Dear Mr. Reynolds:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the FIRST SEGREGATION NEWS, all submitted in proof of completion of works and beneficial use on Permit No. ~~27933~~.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

Mr. Wesley E. Reynolds,
Rt. #2,
Paul, Idaho.

Dear Mr. Reynolds:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. **G-27933**. The proofs are to be made at **10:00 o'clock A.M.**, on the **27th** day of **April**, 19**64**, before **C. E. Gundelfinger, Hazelton, Idaho**, Notary Public.

As of this date, we have mailed the Notice to the **First Segregation News Hazelton, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Re: Permit No. G- 27933

Wesley E. Reynolds
Rt 1
Hazelton, Idaho

Dear Mr. Reynolds:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 27933 are due not later than May 15, 1964.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

State Reclamation Engineer

Dear Mr. Reynolds:

We enclose Permit No. G-27933 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

By this same mail, we have sent to the Bureau of Land Management, two copies of this permit, one of which has been certified, to be used in connection with the Desert Land Entry filed in that office. A copy of that letter is enclosed.

We also enclose Departmental Receipt No. G-1020, which was issued covering payment in the amount of \$7.75, which includes \$5.75 for the filing fee and \$2.00 for the copies sent to the Bureau of Land Management.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years, however, you may make the required proofs at any time you are prepared to do so within that time.

Dear Mr. Reynolds:

Enclosed are Form 3, application for permit with instructions, and your check for \$2.00 you sent us for filing fee.

The filing fee for a permit depends upon the amount of water claimed under 2 of the application. The maximum amount allowable for 160 acres is 160 miner's inches or 3.2 cubic feet per second for which the filing fee would be \$5.75. There is a fee of \$2.00 extra for two copies of the permit, one of which must be certified, which will be sent to the Bureau of Land Management from this office after the application has been approved.
