Re: Permits G-28758 and G-28757
Paul Stroschein and Truman Bradley

Gentlemen:

Recently the land for which the above two permits are applicable has been the subject of a civil action in Lincoln County. This action has been completed and the status of things restored to status quo.

In order that Mr. Norman H. Nielson who represented one of the parties and myself complete our responsibilities to our clients regarding these permits, would you please advise us as to the status of the same, that is, in whose name the permits now are, whether there is anything left to be done on final proof except for the State's field inspection. Any comments regarding these will be appreciated. At this point I am not sure that we have all the necessary documents regarding the permits and therefore, I have made this rather general inquiry.

I want to thank you in advance for the time and effort that you may spend in answering this inquiry.

Gentlemen:

Enclosed you will find the Proof on Permit No. G 28758 in the name of Paul Stroschein. We have never received the affidavit from the Lincoln County Journal and the last time we made proof on property in Lincoln county, they informed us that they had mailed this affidavit to your department. If you have not received this affidavit, please let us know.

The reason that the depositions of Paul Stroschein and Herman Henscheid bear a different date and Notary is although they did appear before me on the date of the hearing, I was not present the next day when they were typed up and they signed them in my office, but not in my presence. As a consequence I mailed the deposition of holder and witness to them on May 25, 1967, and just received them back this morning. If there are any further questions regarding this, please let us know.

Very truly yours,
