A review of our files shows we are holding your application to change the place of use of groundwater, License No. 36-2502.

When changing the place of use of a water right, it is necessary for the applicant to show evidence of title to either the water right or the land from which the water right is to be removed.

In the case of your application, the water right is to be removed from 28 acres within the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 22, T8S, R14E.

An agreement of sale filed with your application shows your ownership of the lands, however, the legal description for the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 22, states only that a survey of the tract is to be attached as Exhibit A. Exhibit A is not attached to our copy of the sale agreement, so acreage in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 22 can't be determined.

Before any final action can be taken on your application, it will be necessary for you to submit, for the file, information showing the number of acres owned by you in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 22, T8S, R14E.

If you have any questions, please contact me.

Very truly yours,
