Dear Mr. May:

As you know, the SRBA Court ordered IDWR to make the ownership change from Clifton A. May to Clifton A. May Family Trust on water rights #36-02322 and 36-15226. Those water right records were modified by us as the Court ordered.

However, without documentation, we could only change the address on your other rights, not the owner. If you choose to change your other water rights to be in the name of the family trust, we require the enclosed ownership change form to be completed and returned.

I have enclosed Adjudication Claim Profile Reports of each of your water rights for your information. Please call me toll-free at 1/800-451-4129 if you have any questions or concerns.

RE: Permit No. G-26865
Clifton A. May

Joe Shirley Agency
Jerome, Idaho

Dear Mr. Shirley:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the First Segregation News, all submitted in proof of completion of works and beneficial use on Permit No. G-26865.

Before final action in the matter is taken, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

The depositions were signed August 10 instead of June 2 as shown in the legal notice. We will accept your affidavit that your office was open June 2 and that no protests were received. You should caution all holders of permits that they should make the depositions on the date and at the place shown in the legal notice.

You submitted original and one copy of the depositions. Only the original is required and use of additional copies only increases the costs of operating this office.

Very truly yours,

RECEIVED
APR 30 1962

Department of Reclamation

Attention: Edna P.Rule:

Dear Mrs.Rule:

Referring to my telephone conversation with you,
and your letter of the 26th;

There seems to have been a mix-up in my office
regarding the proof of Clifton A.May.

On receipt some time ago of your Form 36 in connection with Permit No.G 26865, I forwarded Form 11, to Mr.Clifton A.May at Heyburn, and it was not returned until yesterday, April 26th. In my file had a notation that publication would be made in the First Segregation News, the last publication being April 26th. The date of hearing has been set for April 28th.

I called the newspaper office at Hazelton, and he stated publication had been made and said he would send me the affidavit, which he did. However, this is the affidavit of publication of notice under Permit No.G.26837; the original of which has been sent to your office, and is waiting for a field inspection. No publication has yet been made under Permit G-26865.

Enclosed is Form No.11, signed by Mr.Clifton A.May assignee of Clarence R.Hulse; and Form No.36, in duplicate, setting the date of hearing as June 2nd.1962, on the assumption that you can arrange for the first publication to be made in the May 10th issue.

I hope I have made this clear. I might add that the field examination under Permit No.26837 can be held up, and made in conjunction with the pending proof, as the lands are adjoining under both permits.

Assignment of all right by Clarence R.Hulse, is also enclosed.

Yours truly,

Joe Shirley

Dear Sir:

Following our telephone conversation, we checked the records of this office and we have no proof that the Notice of Publication was ever advertised in the First Segregation News.

If this was sent to the newspaper directly and advertised for four consecutive weeks prior to the date set for making proof, and the Notice was correct, you may use the enclosed depositions of holder and two witnesses for making the proof. However, if there was an error in publication it will have to be re-published, and proofs taken at a later date.

After this do not mail the publication directly to the newspaper, but follow the instructions given in the cover letter, mailing them back to this office before publication is made.
