Re: Permit No. G26720 and Permit No. G28306.

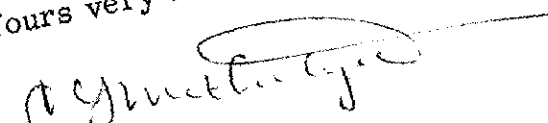

Dear Mr. Bosch:

Messrs. Lloyd Miller and Helmut Moss are dividing their real property. Mr. Miller will own the lands irrigated by the well authorized under Permit No. G26720. Mr. Moss will acquire the lands irrigated under Permit No. G28306.

Are both permits now in the form of a water license? What are the requirements of your office to transfer the interests of the party one to the other? Would you advise me of the lands irrigated by G28306?

Thank you for your assistance in this matter.

Yours very truly,

Re: Permit Nos. G-28208 and G-28720

Dear Mr. Bosch:

I believe I have the above two permit numbers correct for two deep irrigation wells, although the second permit number may be G-26720. I believe the two permits were obtained by Lloyd H. Miller and Helmut Moss. These gentlemen are in the process of dividing their farm lands. We wish to know if licenses have been obtained under these two permits and if so, the license number, the inches or cubic feet of water under each permit or license, and the description of the real property to which the permits or licenses are appurtenant.

Any assistance you can give us will be most appreciated. The lands are located in Gooding County, Idaho, and are found in Township 9 South, Ranges 15 and 16 East, Boise Meridian.

Sincerely,

C. G. MCINTYRE

Mr. Ralph W. Thomas, Deputy:

Dear Sir:

I am enclosing Assignment of Permit, as above, from Mr. Thrall to H. Moss and Lloyd Miller, of Twin Falls, Idaho.

The land affected by the Permit was deeded to these gentlemen after Mr. Thrall received his Patent from the Federal Government. Mr. Thrall was not aware of the necessity to make proof under this permit.

I have talked with Mr. Miller, at Twin Falls, and am advised that both he and Mr. Moss will be able to make proof as soon as publication can be made. Dear Mr. Thrall:

Returned is the notice mailed to you November 1, 1961 which you returned with note on the back.

We are glad that you have proved up on your Desert Land Entry however this notice was sent to you so you would not be the one to leave the link out of the chain.

To obtain a permanent water right under your Permit it is necessary that you complete the forms sent to you with the notice. Your Desert Land Entry was allowed December 9, 1958. If you have not completed the construction of your distribution system and irrigated all of the land which you intend to irrigate, you may request an extension of time for the proofs and an extension can be given to December 9, 1963. The forms must be completed, the legal notice must be published and the depositions must be made or your permit will be cancelled.

Kindly advise at your earliest convenience.

Very truly yours,
