INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Department of Reclamation

**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that at 12 M., on the 20th day of December, 1954, at Twin Falls, county of Twin Falls, State of Idaho, before Keith Mauritsen, Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of the waters of subterranean and of the application to beneficial use of said water, in accordance with the terms and conditions of permit No. 21908 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are George V. Loynd, 122 8th Ave. East, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The place where said water is used is S $\frac{1}{2}$ Sec. 36 8S, 15 E.B.M., and the well is located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Twp. 8 S., Rge. 15 East B.M. 21908

5. The date of priority which said user is prepared to establish is Feb. 2, 1951.

Dear Mr. Loynd:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Gooding Leader all submitted proof of Beneficial Use on Permit No. 21908.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

RECEIVED
DEC 10 1954
Department of Reclamation

NOTICE OF FIRST OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 12 M., on the 20th day of December, 1954, at Twin Falls, county of Twin Falls, State of Idaho, before Keith Mauritsen, Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of the waters of subterranean and of the application to beneficial use of said water, in accordance with the terms and conditions of permit No. 21908 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are George V. Loynd, 122 8th Ave. East, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The place where said water is used is S1/4 Sec. 36 8S, 15 E.B.M., and the well is located in the SE1/4SE1/4 Section 36, Twp. 3 S., Rge. 15 East B.M. 21908

5. The date of priority which said user is prepared to establish is Feb. 2, 1908.

MARK R. KILPAT, State Reclamation Engineer. 2-5

STATE OF IDAHO }

Permit No. 21908

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. George V. Loynd 122 8th. Ave. E. Twin Falls, Idaho
Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #21908 Feb. 2nd, 1951 Feb. 2nd, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36 8s 15E EM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well & Pump Sprinkler system & ditch 200 cu. in. Well 200'
Casing 10" 165' Depth to water 145' Discharge 200 cu. in.
measured by orifice and pitot tube.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation SE $\frac{1}{4}$ Section 36 8S 15E EM 160 Acres cultivated
Improved to farm land

Place of use is the So. half of Sec. 36 8S 15E EM

21908

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. At least 1 inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. April 10, 1951 Sprinkler & ditch 200 in. Full scale farming
of cultivated crops.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

RE: Permit No. 21908

Mr. George V. Loynd
122 8th Avenue E.
Twin Falls, Idaho

Dear Mr. Loynd:

We return the depositions of yourself and two witnesses submitted in proof of Beneficial Use on Permit No. 21908 for the following reasons.

1. The notice now being published in the Gooding Leader states December 20, 1954, as the date for making these proofs and we cannot accept proofs made at any earlier date.

2. Question 6 of your own deposition and Question 7 of the depositions of your two witnesses describe the place of use as 160 acres in the SE $\frac{1}{4}$ Section 36, but your permit as well as the published notice describe the entire S $\frac{1}{2}$ of Section 36.

3. After the date set for proof you may return corrected depositions together with affidavit of publication which the Gooding Leader was instructed to send you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen:

We have checked the notice on Permit No. 21908 of George V. Loynd appearing in your issue of November 25th and are greatly disappointed to find that you have not made the correction indicated in our letter of November 22nd.

In case you have misplaced this letter the amount as described in the eighth line and also in the next to last line in paragraph three should be 6.4 cubic feet per second and not 200 cubic feet per second. Please make this correction in your subsequent issues and have it show correctly in your affidavit of publication.

This is most important.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 12 M., on the 20th
day of DECEMBER, 1954, at TWIN FALLS, County of

TWIN FALLS, State of Idaho, before KEITH MAURITSEN, Public
Notary

proof will be submitted of the completion of works for the diversion of 200
cubic feet per second of the waters of Subterranean
and of the application to beneficial use of said water, in accordance with
the terms and conditions of Permit No. 21908 heretofore issued by the
Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are GEORGE V. LOYND 128 E. ACE EAST
TWIN FALLS IDAHO

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of conveying
to the place of use, in accordance with the plans accompanying the application
for such permit, is 200 cubic feet per second.

3. The use to which said water has been applied is IRRIGATION
purposes, and the amount applied to beneficial use is
200 cubic feet per second.

4. The place where said water is used is S~~W~~ SECTION 36 8S-15E B.M.
and the well is located in the SE~~1~~SE~~4~~ Section 36, Twp. 8 S., Rge. 15 East B.M.

5. The date of priority which said user is prepared to establish is
FEB 2nd 1951.

RE: Permit No. 21908

Mr. George V. Loynd
122 8th Avenue East
Twin Falls, Idaho

Dear Mr. Loynd:

You evidently misunderstood the procedure in regard to making proof of Completion of Works and Beneficial Use, as before these proofs are made the notice must be published once a week for four weeks in the designated county newspaper.

We, therefore, return the depositions of yourself and two witnesses as they cannot be accepted prior to the above legal publication.

We also return the two copies of the notice in order that they may be completed by setting the time and naming the notary public before whom the depositions are to be made.

The time of course must be set far enough ahead to allow for four weeks publication prior to the date set for proof.

Both copies of form 36 are to be return to this Department and we shall then sent a copy to the newspaper with instructions in regard to publishing.

Thereafter, on the date set for proof, depositions may be executed by yourself and two witnesses.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
