John P. Dixon  
Route #1  
Wendell, Idaho

Dear Mr. Dixon:

Returned herewith is your deposition, depositions of witnesses and affidavit of publication in regard to proof of works under your permit.

You did not complete the answer to Question 6, by giving legal description of the land being irrigated.

Mrs. Dixon's letter mentioned that the notice should have been advertised according to the amendment. You applied for and received an approved amendment to the land list which shows irrigation of  $W\frac{1}{2}NW\frac{1}{4}$ ,  $E\frac{1}{2}NE\frac{1}{4}$ ,  $NE\frac{1}{4}SW\frac{1}{4}$ , Sec. 24, T. 7 S., R. 14 E., B. M., approved by Geo. N. Carter, State Reclamation Engineer. We have no record of a change in the point of diversion, which is the location of the well. The notice of the allowance of the Desert Land Entry Idaho No. 09304 shows the same land description as shown on the amended land list.

The advertisement shows the point of diversion in the  $SW\frac{1}{4}SE\frac{1}{4}$ , Sec. 13, to irrigate the land described above. That description of the location of the well is the same as in the permit.

Your affidavit shows the well in the  $E\frac{1}{2}NW\frac{1}{4}$ , Sec. 24. The location must be within one 40-acre tract, or describe the point between the  $NE\frac{1}{4}NW\frac{1}{4}$  and  $SE\frac{1}{4}NW\frac{1}{4}$  where the well is located. You do not show the land irrigated.

The witnesses described land shows  $W\frac{1}{2}NW\frac{1}{4}$  instead of  $W\frac{1}{2}NE\frac{1}{4}$ .

Kindly complete your deposition and have the witnesses change the description of the land irrigated, if in error.

Return all the enclosed after all are correct.

Very truly yours,
