36-4195 - Transfer Approval Notice

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed approved Transfer of Water Right(s). Please be sure to thoroughly review the conditions of approval and remarks listed on the approval document.

The Transfer of Water Right(s) is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the APPLICANT petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7940.

Sincerely,

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Department of Water Resources

In the Name of: **City of Jerome**

SUBJECT: Review and Recommendation

This transfer proposes to add a fifth well to the system in preparation to applying to a new water right. There is some confusion since the water rights already list six wells tied together. On further checking it was discovered that two of the old wells at the "A" street site have been abandoned. I have confirmed this with Scott Bybee (City Engineer) 308-2631 and Bob Culver (Public Works Director) 308-2631 or 324-9669.

The existing wells are:

- 1 well SWSESE S17 T08S, R17E
- 2 wells NESENW S18 T08S, R17E
- 1 well NWNWNE S19 T08S, R17E (Note 2 wells abandoned here.)
- 1 well NENESE S25, T08S, R16E

The application was processed without protest.

Recommendation

I recommend that this transfer be approved subject to the following conditions:

- Points of diversion are as listed above for 5 wells total.
- Subject to the current limitations as licensed that are appropriate.
- Subject to public drinking water system requirements.
- Measuring device requirements on all wells.
- Total of all right limited to 12.76 cfs.
- Place of use within the service area of the City of Jerome.

Re: Application for Transfer No. 69114 (36-2518 et al)

Dear Mr. Hegstrom:

The Department of Water Resources acknowledges receipt of the Application for Transfer on behalf of the City of Jerome. Please refer to this number in all correspondence regarding the above referenced application.

This office has scheduled advertising the application in the North Side News for 5/17 & 5/24/01. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests (June 4, 2001).

If an application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

The department's review process may have to include field investigation and verification of the claims which is required as part of the Snake River Basin Adjudication.

State Office personnel will conduct a complete review prior to final processing of the application and will notify the applicant concerning the results of this review.

Please feel free to contact this office if you have any questions regarding this procedure.

RE: TRANSFER APP. NO.S 3713, 3714 & 3715/CITY OF JEROME

=====

Each transfer above changes the location of the point of diversion for three separate rights. Transfer no.s 3714 and 3715 actually refer to statutory claims. The two claims and one licensed right will all have the same POD legal description after the requested changes. Based on comments on the transfer application though, there may be more than one city well at this location.

The transfer applications may be approved. Transfer no. 3713 may be approved without conditions. Transfer no.s 3714 and 3715 should contain the following condition:

1. Approval of this transfer in no way confirms the right claimed.

DATE 3/23/84

TO File 36-2518

SUBJECT Volume on transfer 2951 (Lic. 36-2518)

To prevent expansion of use of an existing right when a transfer is filed proposing to change the nature of use, the Dept. checks to determine that none of 3 parameters will be enlarged. The parameters are rate, consumptive volume used, and total volume diverted.

The exam, file and license do not provide sufficient data to check consumptive volume used and total volume diverted under the original right. The Dept.'s policy when issuing a license for municipal use is to not limit the right by volume due to the nature of municipal use.

Based on the foregoing information, transfer 2951 has been issued without a volume limitation.

Jerome Cooperative Creamery
Jerome, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30189 are due not later than Sept. 19, 1966

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

R. Keith Higginson Deputy
STATE RECLAMATION ENGINEER
