Dear Mr. Ambrose:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for Permit No. 36-7103. A representative of this Department has made an examination of the works covered by both of the above referenced permits and has found the following:

Permit 33260/36-2666

Quantity of water diverted: 6.96 cfs Source: ground water

Amount of water that can be recognized as beneficially used under Idaho law: 3.0 cfs

NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, Twp. 8 S, Rge. 15 E, B.M.

(40), Sec. 35, Twp. 7 S, Rge. 15 E, B.M.

Priority established: December 23, 1969

Since the well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 2, Twp. 8 S, Rge. 15 E, B.M. is not covered by either of these permits, it will be necessary to amend the permits before issuance of the licenses. Please be advised that there is also a \$15.00 licensing fee due under Permit 33260/36-2666. Please sign the applications and return them to this office with a total fee of \$35.00 within 30 days of the date of this letter in order that we might issue your water licenses as set forth above.

Dear Mr. Wert:

After reviewing your letter of November 1, 1972, we have been in contact with our Southern District Office in Twin Falls, Idaho. They advise they have received the re-examinations for both permits and they have them scheduled for the 1973 irrigation season. We have made sure that they have notes on the examination report to contact you at 536-5332 at the time of the re-examination.

If you have any questions concerning this matter, please contact the field examiners at 734-3578, office is located at Blue Lakes Boulevard, Twin Falls, Idaho.

Re: Permit No. 36-2665 and 36-2666

Wayne K. Wert, Manager
Ambrose Farms
Box 247
Wendell, Idaho 83355

Dear Mr. Wert:

In reference to your letter of September 18, 1972, a check of our records indicate that a field examination conducted on each of the permits in 1968 was found inadequate as to irrigation, quantity, and area by Mr. Ambrose and apparently a request was made for re-examination of the amount of water diverted.

It appears that the permits were scheduled for re-examination at one time. We can not determine what has happened to the re-examination forms and they are, at this time, missing. We have, this date, prepared new examination forms and have contacted our District Office by telephone. In order that you complete the exam as soon as possible, the forms are being mailed to our Southern District Office today. As soon as the matter has been resolved, we will advise you of our filing.

Please forgive the unusual delay in this matter.

Gentlemen:

Find enclosed two Applications for Permit to use underground water, together with my check in the amount of \$11.00 to cover fees.

When these two applications are approved and returned to me will you also please send me the necessary papers for completion of notice of beneficial use. It is my understanding that two sets of papers will be required in the proof (one for each well), but that both could be advertised in one notice. If this is not correct, please advise.

Thank you.

Sincerely,

A. N. Ambrose
