**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10 a.m., on the 21 day of Aug., 1961, at Wendell, County of Gooding, State of Idaho, before Loretta Strickling, Notary Public, at Wendell, Idaho, proof will be submitted of the completion of works for the diversion of 2.5 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26504, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Marvin L. Andersen, Route No. 2, Jerome, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying

to the place of use is 2.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.5 cubic feet per second.

4. The point of diversion of said water is SW 1/4 of the NE 1/4 of Section 6, Twp. 8 S., Rge 16 E., B. M., County of Gooding.

5. The place where said water is used is Fr. NE 1/4, All NE 1/4 NW 1/4, and Fr. S 1/2 NW 1/4, Sec. 6, T. 8 S., R. 16 E., B. M.

6. The date of priority which said user is prepared to establish is August 20, 1956.

Priority August 20, 1956

THIS IS TO CERTIFY that MARVIN L. ANDERSEN
of Jerome, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 20, 1956; that Permit No. G-26504
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.3 second feet, was issued thereunder on August 7, 1962, showing that said works
were completed on the 21st day of August, 1961; and that on the 21st
day of August, 1961,

MARVIN L. ANDERSEN

of Jerome, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-26504 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
12 of Licenses at page 7377, on the 7th day of August, 1962;

The right hereby confirmed dates from August 20, 1956;

The Point of Diversion is located

in the SW 1/4 NE 1/4, Sec. 6, Tp. 8 S., R. 16 E., B. M. Gooding County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.3 cubic feet per second.

Description and location of use:

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34391
 Permit No. G- 26504
 District No.

Marvin L. Andersen
 Jerome, Idaho

1. Name of Applicant: MARVIN L. ANDERSEN
 Postoffice address: Jerome County: Jerome State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. $2\frac{1}{2}$ cu. ft. or Idaho
 Miners' inches or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: underground
4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 6
 Twp. 8 S , Rge. 16 E , B.M., County of Gooding
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: pump, well, and irrigation ditches
8. Estimated cost of works: \$ 5,178.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 117.94 shares for the above land in the North Side Canal Company
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Re: Permit No. G-26504

Marvin L. Anderson
Rt 2
Jerome, Idaho

Dear Mr. Anderson:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26504 shows the well is (~~xxx~~) capable of conveying 115 miner's inches, or 2.30 c.f.s. of water for the irrigation of 130 acres.

Upon receipt of the statutory fees, totaling \$ 17.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 12.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of August 20, 1956 to the use of 2.30 second feet of subterranean water with the point of diversion in the SW¹/₄NE¹/₄, Sec. 6 for irrigation of 130 acres in the NE¹/₄NE¹/₄, S¹/₂NE¹/₄, NE¹/₄NW¹/₄, S¹/₂NW¹/₄, Sec. 6, T. 8 S., R. 16 E., B.M.

Very truly yours,

Permit No. G-26504

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Marvin L. Andersen, Jerome, Route #2, Idaho

2. Source of water supply: subterranean

3. Location of point of diversion: Is in the SW¹/₄ NE¹/₄ of Section 6

T. 8 S. R. 16 E County of Gooding

4. Describe works as they exist, giving dimensions and capacities of same: H.P. Case

Motor # 4403720 Holo shaft + Gear Drive 50 HP # 1243631

Layne ? Bomb pump # 28749 900 gpm @ 170' head @ 1720 RPM

8" discharge into open ditch 8" x 190' column 14" x 6' casing

h: 160' well depth 193' DD NONE

5. Water is used for: irrigation

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE¹/₄ NW¹/₄, S¹/₂ NE¹/₄, S¹/₂ NW¹/₄, Sec. 6, T. 8 S., R. 16 E., B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. L.A. Murphy along

Measurement was made with Cippolletti weir
.49 over 2' weir or 11.5 inches

This examination was made on the 12th day of July, 1962

(Signed) Ron Heberger

Examiner.

G26504

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Andersen:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Wendell Irrigationist, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

RECEIVED

AUG 25 1961

Department of Reclamation

Wendell, Idaho
August 23, 1961

State of Idaho
Department of Reclamation
Boise, Idaho

Gentlemen:

You will find enclosed the following papers in connection with proof of application of water to beneficial use under Permit No. 26504 for Marvin L. Andersen, Rt. 2, Jerome, Idaho.

Affidavit of Publication in the Wendell Irrigationist;
Deposition of Holder--Marvin L. Andersen;
Deposition of Witness--James Wildman, Rt. 2, Jerome;
Deposition of Witness--LaVern Murphy, Rt. 2, Jerome; and
Well Log completed by C. B. Eaton & Sons, Wendell, Idaho.

Will you please let Mr. Andersen know when a representative from your office is ready to make the personal inspection.

In connection with these papers I have noticed the publication description says "Fr." in two places which I am sure was meant to be "Pr." or "Pt." for the word part. However, in checking the description on the paper received by the newspaper, the description is typewritten and definitely says "Fr". Actually the water was used on a part of the NE $\frac{1}{4}$ and on a part of the S $\frac{1}{2}$ NW $\frac{1}{4}$. You will notice, also the publication was for 2.5, whereas only 1.7 has been pumped and used because of the size of the pump motor. We have assumed these two items will not invalidate the proceedings.

Thank you.

Sincerely,

Loretta M. Strickling

Permit No. 26504

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Marvin L. Andersen, residence and P. O. Address: Rt. 2, Jerome, Idaho,
occupation: farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 26504, date of Permit August 23, 1956, Priority date August 20, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground, diverted in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, of Section 6, Twp. 8'S. R. 16'E.B.M.,
Gooding County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well, pump & motor, ditches. Depth of well 195 Ft., depth and size of casing 16 in. casing down to 10 ft., Depth to water 168 ft. Discharge of pump is 1.7 cu. ft. per second, with present motor, and I measured it with a water weir in presence of the two witnesses.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation, on cultivated land, improvements are new and better ditches and improved crops. Used on Approx. 46 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, approx 35 acres on the SW $\frac{1}{4}$ NE $\frac{1}{4}$, approx 21 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and 18 acres (approx.) in the N $\frac{1}{2}$ NE $\frac{1}{4}$, all in Section 6, Twp. 8'S. R. 16'E.B.M., Gooding County, Idaho.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. C. B. Eaton & Sons, Wendell, Idaho, drilled the well and installed the pump.

26504

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. At least the 1.7 cu. ft. per second now being pumped, and more.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since June 20, 1961, I have used the 1.7 cu. ft. per second pumped from said well, through the ditches, on all of said land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have also used on said land 117.94 shares of water from the North Side Canal Company.

(Sign) *Marvin L. Andersen*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Wendell, County of Gooding,

State of Idaho, on this 21st day of August, A. D. 1961.

BOISE, IDAHO

Department of Reclamation

Permit No. 26504

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James Wildman, age 34, Rt. 2, Jerome, Idaho, farmer

Ques. 2. Are you acquainted with Marvin L. Andersen, the holder of Permit No. 26504? How long have you known him and where does he reside?

Ans. yes. He resides on Rt. 2, Jerome, Idaho, and I have known him for three years.

Ques. 3. Have you read or heard read said Permit No. 26504, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground, diverted in the SW¹/₄ NE¹/₄ of Section 6, Twp. 8 S., R. 16 E., B.M., Gooding County, Idaho, works are well, pump and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen said works conveying 1.7 cu. ft. per second (the present capacity of the motor), and they are capable of conveying this amount and more.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump delivers 1.7 cu. ft. per second with the present motor, and I have seen it so deliver, and I helped measure this water with a water weir.

26504

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation. Cultivated land and improvements have been new and better ditches and improved crops. Approx. 46 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, approx. 35 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, approx. 21 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and 18 acres (approx.) in the N $\frac{1}{2}$ NE $\frac{1}{4}$, all in Section 6, Twp. 8 S. R. 16 E.B.M., Gooding County, Idaho

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is sandy loam, and at least the capacity of the pump and more is needed for good irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since June 20, 1961, I have seen the 1.7 cu. ft. per second being carried by said ditches and used on all of the above described land.

(Signed)

James Wildman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Wendell, County of Gooding, State of Idaho, on this 21st day of August, A. D. 1961.

P26504

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 26504

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. LaVern Murphy, age 34, residence and P. O. address: Rt. 2, Jerome, Idaho, occupation farmer.

Ques. 2. Are you acquainted with Marvin L. Andersen, the holder of Permit No. 26504? How long have you known him and where does he reside?

Ans. Yes, and I have known him for eight years, and he resides Rt. 2, Jerome, Idaho.

Ques. 3. Have you read or heard read said Permit No. 26504, and are you familiar with its provisions and conditions?

Ans. yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground, diverted in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 6, Twp 8 S. R. 16 E.B.M., Gooding County, Idaho, works are well, pump, and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen said works conveying 1.7 cu. ft. per second (the present capacity of the pump), and they are capable of conveying this amount and more.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The pump delivers 1.7 cu. ft. per second with its present motor and I have seen it so deliver, and I helped measure this water with a water weir.

26504

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation. Cultivated land and improvements have been new and better ditches and improved crops. Approx. 46 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, approx. 35 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, approx. 21 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and 18 acres (approx.) in the N $\frac{1}{2}$ NE $\frac{1}{4}$, all in Section 6, Twp 8 S. R. 16 E.B.M., Gooding County, Idaho

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is sandy loam, and at least the capacity of the pump and more is needed for good irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since June 20, 1961, I have seen the 1.7 cu. ft. per second being carried by said ditches and used on all of the above described land.

(Signed)

Lester Murphy

**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10 a.m., on the 21 day of Aug., 1961, at Wendell, County of Gooding, State of Idaho, before Loretta Strickling, Notary Public, at Wendell, Idaho, proof will be submitted of the completion of works for the diversion of 2.5 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26504, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Marvin L. Andersen, Route No. 2, Jerome, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying

to the place of use is 2.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.5 cubic feet per second.

4. The point of diversion of said water is SW 1/4 of the NE 1/4 of Section 6, Twp. 8 S., Rge 16 E., B. M., County of Gooding.

5. The place where said water is used is Fr. NE 1/4, All NE 1/4 NW 1/4, and Fr. S 1/2 NW 1/4, Sec. 6, T. 8 S., R. 16 E., B. M.

6. The date of priority which said user is prepared to establish is August 20, 1956.

Mr. Marvin L. Andersen,
Route #2,
Jerome, Idaho.

Dear Mr. Andersen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-2 6504. The proofs are to be made at 10:00 o'clock A.M., on the 21st day of August, 1961, ~~1959~~, before Loretta Strickling, Wendell, Idaho, Notary Public.

As of this date we have mailed the Notice to the Wendell Irrigationist with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Re: Permit No. G-26504

Marvin L. Anderson
Route #2
Jerome, Idaho

Dear Mr. Andersen:

The Wendell Irrigationist has notified this office that the legal notice that you were to make proof of completion of works and beneficial use of the water at 10:00 A. M. on the 4th day of August, 1961, was not received. The notice was mailed June 28th to the paper.

Enclosed is original and copy of a new notice with the first lines blank. You should go to the Notary Public to check whether he will be in his office and insert a new time, with name of Notary and address on both copies. The time must allow for four weekly issues of publication prior to the time of making the proof. You will note that the land list has been shortened, however it is sufficient.

You may take the original to the paper and return the copy to this office.

This mix up will make no difference in priority of your water right.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

JUN 27 1981
RECEIVED
JUN 28 1981

State Reclamation Engineer,
Baise Idaho.

Department of Reclamation

Dear Sir;

Enclosed are the forms ~~you~~
sent for proof of an well water
site.

I talked to Mrs. Staichling this
morning & she suggested that I
go ahead & fill them out & send a
letter along with explanations.

To start with we only got this
well in operation on June 22 of
this yr. Due to the prohibitive cost
of getting power in to it we could
not get financing to get it going.
So to meet this yrs. emergency of
water shortages we have put on
a Propane engine as a temporary
set up & hope the power line will
be in by next yr. This old propane
engine will only pump between
 $1\frac{1}{2}$ ft. & $1\frac{3}{4}$ ft. but the pump
itself is capable of the full $2\frac{1}{2}$ ft

if powered by a larger motor.

If it has to be pumping the full $2\frac{1}{2}$ feet to pass approval for that amount, could we get a yr. or two of time extension on this permit to allow us to get the larger motor on & pump the full amount of water? If this isn't needed then we'd like to go ahead now & get the final papers on the Well.

Will you please advise us on this matter.

Sincerely,
Mrs. Marvin Andersen

Re: Permit No. G- 26504

Date: June 1, 1961

Marvin L. Anderson
Jerome, Idaho

Dear Mr. Anderson:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 26504 are due not later than August 23, 1961.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Enclosures Form 36 - 11

26504

October 31, 1956

RE: Permit No. G-26504

Mr. Marvin L. Andersen
Jerome
Idaho

Dear Mr. Andersen:

In answer to your letter of October 23 in which you state that you cannot abide by the terms of the Permit by starting your work on or before October 23, 1956, according to the terms of the Permit under the sixty day clause.

We wish to state that under the statutes, we have no way of extending the time for taking care of this special clause under the terms of the Permit. We will state, however, that this department does not police this provision of the Permit stating that work will have to be commenced within sixty days after the date of approval. As far as this Department is concerned, you will not be requested to furnish any proof until the time when your completion of works and beneficial use proofs are due. The only way you might get into difficulty by not following this sixty day clause and begin your work by October 23, is by some other water user who has land close to you and has a later priority than yours and the water in his well may in some way be affected by the water in your well. He might request a cancellation of your Permit due to the fact that you did not live up to the sixty day clause. However, the only risk that you will be taking in not starting your work by October 23, is from a protest from some other water user who thinks the water in his well might be affected by the water in your well.

We might state that there are a good many applicants who do not live up to the sixty day clause in their permit due to various causes, not being able to get a well driller, not being able to get supplies, etc. However, we do not think that your risk will be very great in not complying with the sixty day clause.

Attention of Mr. Mark R. Kulp
State Reclamation Engineer

Dear Sir:

On August 23, 1956, you issued to me Permit No. G26504 to appropriate underground waters and the Approval specifies that the work is to begin on or before October 23, 1956.

Due to circumstances beyond our control, we are unable to begin the actual digging of the well at the present time. We have applied for a loan to help us with the financing of the well and do not know now whether or when this will be completed or whether other arrangements for financing will have to be made.

We would appreciate it if you will extend the time of October 23, 1956, for several months, or until we can get these matters of finance settled. We do not need the time for completion extended but we surely do need the time for beginning the work extended.

Anything you can do to help us in the extension will be greatly appreciated.

APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10 a.m., on the 21 day of Aug., 1961, at Wendell, County of Gooding, State of Idaho, before Loretta Strickling, Notary Public, at Wendell, Idaho, proof will be submitted of the completion of works for the diversion of 2.5 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26504, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Marvin L. Andersen, Route No. 2, Jerome, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying

to the place of use is 2.5 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.5 cubic feet per second.

4. The point of diversion of said water is SW 1/4 of the NE 1/4 of Section 6, Twp. 8 S., Rge 16 E., B. M., County of Gooding.

5. The place where said water is used is Fr. NE 1/4, All NE 1/4 NW 1/4, and Fr. S 1/2 NW 1/4, Sec. 6, T. 8 S., R. 16 E., B. M.

6. The date of priority which said user is prepared to establish is August 20, 1956.

Geo. N. Carter
State Reclamation Engineer
