Gentlemen:

We acknowledge receipt of the deposition of the holder, depositions of two witnesses, and affidavit of publication from the Gooding Leader, all in connection with beneficial use proof under Permit No. 19080.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department, but as we have but one field engineer, who makes examinations all over the state, we cannot say just when this examination will be made.

However, Mr. Tolman, field engineer for this department, will try and contact your representative at the time set for examination, in order that he may be shown over the ground.

The statutory fee in connection with this proof is \$2.00, which you may remit at your convenience.

Very truly yours,
