely,

Dear Mrs. Holton:

We recently received your inquiry concerning the installation of a measuring device on your well.

Measuring devices have been required on all wells which produce more than 0.3 cubic feet per second of water since about 1967.

It appears from the description of your project that a well would be sufficient as a measuring device. Please submit your proof of beneficial use affidavit as soon as the measuring device is installed, or before the September 1, 1974 date.

If you have any further questions, please contact us.

Dear Mr. Higginson

I'm answering your letter in regards to our private irrigation well.

We looked into getting a water meter put on our private well, and were told they were very expensive and also didn't hold up well. I'm sure we would choose installing a weir.

Could you tell me if all private wells will have to have these measuring devices? We have checked with other people and some neighbors that have had wells longer than we have and have not received letters from your department.

Thanking you

Dear Mr. Holton:

One of the conditions of approval of your water Permit No. 36-7067 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
