Dear Sirs:

Please excuse the delay in answering your letter of December 12, 1969. Enclosed is your check in the amount of \$29. We received your previous check, on December 9, 1969, in the amount of \$34, which covered the fee for the licensing of your above numbered permit.

We are withholding any action on your amendment until we get the results of a new field examination, as there seems to be a discrepancy in the point of diversion, as well as, place of use. On your amendment you listed 400 acres of land being irrigated. You should be aware, that the maximum amount of acres that a water license could be issued for is 320 acres, since that is all that was listed on the original filing. We can not issue a license for more acreage than that listed on the original filing. If you wish to have the additional 80 acres covered by a water permit, it will be necessary to make a new filing. We are enclosing an application form and instructions for this purpose. On your above numbered permit you list the lands to be irrigated as follows:

- 15 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$; 15 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$; 30 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$;
- 30 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$; 20 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$; 20 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$;
- 25 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$; 25 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$; 35 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$;
- 35 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$; 35 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; 35 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$,
- all in Twp. 8 South, Rge. 22 E., B.M., making a total of 320 acres.

You will be notified prior to our field examiner making the re-examination, in order that you can make arrangements to be present for the examination. If we can be of any further service, please contact us.

Dear Sirs:

We are in receipt of your amendment. Since there seems to be a discrepancy as to the location of the point of diversion, it will be necessary to make another examination before we can issue your water license. This re-examination will probably not be made until spring but your permit will remain in good standing until that time. You list the point of diversion as being in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 26, whereas our field examiner listed it as being in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 26, T. 8 S., R. 22 E., B.M. you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before January 8, 1970 why said permit should not be cancelled.

Permit 36-2566 claims the use of 6.4 cubic feet per
second of water. The point of diversion was to be located
in the SW1/4NW1/4, Sec. 26, T. 8 S., R. 22 E., B. M., Minidoka
County
and the permit was approved March 1, 1963.

Dear Mr. Corless:

We acknowledge receipt of the depositions and affidavit of publication in the
Minidoka County News submitted as proof of com-
pletion of works and beneficial use on Permit G-31001.

Before a certificate and license of water right can be issued, a field
examination must be made by a representative from this department. We
cannot tell just when this examination will be made, but our field examiner
will try to contact you at the time he makes the examination so that you
may show him the system.

Dear Mr. Corless:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit No. G-31001.

We have mailed the notice to the Minidoka County News to be published once a week for four consecutive weeks prior to May 1, 1968, which is the hearing date when the permit holder Corless Farms, a co-partnership and two disinterested witnesses must appear before Carna Nielsen, notary public, to complete the enclosed depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by Corless Farms. Be sure all the forms have the notary's seal and are signed. Please feel free to contact us if we may be of any assistance.

Gentlemen:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than March 1, 1968.

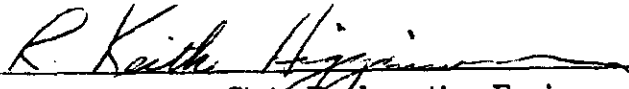

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.
