I hope with this information you can complete this matter.

Dear Mr. Langley:

Returned herewith are depositions of holder and two witnesses and the affidavit of publication.

The applicant did not complete Question 10 as to dates. Question 11 has dashes, which, I presume, means that there are no other water rights for the land irrigated. Our information indicates that the land is under a canal.

Kindly have the applicant complete the deposition and return the documents to this office.

Very truly yours,
