Re: Application No. 37912

Mr. Harvey Earl Tate
Route 1
Hagerman, Idaho

Dear Mr. Tate:

Returned herewith is your application with attached receipt No. 6163 for the filing fees for 1.5 cubic feet of subterranean water.

You show the point of diversion under 11 of the application is in the NE 1/4 Sec. 32. Is the well located east of the east line of the 80 acre tract you are going to irrigate? Kindly show the location clearly on the map.

The maps were rather confusing as the land is shown in the NE 1/4 of the section. We have shown the land as described under 12 of the application.

Return the application promptly, with correction if necessary.
