Re: Permit No. G-33132/36-2658

Dear Mr. Andersen:

One of the conditions of approval of your water Permit No. G-33132/36-2658 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 12, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-33132/36-2658

Mr. Lloyd N. Anderson
Route #2,
Wendell, Idaho

Dear Mr. Anderson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Dear Mr. Taylor:

In answer to your letter of April 10, 1969. As Mr. Andersen has not yet had permit no. G-33132 transferred to his name, please find enclosed forms for him to do this.

It is not necessary that proof be submitted on completion of 1/5 of the work in 1/2 the time. However, if Mr. Andersen is ready to submit proof of application of water to beneficial use, we have also enclosed forms for him to complete. This proof of application of water to beneficial use form is due to the Department before September 12, 1971.

If you have further questions, do not hesitate to contact the Department.

Gentlemen:

Mr. W. R. Denton of Wendell, Idaho sold his farm to Lloyd N. Andersen in February of 1967. The Farmers Home Administration made a loan to Mr. Andersen to purchase this property.

Mr. Denton made application for permit September 1, 1966 and was issued Permit #G. 33132 for 120 inches to be applied to the NW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ and the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sect. 34, Twp. 8 S, R 15 EEM. The well and pump is located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$.

According to our records Mr. Andersen was to have this permit transferred to his name, but I can't find any record of this being completed.

The Permit requires that 1/5 of the work also be completed by March 12, 1969. The pump and well was completed prior to making the loan, and water has been applied to 95 acres.

I believe that Mr. Andersen could apply for final proof unless he is going to try to develop more of the land.

Sincerely,

Dell E. Taylor
