Re: Permit No. 20708 - L. P. Okelberry
Permit No. G-30491 - L. P. & John Okelberry

Mr. L. P. Okelberry,
Rt. #3, Falls Ave. West,
Twin Falls, Idaho.

Dear Mr. Okelberry:

Referring to our telephone conversation of July 12; we can issue the Certificate and License of water right for 4.13 cubic feet per second from two wells, one in SE $\frac{1}{4}$ NE $\frac{1}{4}$ and one in SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to irrigate 315 acres in S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 17; N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 20, T.10 S., R. 20 E., under Permit No. 20708, with priority of October 18, 1948, upon receipt of the \$16.00 statutory fee. The report of the examiner shows you also have a well in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, which produced 3.13 cubic feet per second.

Your Permit No. 30491 claims 4.8 c.f.s. from a well in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, T.10 S., R. 20 E., to irrigate S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 17; NW $\frac{1}{4}$, Sec. 20. If you wish to use the well, noted above, in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to irrigate this land, you must amend the point of diversion changing from the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, to NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, T.10 S., R. 20 E. A form for that purpose is enclosed. There is a fee of \$1.00 for recording any amendment to a permit.

If you intend to drill a new well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, you can file a new application for the well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to cover the desired land, however, the total amount of water appurtenant to the land cannot exceed one miner's inch per acre.

I hope this explains your two permits and according to your wish. Kindly disregard the fees mentioned in my letter of July 2nd as the fee of \$5.00 for the Certificate of Completion of Works was added. The permits issued since passage of the Ground Water Statutes provide that both proofs are made at the same time and the fees are also collected together.

Very truly yours,

Route #3 - Falls Ave. West
Twin Falls, Idaho

Dear Mr. Okalberry:

We enclose Permit No. G-30491 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-6971 which was issued covering payment in the amount of \$ 6.00 for the filing fee of the above mentioned permit ~~was forwarded to you~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
