Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The works consist of a well drilled to a depth of 525', water stands at 380'.
This is a 20" hole, cased 20". It is equipped with a 300 hp pump & motor and I also have
a 75 hp booster pump. The irrigation is by sprinkler system with 5/8 mile of mainline,
5 1320' laterals. Operating pressure is 60 lb. There are 33 heads on each lateral,
nozzles are 11/64". The pump was measured by the pump company at 300".

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of the following: T10S-R20E., Sec. 15, NW1/4,
40 acres; SW1/4, 40 acres; NE1/4, 30 acres; SE1/4, 40 acres; SW1/4, 20 acres;
Sec. 16, NE1/4, 40 acres; SE1/4, 40 acres; SW1/4, 40 acres; NW1/4, 40 acres;
NE1/4, 40 acres; SE1/4, 40 acres; NW1/4, 40 acres; SW1/4, 40 acres. This is
all cultivated land. I have spent at least \$22,000 in this development.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. The well was drilled by Richard McClure of Kimberly, Idaho.

G26400

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. All the water now being used is necessary for the irrigation of this land.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. This permit was originall in the name of Ramona Garechana but was assigned to me.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The development was started in 1956 and has been continuous.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26400, in the name of Madora Mechan. Final Proof is to be made before you, as Notary on the 19th day of June, 1961, ~~1960~~ at 10:30 o'clock A.M., at 618 Idaho Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the First Segregation News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Harley M. McDowell
Boise, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 26400 are due not later than June 20, 1961

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,
