APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

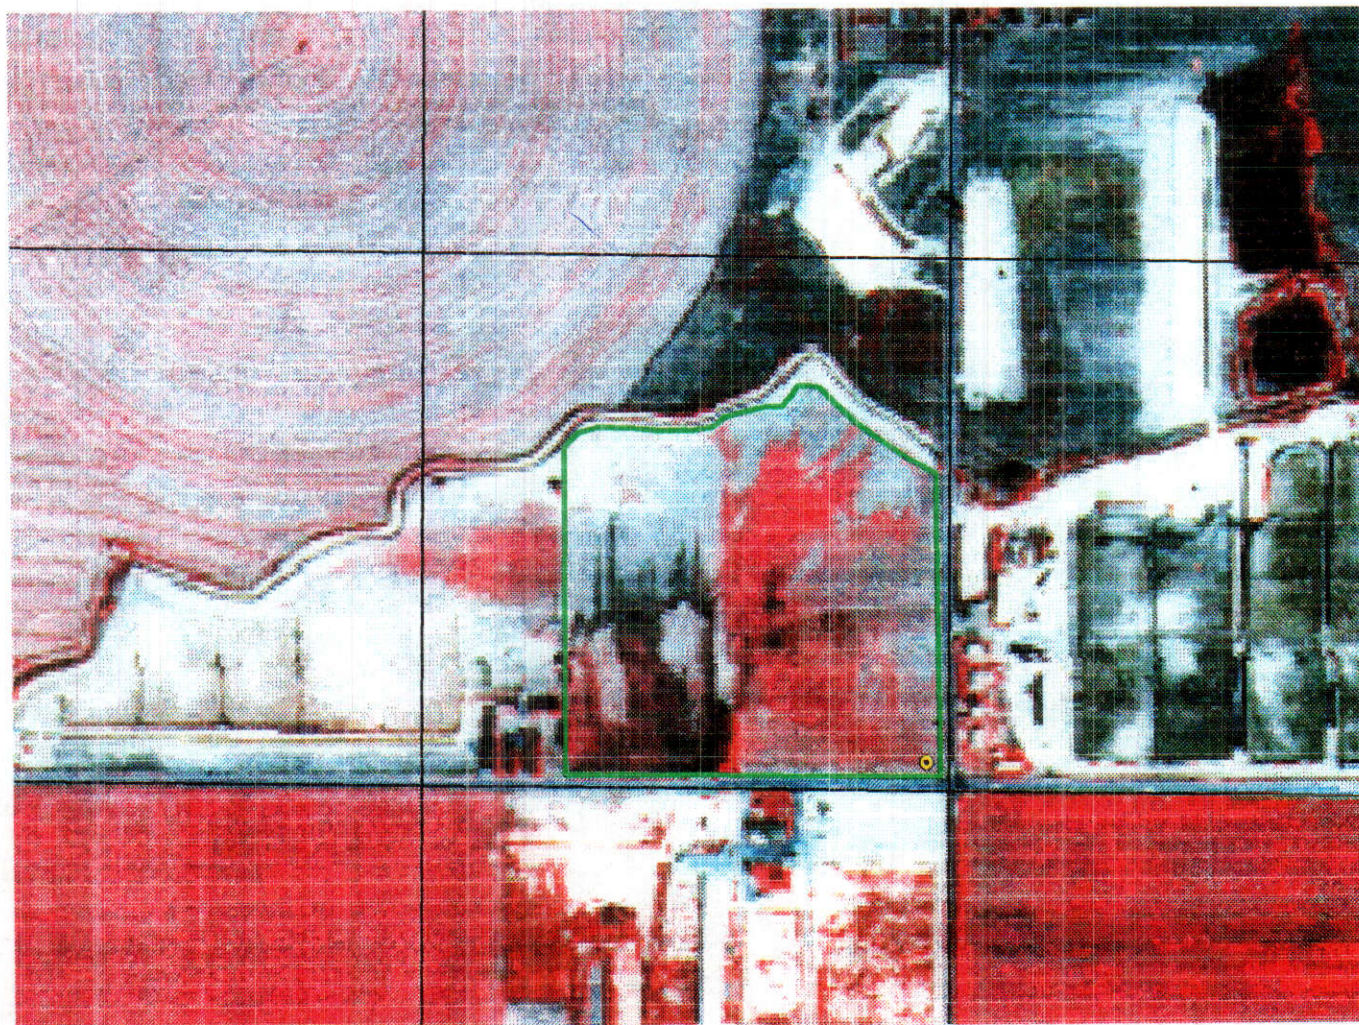

Application No. G- 36481
Permit No. G- 28506
District No.

1. Name of Applicant: Carl S. Martin
Postoffice address: Wendell County: Gooding State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second 1.4 or Idaho
Miners' inches 70 or gallons per minute
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Underground flow of water
4. Location of point of diversion or well is in the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 26
Twp. 8 S , Rge. 14 E , B.M., County of Gooding
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well
8. Estimated cost of works: \$ 2900.00
9. (a) Is reservoir to be used? no
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) 70 inches (cubic feet per second, inches or gallons per minute) is for new lands.

Dept. of Water Resources
BILL TO

NOTICE OF PROPOSED CHANGE OF WATER RIGHT

No. T# 5195

Notice is hereby given that Southfield Dairy Partnership, 3308 S 1600 E; WENDELL ID 83355 has applied to the Department of Water Resources for changes to a water right. The purpose of Transfer No. 5195 is to change use from irrigation to dairy stockwater for a new heifer facility by drying up 18 acres. PRESENTLY, Licensed Water Right No. 36-02698 (0.36 cfs) with a priority date of 02/25/1960 is diverted from groundwater within SE1/4SE1/4, S26, T08S, R14E; Gooding County for irrigation of 18 acres within SE1/4SE1/4, S26, T08S, R14E; Gooding County.

PROPOSED CHANGE

The applicant wishes to divert 0.36 cfs of water from a new well to be drilled within NE1/4SE1/4, S13, T08S, R14E; Gooding County for stockwater use within parts of S13, T08S, R14E; Gooding County. Any protest against the proposed changes must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 together with a protest fee of \$25.00 on or before February 16, 1998 to be considered by the Department in its decision to grant or deny any part of the proposed change. The protestant must also send a copy of the protest to the applicant.

CONDITIONS OF APPROVAL AND REMARKS

1. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
2. The right holder shall measure and annually report diversions of water and/or other pertinent hydrologic and system information as required by Section 42-701, Idaho Code.
3. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
4. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
5. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.

RE: Water Right 36-02698 (Transfer 5195)

Dear Water Right Holder(s):

Enclosed is the copy of your approved Transfer of Water Right for the above referenced water right (Transfer 5195). Please be sure to thoroughly read the Conditions and Remarks listed on the transfer. Also, please be advised that the accompanying transfer approval should be considered and treated as a **preliminary order** of the department issued pursuant to section 67-5243, Idaho Code. Enclosed are instructions for responding to **Preliminary Orders** if you are in disagreement with the approved transfer.

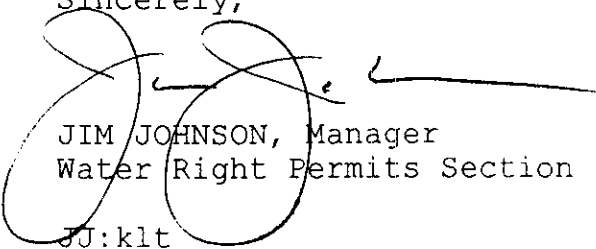

As of July 1, 1996, all water right owners are required to report any change in water right ownership and any change of mailing address to the department.

If you have acquired any other water right or have changed your mailing address **PRIOR TO** July 1, 1996, you have until July 30, 1998, to record the ownership and/or address change with the department.

If you acquired other water rights or changed your mailing address **AFTER** July 1, 1996, you must notify the department within 120 days of the change.

Failure to report these changes in a timely manner could result in a \$100 late filing fee. You can contact any office of the department for more information. If you have any questions concerning your water right listed above you can contact me at (208) 327-7947.

Sincerely,

JIM JOHNSON, Manager
Water Right Permits Section

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED

JUN 12 1998

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: File 36-02698

FROM: Pam Skaggs^{PS}/State Office

SUBJECT: Transfer 5195

DATE: June 5, 1998

Transfer 5195 changes the point of diversion, place, nature and season of use, under Right 36-02698. The applicant is changing this irrigation right to stockwater use for dry stock associated with his dairy herd.

Season of use was adjusted to year round stockwater use. Diversion volume is limited to the amount associated with the irrigated acres. Recommended conditions include drilling permit requirements, measuring device & annual reporting, and standard transfer conditions.

AP

DATE: February 25, 1998

TO: Transfer File No. 5195
Water Right(s): 36-02698

In the Name of: Southfield Dairy Partnership

SUBJECT: Review and Recommendation

This transfer proposes conversion of irrigation right to stockwater. See Skinner's 1/13/98 memo for details. The transfer was processed without protest. Forfeiture not an issue. Change is all within ESPA area SW of Wendell.

RECOMMENDATION

I recommend that the transfer be approved subject to the following conditions:

- Subject to SRBA.
- New well to be drilled must obtain drilling permit.
- Measuring device with totalizing meter must be installed on well &/or power record method approved for monitoring.
- Use subject to measuring & reporting in West ESPA measurement district.
- Subject to other federal state &/or country CAFO requirements.

NOTICE OF PROPOSED CHANGE OF WATER RIGHT

No. T# 5195

Notice is hereby given that Southfield Dairy Partnership, 3308 S 1600 E; WENDELL ID 83355 has applied to the Department of Water Resources for changes to a water right. The purpose of Transfer No. 5195 is to change use from irrigation to dairy stockwater for a new halfer facility by drying up 18 acres. PRESENTLY, Licensed Water Right No. 36-02698 (0.36 cfs) with a priority date of 02/25/1960 is diverted from groundwater within SE1/4SE1/4, S26, T08S, R14E; Gooding County for irrigation of 18 acres within SE1/4SE1/4, S26, T08S, R14E; Gooding County.

PROPOSED CHANGE

The applicant wishes to divert 0.36 cfs of water from a new well to be drilled within NE1/4SE1/4, S13, T08S, R14E; Gooding County for stockwater use within parts of S13, T08S, R14E; Gooding County. Any protest against the proposed changes must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 together with a protest fee of \$25.00 on or before February 16, 1998 to be considered by the Department in its decision to grant or deny any part of the proposed change. The protestant must also send a copy of the protest to the applicant.

Re: Application for Transfer No. 5195 (36-02698)

Dear Mr. Roeloffs:

The Department of Water Resources acknowledges receipt of your Application for Transfer.

This office has scheduled advertising the application in The Gooding County Leader for 01/28 and 02/04/98.

The advertisement(s) will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If an application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

State Office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely yours,

Corey Skinner, E.I.T.
Safety of Dams Engineer

JUN 12 1998

MEMORANDUM

TO: Southfield Dairy Partnership Transfer (36-02698) File
FROM: Corey Skinner *CS*
DATE: January 13, 1998
SUBJECT: Staff Review

The enclosed transfer application, filed by Southfield Dairy Partnership, seeks to convert an irrigation water right (36-02698) to stockwater use. The proposed change(s) will result in a change in the place of use and point of diversion (about 2.5 to 3.0 miles to the northeast), and a change in the period and nature of use.

Southfield Dairy wants to build a new, expanded heifer facility directly behind their existing dairy operation. This would enable Southfield Dairy to keep their livestock in one centralized location, reducing the need for feed and livestock transportation (their current heifer facilities are located a couple of miles away from their main operation). The water supply system for the new heifer facility proposed in this transfer application will be separate from all existing domestic, stockwater, commercial, and irrigation systems so there should be no overlapping water right problems.

I assisted Arie Roeloffs, partner in Southfield Dairy, in the preparation and submittal of the enclosed transfer application. We went over typical stockwater requirements in deciding how much water to transfer to the proposed facility, and Mr. Roeloffs decided to transfer all of the irrigation right to the proposed heifer facility.

The right being transferred, 36-02698, was recommended in the Snake River Basin Adjudication. A field examination of the current place of use for the right being transferred reveals that the property does not appear irrigated. However, a Farm Service Agency aerial photo slide revealed that the property appeared irrigated during the summer of 1993. Therefore, possible forfeiture should not be an issue.

The enclosed transfer should be pretty straightforward, and I see no reason why it could not be approved as long as the appropriate approval conditions are implemented.

RE: Permit No. G-28506

Carl S. Martin
Wendell, Idaho

Dear Mr. Martin:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-28505 shows the well is ~~(and)~~ capable of conveying 42 miner's inches, or 0.84 c.f.s. of water for the irrigation of 42 acres.

Upon receipt of the statutory fees, totaling \$ 9.00 , we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of February 25, 1960 , to the use of 0.84 second feet of subterranean water with the point of diversion in the SE1/4, Sec. 26, T. 8 S., R. 14 E., B.M. for irrigation of 42 acres in the SE1/4, Sec. 26, T. 8 S., R. 14 E., B.M.

Re: Permit ~~NG-28506~~

Carl S. Martin
Wendell, Idaho

Dear Mr. Martin:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the WENDELL IRRIGATIONIST, all submitted in proof of completion of works and beneficial use on Permit No. ~~G-28506~~.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

GEO. N. CARTER
State Reclamation Engineer

P. S. We are returning the statement of costs from the Wendell Irrigationist as we do not need it for our files.

28.506

Wendell, Ida.
Jan 20 1955

Re: Permit No G-28506

Ralph W Thomas;
Boise, Ida.

Dear Sir:

There is one thing I want to clean up. When the permit was made up it showed 10 acres on the west that would have to be watered from the west. This piece of land was later sold to the neighbor, where it was surveyed by the engineer it turned out to be 13 acres. So the size of this place is 67 acres instead of 70 acres as shown in the permit.

Yours Truly

Carl S. Martin

Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Carl S. Martin, Wendell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.4 cubic feet per second.

3. The use to which said water has been applied is Irrigation, purposes, and the amount applied to beneficial use is 1.4 cubic feet per second.

4. The point of diversion of said water is SE 1/4 SE 1/4, Sec. 26, T 8 S., R. 14 E.

5. The place where said water is used is S 1/2 SE 1/4, Sec. 26, T 8 S., R 14 E.

6. The date of priority which said user is prepared to establish is February 25, 1960.

CARL E. TAPPAN
State Reclamation Engineer

**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 2:00 P.M., on the 15 day of Jan. 1965, at Wendell, Ida., County of Gooding, State of Idaho, before Adeline G. Hirrel, Notary Public, at Wendell, Idaho, proof will be submitted of the completion of works for the diversion of 1.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28506, heretofore issued by the Department of

County of Gooding } ss
STATE OF IDAHO }

I, John Howard Todd, being duly sworn, say that I am the editor of THE WENDELL IRRIGATIONIST, a weekly newspaper of general circulation published at Wendell, in the County of Gooding, State of Idaho; that the attached printed copy hereto annexed was published in THE WENDELL IRRIGATIONIST, in the regular edition thereof and not in a supplement, for four consecutive weeks, commencing on the 10th day of December, 1964, and ending on the 31st day of December, 1964.
John Todd, Editor

Subscribed and sworn to before me this 13th day of January, 1965.

Donell R. Conrad

Notary Public in and for
the County of Gooding,
State of Idaho

My commission expires
Nov 3, 1968.

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE
and Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address: _____

Carl S Martin, Wendell Ida, farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf: _____

Ques. 3. State number, approval date of permit, and date of priority you propose to establish under the permit; 5-28506 Mar 8 1960 - Feb 25 1960

* Ques. 4. State source of water supply: Irrigation Well
Give location of point of diversion, showing subdivision, section, township and range:

* SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 26 T8S R14E

Ques. 5. Describe your works of diversion: Irrigation Ditches

_____ ; state amount of water they are capable of conveying from point of diversion to place of use 1.4 Ft; Give name of canal or ditch

or other works by which water is conducted to such place of use: Irrigation Ditches

_____ ; if a well, state depth of well 94 ; depth and size of casing: 95' 10" Casing ; depth to water 60 ; if pump is used,

+state discharge of pump: 540 gal per minute how it was measured or determined: The distance from and 7 6 inch ; if sprinkler irrigation, give number and size of nozzles and operating pressure: to point one ft to end of water. Scale given

Ques. 6. State for what purpose water is used: Irrigation
If for irrigation, name each subdivision in which used and number of acres in each subdivision that have actually been irrigated with said water :

23.5 Acres SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 26 T8S R14E

18.3 Acres SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 26 T8S R14E

State nature of all improvements which have been made as a direct result of said use:

Installed pump, Made ditches, installed nylon sander
Company lateral
Log in

2506

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: Emmett Smith Jerome Ida

Ques. 7. If for other than irrigation purposes, state purpose and how used:

None

+ Ques. 8. What is the minimum amount of water required for the purpose specified above:

1.4 Cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Ques. 10. State when and in what amount the water diverted under above mentioned permit has been first used: Spring 1960 Time used since first use:

5 years

Ques. 11. Describe all other water rights appurtenant to same place of use:

None

Re: Permit No. G-28506

Carl S. Martin
Wendell, Idaho

Dear Mr. Martin:

The lands included in a water license are those found to be beneficially irrigated when the field investigations are made. Generally that requires cultivation of the land and growing crops with the aid of the water.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

RT:ew

28506

JAN 18 1965

Wendell, Ida.
Jan. 16, '65

RE: Permit No. B-28506

Ralph W. Thomas

Bonic, Ida.

Dear Sir: As I understood the permit I had to complete the work in 5 years. The 5 years will be up in March. So I went ahead with the terms of the permit.

There are a few more acres in the North West end that could be leveled and irrigated. There are some rock ledges and deep gullies. However if I had the Soil Conservation Service level this price of land would it be included in the cultivated irrigated land?

Right now some of the present fields should be plowed and leveled in some places to make them irrigate more efficiently.

Yours Truly

Carl S. Martin

RE: Permit No. G-28506

Carl S. Martin
Mendell, Idaho

Dear Mr. Martin:

There is no compulsion to do any of the work under a permit to divert water. It would be foolish to spend more to develop a piece of land than the land would be worth.

Your final water certificates will only show the land you have actually irrigated.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

Carl E. Tappan,

Boise, Ida.

Re: Permit No 328506

Dear Sir:

Some time ago I sent you an amendment of the permit showing a different location of the pump also a different location of the siphon across the lateral to irrigate land farther west. I enclosed a map showing the fields under irrigation. It also showed a strip of land on the north side of the east forty. This land is rough and rocky. To water this strip of ground a long pipe line along the East line would have to be dug. It would have to go under the lateral through a rocky ledge and up to the North East corner and then west.

To put in the fields on this place has cost on an average 50. per acre for leveling plus concrete headgates and division boxes. The soil is very sandy and takes

- all the water to keep it from getting dry.

I have had built a \$12000 house and made it my home. What I want to know: Are you going to make me install that long expensive pipe line in order to water that strip of rocky land?

Sincerely yours

Carl S. Martin

December 4, 1964

**Mr. Carl S. Martin,
Wendell, Idaho.**

Dear Mr. Martin:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. **G-28506**. The proofs are to be made at **2:00 o'clock P.M.**, on the **15th** day of **January**, 19**65**, before **Adaline G. Harrill, Wendell, Idaho**, Notary Public.

As of this date, we have mailed the Notice to the **Wendell Irrigationist Wendell, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

Dear Mr. Martin:

Returned herewith is your check for \$1.00 which accompanied your application to amend the point of diversion.

The amendment is not necessary as the well is located in the 40-acre subdivision shown on the permit.

You complete Form 36 according to actual conditions of your works and as shown on your permit. The enclosed form with pencil answers has been completed according to our record of the permit. You should consult your Notary Public before completing the top lines to be sure he will be available. The date you show to make the proofs must be about 40 days after the date you mail the Forms 36 and 11 to this office. You mail the forms November 29th and the date can be January 8, 1965, or a later date.

On the date selected you take your two witnesses before the named Notary Public and complete the forms which will be sent to you when the notice is sent to the paper.

NOV 16 1964

DEPARTMENT OF RECLAMATION

Dear Sir:

I have leached and put in
all the land on the south side of the
lateral along the road and approximately
12 acre on the west end on the north side

of the lateral

Putting the pipe line along the east end
was long and very expensive Besides there
was a rock ledge to go through. To put
the 12 acres on the west end I put a broad
pipe syphon under the lateral.

The value of the 70 acres is not very
desirable rough and some rock ledges. The
land I have in sandy except 10 acres on
the west end. The pump water this much
land but don't think it would handle much
more.

I have built a house on this place and
made it my home. I would like it to
be inspected so as to make final proof.
Can this be done before long?

Yours Truly
Carl S. Martin

Nov 28, '62

DEC 1 1962

Department

of Reclamation

Dear Sir:

I have finished putting in approximately 40 acres of land. This is all and best land along the road south of the lateral. This lateral splits the 80 in two. The land on the north side of the lateral is not very desirable. The permit calls for a pipe line along the east line under the lateral through a rock ledge to the North East Corner of the 80 then west. This will be quite expensive.

The land I have put in is quite sandy and has taken a good deal of water. I doubt.

28506

whether there will be enough
water to irrigate more land.

Do you or your man ever
get down here? I would like
to have them look over what
I have done. If possible I
would like to have the job
moved up on as it is.

Mr Thomas: Mr Harold Flack &
Gooding was here surveying for the
locating of the well & ditches. They
found it necessary to locate the well
500 feet west of the S.E. Corner of the
S E $\frac{1}{4}$. In the map I sent in the
well is shown in the SE Corner of the
S E $\frac{1}{4}$.

We are ready to drill the well so
would appreciate getting the permit soon.

Yours truly

Carl S. Martin

RE: Application for Permit

Carl S. Martin
Wendell, Idaho

Dear Mr. Martin:

We acknowledge receipt of your application for permit, with attached check for \$5.25 filing fee.

Under 4 you show the point of diversion as being in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 26, Township 8 South, Range 14 East, B.M. The land list shows land in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 26. The map shows the land as adjoining, however it does not show which part of the section is to be irrigated. From a map in our file, it appears that you may own the S $\frac{1}{2}$ SE $\frac{1}{4}$ of said Section 26.

Kindly advise promptly of the correct land description, or of the location of the well, if it is in error.

Very truly yours,

GEO. N. CARTER

RE: Application for Permit

Carl S. Martin
Wendell, Idaho

Dear Mr. Martin:

Enclosed are a Form 3, application for permit to appropriate subterranean water, and instructions. See page seven of the folded instructions for completion of the questions on the application with reference to some information on page 1.

You can have five years within which you must complete the works and use the water beneficially. The maximum amount of water you can claim is one miner's inch per acre or 450 gallons per minute for 50 acres, unless you can show reason why more should be allowed.

Yours truly,

GEO. N. CARTER
State Reclamation Engineer

Dear Sir; I own 80 A of land $3\frac{1}{2}$ SE $\frac{1}{4}$
Lot Sec 26 Blk Tps 8 Range E.B.M. 14

I would like to improve 50 A of this land.

What steps are necessary to get a permit
to drill a well to irrigate 50 A's?

How much time would I have to get
it all in?

J. Emmett Smith & Jerome made an
estimate on a well with a 12" hole and
a 15 H.P. 220/440 1750 R.P.M. V.H.S. Motor
that would deliver 675 G.P.M. Would this
well & pump, be alright?

I would like all the information you
can give me.

I will appreciate this very much.

Yours truly

Carl S. Martin

NOTICE OF
COMPLETION OF WORK

APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that
at 2:00 P.M. on the 15 day of
Jan. 1965, at Wendell, Ida.
County of Gooding, State of
Idaho, before Adeline G. Herrel,
Notary Public, at Wendell,
Idaho, proof will be submitted
of the completion of work for
the diversion of 1.4 cubic feet
per second of underground wa-
ter from a well, and of the ap-
plication to beneficial use of
said water.

Reclamation of the State of
Idaho

1. The name and postoffice address of the person or corporation holding said permit is Carl S. Martin, Wendell, Idaho.
2. Said work of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.4 cubic feet per second.
3. The use to which said water has been applied is irrigation purposes and the amount applied to beneficial use is 1.4 cubic feet per second.
4. The point of diversion of said water is at the Sec. 26, T. 2 S. R. 1 E.
5. The place to which said water is used is the 1/4 Sec. 26, T. 2 S. R. 1 E.
6. The date of completion of said work is the 15 day of Jan. 1965.
7. The date of application of said water to beneficial use is the 15 day of Jan. 1965.
