Dear Mr. S. Stranathan:

Statutes requires a field inspection in connection with the proofs on Permit # G-27279 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Monday

July 7, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Mrs. Stranathan:

This acknowledges the depositions of Holder and two Witnesses and the Affidavit of Publication in The Wendell Irrigationist in proof of completion of works and beneficial use under Permit No. G-27279.

Before a permit can be licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to have someone accompany him.

**Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Work}**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. D. Rydalch, Wendell, Idaho, farmer, age 57.

Ques. 2. Are you acquainted with Alma Claudine Stranathan, the holder of Permit No. 27279? How long have you known him and where does he reside?

Ans. No, she resides in Twin Falls, Idaho, and I have known of her. I do know the gentleman who operates the place/and I am familiar with the 80 acres described in Permit No. 27279.

Ques. 3. Have you read or heard read said Permit No. 27279, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water, diverted in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 33, Twp. 8 S. R. 15 E. B.M. conveyed in ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The works will convey the capacity of the pump and I have seen water being so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Capacity of pump installed approximately 80 inches, measured by well digger who installed pump. However, I do not believe it to be quite that much. I do know it will pump the amount stated in Permit No. 27279 to cover the 80 acres.

Gentlemen:

Relative to the Permit No. 27279 of Mrs. Claudine Stranathan of Twin Falls, Idaho, on a well in Gooding County, there seems to be some doubt as to the exact amount of inches or gallons which the pump will deliver, as shown by the enclosed depositions.

However, it has been determined it will pump at least the amount in the permit, but if it is later determined by your representative when he inspects the well that it will pump more than that, Mrs. Stranathan would like to apply for a change showing enough to cover the 80 acres or rather the total capacity of the well.

Sincerely,

Loretta Strickling

Dear Miss Stranathan:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27279, to be made on the 2nd day of June at 2:00 P.M. before Loretta M. Strickling, Notary Public.

As of this date we have mailed the Notice to the Wendell Irrigationist with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, on the date, at the place and before the Notary as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each, and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

RE: Application for Permit

Claudine Stranathan
Box 441
Twin Falls, Idaho

Dear Miss Stranathan:

In reply to your letter of February 24, we enclose an application for Permit to appropriate the subterranean waters of the State of Idaho, together with a pamphlet, which gives regulations and instructions, and, sketch maps in duplicate, which are required to accompany the application. The map is to be drawn by "cross hatch" or color, showing the lands to be irrigated by 40-acre sub-divisions, section number, township, range, and, clearly show the location of the point of diversion (well).

After this application is approved and signed by the Governor and Secretary of State, it will be returned to you as a "Use Permit".

To complete the water right, two proofs are required:- Completion of Works and Application to Beneficial Use, which are made at the same time. Under Question 10- the maximum time allowed for this is five (5) years.

When returning the application to this office, be sure to include the sketch maps in duplicate, and the filing fee, also make sure you have your complete address on the application.
