Dear Mr. Coulson:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-27994 shows the well is capable of conveying 171 miner's inches, or 3.42 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling $ 17.00 , we will issue the Certificate of Completion of Works for 3.42 c.f.s. and the License and Certificate of Water Right for 3.42 c.f.s. confirming the right, with priority of June 12, 1959 , to the use of subterranean water with the point of diversion in the SW¼SW¼, Sec. 6 for irrigation of 210 acres in the N½SE¼, Sec. 1, T. 9 S., R. 20 E., B.M.; SW¼, Sec. 6, T. 9 S., R. 21 E., B.M.

Dear Sir:

In July, 1964, we submitted our proof of completion of works and beneficial use on Permit No G 27994.

At that time, we received a letter from you stating a field examination would be before final action could be taken.

Since we are quite anxious to receive our License & Certificate of Water Right, could you please advise us if this field examination has been scheduled yet.

Thank you

Dear Mr. Coulson:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-27994. The proofs are to be made at 10:00 o'clock A.M., on the 26th day of June, 19 64, before Thomas P. Wolfe, of Twin Falls, Idaho, Notary Public.

As of this date, we have mailed the Notice to the First Segregation News Hazelton, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Sir:

Returned herewith is your notice of proof of completion of works and beneficial use for the above noted permit to be corrected.

The maximum quantity of water that can be used under this permit is 3.42 c.f.s.

In Item 5 you have listed the S½SE¼, of Sec. 1. According to the record in this office, it should be the N½SE¼. If this is an error on your part, please correct. If you are using the water on different land, the land list will have to be amended. A form is enclosed for this purpose. There is a fee of $1.00 for recording an amendment.

Please take care of these matters right away and return the forms to us for handling.

Dear Mr. Coulson:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 27994 are due not later than June 26, 1964

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.
