**NOTICE OF PROOF
OF COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at
10:00 A.M., on the 15th day of
March, 1955, at Wendell, County
of Gooding, State of Idaho, before
Pete Petersen, Notary Public, proof
will be submitted of the completion
of works for the diversion of 2

cubic feet per second of the waters
of subterranean flow from a well
and of the application to benefi-
cial use of said water, in accord-
ance with the terms and conditions
of Permit No. G-24970 heretofore
issued by the Department of Re-
clamation of the State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Ezra L.
Casper, Wendell, Idaho.

2. Said works of diversion will
be fully completed on the date set
for such completion, and the a-
mount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 2 cu-
bic feet per second.

3. The use to which said water
has been applied is irrigation pur-
poses, and the amount applied to
beneficial use is 2 cubic feet per
second.

4. The place where said water is
used is NW $\frac{1}{4}$ Section 12, Township 8
South, Range 14 East B.M. and the
well is located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$
of said Section 12.

5. The date of priority which
said user is prepared to establish
is May 25, 1954.

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-32788
Permit No. G- 24970
District No.

1. Name of Applicant: EZRA L. CASPER
Postoffice address: Wendell County: Gooding State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. Two or Idaho
Miners' inches 100 or gallons per minute. 900
 - (b) Annual withdrawal in acre feet per annum 600
3. Source of water supply: Subterranean from a well
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 12
Twp. 8 S. , Rge. 14 E. , B.M., County of Gooding
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, pump and ditches
8. Estimated cost of works: \$ 3,500.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is
years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: There has been no permit granted.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Dear Mr. Casper:

We acknowledge receipt of the corrected depositions of yourself and two witnesses together with the Affidavit of Publication in the Wendell Irrigationist, previously received, which completes your proof of Completion of Works and Beneficial Use on Permit No. G-24970.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Ans. Submerged water through pumps NE Corner NW1/4 Section 12, Township 8S
Range 14, E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A pump is used with 60' to water with a 8 inch discharge and measure
by weir 2' of water. The well casing is 12" in size and 90' deep with
a turbine type pump having a 25hp motor

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation; Two subdivisions one running South; irrigates
five acres other running West irrigates 88 acres cultivated. NE1/4 and NW1/4
and SW1/4 of NW1/4 of Section 12 Township 8S Range 14 EBM. and the SE1/4 of the
NW1/4. The latter part of this discription applies to land in sage brush
and will be irrigated under the same system.

J 24970

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Same

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since May 1953; two feet water; all has been used every day during irrigating season

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Permit No. G-24970

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Spencer H. Peterson; Age 46; Farming; Wendell, Idaho

Ques. 2. Are you acquainted with Ezra L. Casper, the holder of Permit No. G-24970? How long have you known him and where does he reside?

Ans. Yes; one year

Ques. 3. Have you read or heard read said Permit No. G-24970, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Under ground, NE Corner of Place. Ditches are used to carry water from point of division to place of use. NE corner of NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 12, Twp. 8S Range 14 EBM. The well casing is 12" in size and 90' deep with a turbine type pump having a 25 hp motor.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. two second feet

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. two cubic feet

J 24970

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation; one subdivision runs South, irrigates five acres, other subdivision runs west and irrigates 88 acres. NE $\frac{1}{4}$ and NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 12, Twp. 8S, Range 14 EBM and the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$. The latter part of this discription applies to land in sage brush & will be irrigated under the same system.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam; one inch per acre

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live next to applicant and have seen the beneficial use water every day.

RE: Permit No. G-24970

Mr. Ezra L. Casper
Wendell
Idaho

Dear Mr. Casper:

We return the depositions of yourself and your two witnesses in order that they may be completed as follows, (1) Question 5 of your own deposition and Question 4 of the depositions of your two witnesses should give the size and depth of the well and casing and also state the kind and power of the pump. (2) Question 5 of your deposition and Question 7 of the depositions of your two witnesses describe the place of use of the NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, of Section 12 but the Permit includes also the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 12.

Was this 48 acres intentionally omitted?

RE: Permit No. G-24970

Mr. Ezra L. Casper
Wendell
Idaho

Dear Mr. Casper:

We acknowledge receipt of the depositions of yourself and two witnesses submitted in proof of completion of works and beneficial use on Permit No. G-24970.

However, these depositions are incomplete in several particulars and we return them for the following corrections:

1. Question 4 of the depositions of your two witnesses should state the source of water supply, the point of diversion to a legal 40 acre subdivision.
2. Question 6 of your own deposition and Question 7 of the depositions of your two witnesses should give the legal description of the land where the water has been used.

Please make these corrections and return the depositions promptly to this office together with the affidavit of publication which the Wendell Irrigationist was instructed to send you. This affidavit is a necessary part of the proof.

Very truly yours,

RE: Permits Nos. G-24970 and G-23714

Wendell Irrigationist
Wendell
Idaho

Gentlemen:

We have checked the notice in connection with Permit No. G-24970 of Ezra L. Casper appearing in your issue of February 10 and find it to be correct with the exception of one small error.

In paragraph four, two words have been omitted. This line should read as follows:

"The place where said water is used is NW¹ Section 12," etc.

Please make this correction in your subsequent issues.

We note you have not published the notice sent you February 8 on Permit No. G-23714 of Francis E. Hulet. Probably this will start with your next issue.

Very truly yours,

OF COMPLETION OF WORKS
in
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M., on the 15th day of March, 1955, at Wendell, County of Gooding, State of Idaho, before Pete Petersen, Notary Public, proof will be submitted of the completion of works for the diversion of 2 cubic feet per second of the waters of subterranean flow from a well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24870 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Ezra L. Casper, Wendell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2 cubic feet per second.

4. The place where said water is NW $\frac{1}{4}$ Section 12, Township 8 South, Range 14 East B.M. and the well is located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 12.

5. The date of priority which said user is prepared to establish is May 25, 1954.

RE: Permit No. G-24970

Mr. Ezra L. Casper
Wendell
Idaho

Dear Mr. Casper:

We have your letter of June 21 requesting forms and instructions for making proof of completion of works on Permit No. G-24970.

We assume that you are prepared to make proof of completion of works and beneficial use as both proofs are required at the same time under this permit.

Before these proofs are made, the law requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proof may be made at any place convenient for you and your two witnesses but the time must be set sufficiently far ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proofs.

Very truly yours,

MARK R. KULP
