Dear Mr. Parsons:

We have received the depositions and affidavit of publication submitted in connection with proof on the above referenced permit. However, before they are acceptable, we will need an affidavit from you stating why the depositions were taken on March 29 and April 1, instead of on March 28, as stated in the advertisement. The affidavit must state whether or not your office was open on March 28, 1968, and whether or not any protests were offered or received. The affidavit must be notarized by a second notary.

A permit cannot be expanded by an amendment; therefore, we will go ahead with a field examination of Permit No. G-31073. Later we will advise you of our findings. The probable solution will be to file a new permit for the extra land.

Please submit the notary affidavit as soon as possible so that we can proceed with the field examination.
