Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by yourself and two disinterested witnesses in making these proofs.

Very truly yours,
