RE: Permit No. ~~G-25694~~
Mary K. Humphrey
License No. G-24804

Elmer N. Humphrey
1605 Colorado Avenue
Boise, Idaho

Dear Mr. Humphrey:

We have received the report of the field examiner of the works under Permit No. G-25694.

The report shows that the well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 28, T. 9 S., R. 21 E. produces 153 miner's inches or 3.06 c.f.s. to irrigate 520 acres in the S $\frac{1}{2}$ N $\frac{1}{2}$, S $\frac{1}{2}$, Sec. 28; SE $\frac{1}{4}$, Sec. 29; N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 32, NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 33.

License No. G-24804 has been issued for 4.44 c.f.s. from the irrigation well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and domestic well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28 to irrigate 360 acres in Sec. 28, all of the land in said section mentioned above.

The examiner's note shows that you want this water, 3.06 c.f.s., appurtenant to all the land, 520 acres. Proportioned equally, you would have about 0.9 inch per acre for land in Sec. 28 and under 0.3 inch per acre for other lands; 75% to the other lands and 25% to Sec. 28 would result in approximately 0.7 inch per acre for all the land.

Upon payment of the statutory fees totaling ^{19.00}~~\$25.00~~ the Certificates of Water Right will be issued according to your wish in regard to distribution of water.

You could also distribute this water equally and transfer place of use under License No. G-24804.

Very truly yours,

GEO. N. CARTER

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Thomas:

Answering your letter of July 30, which was received today, in regard to water rights on the NW $\frac{1}{4}$ of Section 17 and the E $\frac{1}{2}$ of Section 8, T8N-R33E, we enclose two forms for assignment of permit.

Permit No. G-25697 - Gloria Hegsted - License can be issued for 2.6 c.f.s. from a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 8 for irrigation of 158 acres in the SE $\frac{1}{4}$ of Section 8, T8N-R33E upon receipt of \$13.00 statutory fees.

Permit No. G-25698 - Victor O. Hegsted, Jr. License can be issued for 3.14 c.f.s. from a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 8 for irrigation of 157 acres in the NE $\frac{1}{4}$ of Section 8, T8N-R33E upon receipt of \$13.00 statutory fees. This well same under G-25697.

Permit No. G-30962 in the names of Bert L. Bybee & Walter J. Thomas, claims 6.4 c.f.s. from a well in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 17 for irrigation of the N $\frac{1}{2}$ of Section 17, T8N-R33E. Proofs are due February 12, 1968. Permit shows each of the holders to have $\frac{1}{2}$ interest in the well. The permit was mailed to Mr. Bybee.

The first two permits shown above are subject to cancellation for failure to pay the fees. You may remit the fees and the certificates will be completed in the name of present owners or you may obtain assignment of each permit and file in this office with extra fee of \$0.50 for recording of each permit or a total of \$27.00.

You can make the proofs under G-30962 either with Mr. Bybee or separately. Forms will be sent on request.

Very truly yours,

RALPH W. THOMAS

RE: Permit No. G-25694
Mary K. Humphrey
License No. G-24804

Elmer H. Humphrey
1605 Colorado Avenue
Boise, Idaho

Dear Mr. Humphrey:

We have received the report of the field examiner of the works under Permit No. G-25694.

The report shows that the well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 28, T. 9 S., R. 21 E. produces 153 miner's inches or 3.06 c.f.s. to irrigate 520 acres in the SW $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 28; SW $\frac{1}{4}$, Sec. 29; NW $\frac{1}{4}$, Sec. 32, NW $\frac{1}{4}$, Sec. 33.

License No. G-24804 has been issued for 4.44 c.f.s. from the irrigation well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and domestic well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28 to irrigate 360 acres in Sec. 28, all of the land in said section mentioned above.

The examiner's note shows that you want this water, 3.06 c.f.s., appurtenant to all the land, 520 acres. Proportioned equally, you would have about 0.9 inch per acre for land in Sec. 28 and under 0.3 inch per acre for other lands; 75% to the other lands and 25% to Sec. 28 would result in approximately 0.7 inch per acre for all the land.

Upon payment of the statutory fees totaling ^{19.00}\$25.00 the Certificates of Water Right will be issued according to your wish in regard to distribution of water.

You could also distribute this water equally and transfer place of use under License No. G-24804.

Very truly yours,

Dear Mrs. Humphrey:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Northside News, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mrs. Humphrey:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25694. The proofs are to be made at 10:30 o'clock A.M., on the 31st day of July, 1961, ~~before~~ before Joe Shirley, Jerome Abstract & Title Co., Jerome, Notary Public.

As of this date we have mailed the Notice to the Northside News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Application for Amendment

LAND LIST

Permit No. G-25694

Comes now Mary K. Humphrey, and represents to the STATE RECLAMATION ENGINEER of the State of Idaho:

That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25694, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

S¹/₂ NE¹/₄ Sec. 28; SE¹/₄ Sec. 29; NE¹/₄ Sec. 32; NE¹/₄ Sec. 33 all in T9S, R21E BM

, making a total of 880 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho this 19th day of June, 1961

Mary K. Humphrey by E. M. Humphrey

Date of receipt at office of Department of Reclamation June 19, 1961

APPROVAL OF STATE RECLAMATION ENGINEER

RALPH W. THOMAS, Deputy

I, GEORGE N. GABLER, State Reclamation Engineer of the State of Idaho, hereby approve

the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-25694. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re. Permit G-25694

Dear Mr Carter:

I am writing to request an extension of time for both completion of works and beneficial use on my permit, to the amount of time that I was prevented from going onto my Desert Entry by the B.L.M..

My permit is dated May 24, 1955. I received notice of allowance on my Desert Entry on August 8, 1956.

The reason for this request is that the development is not yet fully complete.

Your truly,

Mary K. Humphrey

Boise, Idaho

Dear Mrs. Humphrey:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25694 are due not later than **May 24, 1960.**

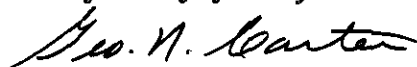

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
