That by reason of said confusion on the part of Mr. McElhinney your affiant corresponded with the Department of Reclamation and personally visited with members of the staff for the purpose of ascertaining exactly upon which permit proof was to be made;

That in the meantime the Department of Reclamation issued the Order dated the 20th day of March, 1964, which said Order was submitted by the permittee to your affiant for proof;

That due to unavoidable circumstances the required submission of forms Nos. 36 and 11 were not submitted within the sixty-day time required, and by reason thereof the permit of Henry G. McElhinney was cancelled on the 27th day of May, 1964;

RE: Permit No. G-27746
Paul Conway, Jerome, Idaho
Robert C. Conway, Rt. 3., Jerome, Idaho

Gentlemen:

We have the report of the field examiner which shows that the well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 36, T. 8 S., R. 18 E., B.M. produces 161 inches or 3.22 c.f.s. for irrigation of 300 acres in the E $\frac{1}{2}$, Sec. 36, T. 8 S., R. 18 E., B.M. and 70 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 31, T. 8 S., R. 19 E., B.M.

The record shows that 1/5 of the permit was assigned to Robert C. Conway January 12, 1961 and that 1/5 of the permit was assigned to Robert C. Conway July 10, 1961 which would be 1/5 of the remaining 4/5 in Paul Conway's name, and that 30 inches was assigned back to Paul Conway on January 6, 1964. That means 0.56 c.f.s. would be appurtenant to land in Sec. 31, and 2.66 c.f.s. would be appurtenant to land in Sec. 36. The field examiner reports that 1.0 c.f.s. should be appurtenant to the land in Sec. 31.

If the water should be divided differently than now shown on the permit record, complete the enclosed assignment form and return with the \$0.50 recording fee plus fees shown below.

We can issue one Certificate of Completion of Works and one License and Certificate of Water Right for the statutory fees of \$29.00. The license would show the amount of water to each section. Or we can issue separate certificates to each party for the statutory fees of \$21.00 for Paul Conway and \$13.00 for Robert C. Conway.

Very truly yours,

Dear Sir,

This 320 acre farm that we purchased about a year ago, had 95 shares of water from the Canal, a 40 horsepower motor and pump and four $\frac{1}{4}$ mile sprinkler lines.

We found this inadequate for the 250 acres of good farm land on the place, so have sold the water right and will use the money to finance the well, pump and additional lines.
