NOTICE OF PROOF OF COM- PLETION OF WORKS and AP- PLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 14th day of
January, 1960, at Rupert, Coun-
ty of Minidoka, State of Idaho,
before Floyd Fruit, Notary Pub-
lic, at (address) Rupert, Idaho,
proof will be submitted of the
completion of works for the di-
version of 1 3/5 cubic feet per
second of underground water
from a well, and of the applica-
tion to beneficial use of said wa-
ter, in accordance with the
terms and conditions of Permit
No. G25628 heretofore issued by
the Department of Reclamation
of the State of Idaho.

1. The name and postoffice
address of the person or corpora-
tion holding said permit is
Verla N. Butler, Route No. 4,
Rupert, Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use is 1 3/5 cubic
feet per second.

3. The use to which said wa-
ter has been applied is irriga-
tion purposes, and the amount
applied to beneficial use is 1 3/5
cubic feet per second.

4. The point of diversion of
said water is NW 1/4 of the SW 1/4
of Section 2 Twp. 8S. Range 25E
B.M. of Minidoka County.

5. The place where said water
is used is W 1/2 of the SW 1/4 of
Section 2 Twp. 8S. Range 25E
B.M. of Minidoka County.

6. The date of priority which
said user is prepared to estab-
lish is April 20, 1955.

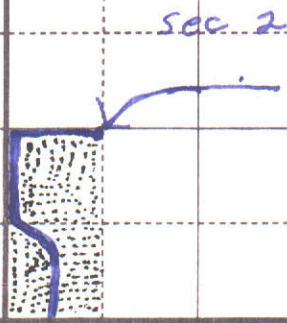

GEO. N. CARTER, State
Reclamation Engineer.

Water District No. _____

Priority April 20, 1955

THIS IS TO CERTIFY that VERLA N. BUTLER
of Rupert, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated April 20, 1955; that Permit No. G-25628
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on April 20, 1955, showing that said works
were completed on the 14th day of January, 1960; and that on the 14th
day of January, 1960,

VERLA N. BUTLER

of Rupert, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-25628 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
13 of Licenses at page 8071, on the 11 day of January, 1965;
The right hereby confirmed dates from April 20, 1955;

The Point of Diversion is located
in the NW 1/4 SW 1/4, Sec. 2, Tp. 8 S, R. 25 E, B. M. County Minidoka

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.6 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
8 S	25 E	2	W 1/2 SW 1/4	80	80

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
11th day of January, 1965.

(Signed) Ron Weber Examiner.

25628

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Miss Butler:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in The Minidoka County News, all submitted in proof of completion of works and beneficial use on the above mentioned Permit.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Department of Reclamation

Permit No. G. 25628

Proof of Application of Water to Beneficial Use
————— and Completion of Works
Deposition of Holder
—————

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ✓ Verla N. Butler, residing at rural district, near Acequia
Minidoka County, Idaho, 375 N. & 375 E., occupation, farming & housewife

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G 25628, dated May 3rd 1955, priority date April 20, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well, located on the north edge of the NW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 2, T 8 S R 25 E B M

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is pumped into basin adjoining well, and delivered by
laterals and ditches from that source to lands immediately
surrounding well in the W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 2, T 8 S R 25 E B M, depth of
well 265 feet, size of casing 16", depth to water 218 feet
Discharge of well 1.6 cub.feet, or 80 inches

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. irrigation only, 30 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$ and 35 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$
Sec. 2, T 8 S R 25 E B M, cultivated lands, improvements
constitute well and pumping equipment and ditches and
laterals for irrigation of lands

25628

✗

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. none - irrigation only

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.6 cubic feet, or 80 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used during irrigation season of 1959 to crop 65 acres,
grain, beans, oats, potatoes, about 15 ac. new seeding
within the W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 2, T 8 S R 25 EBM

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

Permit No. G 25628

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Randall L. Allen, age 35, residence Route # 4 Rupert, Minidoka
County, Idaho, occupation powerhouse operator, Rupert, Route # 4 Idaho

Ques. 2. Are you acquainted with Verla N. Butler, the
holder of Permit No. G 25628? How long have you known him and where does
he reside?

Ans. Have known her about 15 yrs; places of residence rural
near Acequia, Minidoka County, Idaho

Ques. 3. Have you read or heard read said Permit No. G 25628, and are you
familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterreanean well, diverskon is on north line of NW $\frac{1}{4}$ SW $\frac{1}{4}$
Sec. 2, T 8 S R 25 E B M

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 1.6 cubic feet and have observed well delivering 80 inches
of water

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 1.6 cubic feet, 80 inches, estimate discharge of the
outlet by experience with irrigation water

D25628

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. entirely for irrigation of lands within the W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 2,
T 8 S R 25 E B M, lands farmed in 1959 about 65 acres row crop
and small area of new seeding

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. irrigation only

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is Portneuf silt loam and will require one inch
per acre to properly irrigate the lands.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have worked on the premises and have seen application of
irrigation during quite a bit of the 1959 irrigation season

(Signed) Randall L Allen

RECEIVED
JAN 1 5 1960
Department of Reclamation

Permit No. G 25628

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lee E. Stewart, age 34, residence Minidoka, Idaho,
occupation farmer, Minidoka, Idaho

Ques. 2. Are you acquainted with Verla N. Butler, the holder of Permit No. G 25628? How long have you known him and where does he reside?

Ans. March 1st 1959, she lives rural, Acequia, Idaho,
375 E. & 375 N. Minidoka County, Idaho

Ques. 3. Have you read or heard read said Permit No. G. 25628, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean Well, place of diversion, north side of the
NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 2, T 8 S R 25 E B M

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.6 cubic feet and have seen well delivering said amount

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 1.6 cubic feet, by estimate of my experience with irrigation
streams

J 25628

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. entirely for irrigation of of lands within the NW $\frac{1}{4}$ SW $\frac{1}{4}$
and SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 2, T 8 S R 25 E B M; farming
season of 1959, about 65 acres, row crops 50 acres,
new seeding to alfalfa 15 acres

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. irrigation only

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Water is to be used on 80 acres, and lands will require
about 80 inches

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I reside on adjoining lands and have seen application of
water to beneficial use during all of irrigation season of 1959

(Signed) Lee E. Stewart

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Rupert,

Re: Permit No. G-25628

Verla N. Butler,
Route #4,
Rupert, Idaho.

Dear Mrs. Butler:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25628. The proofs are to be made at 10:00 o'clock A.M., on the 14th day of January, 1960, ~~1959~~, before Floyd Fruit, Rupert, Idaho, Notary Public.

As of this date we have mailed the Notice to the Minidoka County News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

WHEREAS, Permit No. G-25628 in the name of Verla N. Butler requires proofs of completion of works and beneficial use to be made on or before May 3, 1959; and,

WHEREAS, said Permit was issued in connection with Desert Land Entry Idaho Serial #05957; and,

WHEREAS, applicant was prevented from proceeding with construction pending allowance of said Desert Land Entry, which was not allowed until May 9, 1956;

NOW, THEREFORE, an Extension of Time is allowed for Completion of Works and Beneficial Use Proofs on Permit No. G-25628 to May 9, 1961, or the length of time applicant was prevented from proceeding pending allowance of her Desert Land Entry and a similar extension is allowed for every other act required under the terms and conditions of Permit No. G-25628.

Signed at Boise, Idaho, this 31st day of March, 1959

STATE RECLAMATION ENGINEER

[25628

March 59

Dept. of Reclamation
Room 107, State House
Boise, Idaho.

RECEIVED
MAR 3 11 1959

Department of Reclamation

Dear Sir:

In answer to a letter received from your office dated Mar. 5, 1959 and signed by Geo. D. Carter, State Reclamation Engineer, requesting proofs of completion of works and application of water to beneficial use, I hereby submit an application for 6 mo. extension of time, due to the fact that the works are not yet completed.

I fully expect to have the well drilled and pump installed ready for use by May. Until such time, it will be impossible to apply water to beneficial use.

I was issued a permit dated

825628

May 3, 1955, but did not re-
ceive my desert land allowance
until May 9, 1956, therefore
I was not able to act on that
permit ~~until~~ for that year, so
I feel it is not out of order to
request an extension, as I have
one year left on my desert land
allowance.

May I hear from you
concerning this request?

Sincerely,

Verla J. Butler

RE: Permit No. G-25628

Date March 5, 1959

Verla N. Butler

Route #1

Rupert, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-25628 are due not later than May 3, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

State Reclamation Engineer

Dear Madam:

We have filed your application for permit to appropriate 80 inches of water from a well in the NW¹SW¹ Section 2, Township 8 South, Range 25 East B.M.

We note your request that we send the necessary information to the Bureau of Land Management as this filing is made in connection with a Desert Land Entry.

For your information, will say that the Bureau of Land Management will require two copies of this Permit, one of which must be certified. It has been our custom to furnish these copies at a cost of \$2.00 and to send them direct to the Land Office. If you wish us to furnish these copies, please send us your check for the additional \$2.00.

Very truly yours,
