Dear Mrs. Clark:

It appearing to the State Reclamation Engineer that the terms and conditions of Permit G-28398/36-2416 to appropriate the public waters of the State of Idaho, have not been complied with as to failure to submit the licensing fee of \$13.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before September 14, 1969 why said permit should not be cancelled.

Permit G-28398/36-2416 claims the use of 2.76 c.f.s. of water. The point of diversion was to be located SE 1/4, Section 28, Township 6S, Range 21E, B.M., Lincoln County

and the permit was approved February 2, 1960.

Dear Mr. Higginson:

Enclosed is our check in the amount of \$24.00 in payment of licensing fees for the above permits.

Notices from Mr. Dean R. Reynolds, dated June 26, 1969, to Jane G. Clark were forwarded to her California address and then mailed back to this association for payment of the fees. We were delayed pending our attorney's opinion as to whether this association or the present owners of the property were responsible for payment of the fees.

We apologize for the delay and respectfully request that licenses and certificates of water right be issued.

Sincerely yours,

Dear Sir:

For the purpose of making an appraisal of the properties to which they apply I wish to know the present status of water right permits No. G-28398 and G-28399 issued to Charles Hutton and Mrs. Ruby Jane Hutton, and which have been assigned to Jane G. Clark. According to copies of the permits I have examined the time for completion of works and beneficial use expired on these permits Oct. 13, 1966 and January 24, 1966 respectively.

If licenses have been issued for these permits, or the water measurements taken therefore, can you advise me of the amount of water rights approved.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

This is Portneuf sandy loam soil and with sprinklers you could probably get by with less water but with gravity flow it would require 1 inch per acre.

Ques. 9. Have you any ownership interest in the works, water or lands above mentioned? If so, in what way and to what extent? no

Ques. 10. When did you first see this water used? The well was drilled in 1961 and used
Other times you have seen such use: on other lands, I have seen it used on these lands since the desert entry was allowed in 1964, and, being neighbors, I see it practically every time they irrigate.

Dear Mr. Hutton:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 28398-Pt are due not later than **Oct. 13, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Permit No. G-28399
Ruby Jane Hutton

Charles E. & Ruby Jane Hutton
Route #3,
Rupert, Idaho.

Dear Mr. & Mrs. Hutton:

We enclose Permit No. G-28398 and Permit No. G-28399 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

By this same mail, we have sent to the Bureau of Land Management, two copies each of these permits, one of which has been certified, to be used in connection with the Desert Land Entry filed in that office. A copy of that letter is enclosed.

We also enclose Departmental Receipt No. G-4574 which was issued covering payment in the amount of \$17.00, which includes \$13.00 for the filing fee and \$4.00 for the copies sent to the Bureau of Land Management.

Very truly yours,

GEO. N. CARTER
