Dear Mr. Jardine:

Please be advised that the Department does not have a procedure for changing the name on a Licensed Water Right. Although the name the license was issued in will remain the same, the control of this right will be with the person holding title to the property covered by the right, and any modifications or changes to the right will require evidence of ownership of the property in question.

We are enclosing an application form and a set of instructions for your use and new appropriations of Idaho's public water. The application should be filed with the nearest district office of the Department. Please check the instructions for location.

Very truly yours,

Donald W. McEldowney

Dear Mr. Bergstrom:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit G-33065.

We have mailed the notice to the Minidoka County News to be published once a week for four consecutive weeks prior to August 8, 1967, which is the hearing date when the permit holder

Clair Bergstrom

and two disinterested witnesses must appear before Doris Neulman,
Expert, Idaho, notary public, to complete the enclosed depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by Clair Bergstrom. Be sure all the forms have the notary's seal and are signed.

Please feel free to contact us if we may be of any assistance.

Very truly yours,

Paul, Idaho

Dear Mr. Bergstrom:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 33065 are due not later than Aug. 8, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER
