Dear Mr. Slade:

We are in receipt of your affidavit submitted as proof of beneficial use for Permit No. 32166. We are in doubt as to the exact location of the point of diversion.

Your affidavit locates the point of diversion as being in the E $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 36, T. 8 S, R. 15 E; whereas, the original permit locates the point of diversion as being in the NE $\frac{1}{4}$ NW $\frac{1}{4}$. We must have the point of diversion located to the 40-acre tract instead of the 80-acre tract.

If the point of diversion is located other than in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, then you must file an application for amendment to change the original permit. We have enclosed a partially completed form for your use. If it is necessary to change the point of diversion, please return the form with a \$5 filing fee.

Your prompt attention to this matter would be greatly appreciated so that we may further process your permit.

RE: Permit No. G-32166

William J. and Wylene Slade
1700 Dora Avenue
Yuma, Arizona

Dear Mr. & Mrs. Slade:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~under the new procedure for beneficial use of water~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
