Dear Mr. Fleenor:

Re: Permits 36-7093
367065
367144
367141

We are in the process of selling our farm property and are somewhat concerned about the attitude of Mr. Steele at the Water Resources office here in Twin Falls. Formerly, Gary Fundeberg took care of our questions. However, after receiving your letter, a copy of which is enclosed, Gary told us that Mr. Steele would send the necessary information to Boise and we would receive the certificates shortly.

We contacted Mr. Steele after learning that no information had been sent to Boise from this office in Twin Falls. He was hostile (Though to my knowledge I had never seen him before). He said he had about 800 affairs to attend to before ours and also that it would be eight months to a year before he could send the necessary information to Boise concerning our permits. He said I might be "Dead or run over by a truck" before he got around to it.

This is information which we thought should come to your attention, considering the urgency of our needs. Thank you for giving this your attention.

Yours very truly,

Dear Mr. Fortner:

One of the conditions of approval of your water Permit No. 36-7064&36-7065 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1974. If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended.
