ATTENTION: Mr. Sylvester M. Heiner

Dear Mr. Heiner:

We acknowledge receipt of your letter of February 11th, in regard to the Permits above captioned.

If your request for an Extension of Time on these Permits had been received in this Department before November 27, 1956, the date the Proofs were due, the Extension of Time could have been approved but, an Extension of Time is not possible at this late date. Therefore, it becomes necessary for you to make Proof of Completion of Works and Beneficial Use as soon as possible if these Permits are to be reinstated.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the notary public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two disinterested witnesses in making these proofs.
