Dear Mr. Hills:

Enclosed are the Certificate of Completion of Works and License and Certificate of Water Right on the above referenced permit.

You will note there is a change in the amount of water licensed compared to the amount given in the fee letter. The amount given in the fee letter was in error because we can not issue more water than the amount originally filed for on your original application.

Also enclosed is departmental receipt No. G-11791 in the amount of \$13.00 for the fees.

Dear Mr. Coleman:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30137 in the name of W. P. Hilla. Final Proof is to be made before you, as Notary on the 28th day of December, 19 66, at xxxxxx xxxxxx at Twin Falls, Idaho.

As of this date, we have mailed the Notice to the North Side xxxxxx, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Dear Mr. Higginson:

Our client, W. P. Hills, has requested that we aid him in obtaining a water license for the well, the subject of the above permit. I am, therefore, enclosing herewith two copies of the Notice of Proof of Completion of Works and Application of Water to Beneficial Use and one copy of a signed authorization authorizing the publication of the notice in the North Side News, a newspaper published in Jerome, Idaho.

I have set the date of December 28, 1966, at the hour of 10:00 A. M. at my office as the place for taking the proof in this matter. Would you please cause the enclosed notice to be sent to the North Side News for publication.

If you would also send me the necessary forms for the depositions of the witnesses in connection with this matter, I will complete the same on the date of the hearing and return them to you for issuance of the license.

If you have any questions or if any additional information is needed concerning this matter, please feel free to contact me. Your cooperation in this matter is greatly appreciated.

Dear Mr. Hill:

Returned herewith is your Notice of Proof. You failed to fill in the top portion to indicate what Notary you intend to go to for your proofs. We require the name and address, also the date for taking the proofs should be 40 days subsequent to the date we receive the notice in our office. In item #5 you list Section 9 and should be the SE $\frac{1}{4}$ of Section 9. The amount of water claimed cannot exceed the amount originally requested and that will be 2.0 cubic feet per second.

We are enclosing new forms 36 for your use. Would you please make the necessary corrections and return them to our office.

RE: Permit G-30137

W. P. Hills
Route #3
Twin Falls, Idaho

Dear Mr. Hills:

This is in reply to your letter of November 8, 1966. You do not have to use the full 2.0 c.f.s. all the time to obtain a water right. This permit is for supplemental water and you will be licensed for the amount you actually use. That is, if your well will pump 2.0 c.f.s. and you can put the water on 100 acres of ground then you can obtain a license for this amount if you use it only a few times each year.

Therefore, since this well has been used you should complete the enclosed forms and obtain your rights to the water.

We hope that this helps with your questions and if we can be of further assistance please feel free to call our office.

Very truly yours,

Dear Sir,

When I asked for this permit this well, I did not understand that I would have to use full 2.00 ft of water ^{or to what} every year. I asked as a supplement, we have now, as we are on the end of the ditch, we do not ^{get} very good service. Our water is short most of the time, during irrigating season. Most of our water has to travel from about $\frac{3}{4}$ to about $1\frac{3}{4}$ of a mile for irrigating, which constitutes a large loss, so we can not keep crop watered. We have to abandon much crop in order to ^{save} part of it with out use of the well. The cost of well & pump was close to \$5000.00 plus \$650.00 guarantee of 650.00 to power Co for 10 yrs from 1962 or until 1972. we put in pipe line up to high point, on N.E. $\frac{1}{4}$ of this same section which does not have a full water right. With out the well it is impossible to keep our crop watered.

If we can pump even 1 ft during the main irrigator season it would be a big help. We need this water very much (from the present out look for this year more so than ever.) Please advise me what I should do under these circumstances

Sincerely Truly

Dear Mr. Hills:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30137 are due not later than **Sept. 1, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours
