Allen E. Hendrix

Gentlemen:

On September 15, 1966 we submitted deposition of holder and two witnesses along with affidavit of publication and statement marked paid, all in connection with the above permit. Mr. Hendrix advises that he has received no word from the Department since that date.

We note in our cover letter that comment was made with respect to the capacity of the system and the actual amount of water in use when it was viewed by the witnesses. It may be that this comment is reason for our not having heard from the Department.

It is requested that we be advised as to the status of the above application and what can be expected.

Re: Permit 30340

Gentlemen:

We enclose Deposition of Holder and two Witnesses along with Affidavit of Publication and statement marked paid on September 13th all in connection with the above permit.

The Department's attention is invited to the answers to question No. 5 in each of the depositions wherein it appears that the system is capable of conducting 3.56 second feet whereas only $2\frac{1}{2}$ second feet have been seen in use and measured over a weir. This is explained to me by Mr. Hendrix stating that a part of the land leveling was completed on two parcels of land which will be sprinkled although the system has not been put into operation and will not be put into operation until next spring. He states that the well will produce 178 and will be used in its entirety, and the system is completed in all respects for the full use of the 178 inches although he has in fact only pumped by actual measurement 125 inches.

Very truly yours,

JAMES, HOBDEY & SHAW

Dear Mr. Hendrix:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30340. The proofs are to be made ~~xxxxxxxxxxxxxxxxxxxx~~ on the 14th day of September, 19 66, before Andrew F. Jansen Gooding, Idaho Notary Public.

As of this date, we have mailed the Notice to the Wendell Irrigationist, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION
